**PRE-ADMISSION HEARING NOTICE**

Whereas you filed a petition for approval of agreement for hiring of 10 MW DG Capacity between Electricity Department, Andaman & Nicobar Administration and M/s Sudhir Ready Genset Consortium under section 86 (1) (b) of Electricity Act, 2003.

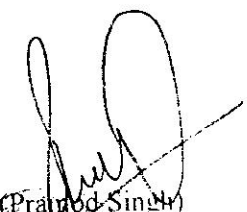

The Commission shall hold a pre-admission hearing at 11:00 AM on 30<sup>th</sup> April, 2013 at Joint Electricity Regulatory Commission (For the State of Goa and Union Territories), 2<sup>nd</sup> Floor, HSIIDC Office Complex, Vanijya Nikunj Complex, Udyog Vihar, Phase V, Gurgaon (Haryana). You are hereby directed to give a Presentation on the petition, so that the following issues may be resolved.

1. How does the generated cost / unit including (Diesel Cost) compare with ED (A&N) own generation from its DG sets and that of IPP by Surya Chakra on like to like basis ( i.e. with and without aux. power consumption)?
2. The Dispatch programme of Power Units so generated, from the DG sets proposed to be hired as in the petitions. Power Units so generated are not reflected in the ARR and Tariff Petition 91/2012 for FY 2013-14, in that case how will these be accounted for?
3. As per ARR & Tariff petition 91/2012 for FY 2013-14, no Power generating / procurement source other than existing units has been indicated, including 5 MW from Solar Plant (if that gets commissioned).
4. What happens if the generation from these hired plants is not utilized?
5. Is there any other DG set that is on hired in Andaman or Nicobar for any location, if so since when are those sets operating and what are the terms of the agreement?

Take notice that, in default of appearance on the day and time above mentioned, the petition will be decided in your absence.

Given under my hand and seal of this Commission this 19<sup>th</sup> March, 2013.
