PETITION NO: OF 2017

IN THE MATTER OF AND IN THE MATTER OF:	:	Petition under Section 62 and 83 (4) of the Electricity Act 2003 read with chapter-II of the Joint Electricity Regulatory Commission (Terms & Conditions for Determination of Tariff) Regulations, 2009 for approval of Tariff for Karaikal Gas Power Station, (32.5 MW) for the period 2018-19.
PETITIONER	:	Puducherry Power Corporation Ltd.(PPCL), #10, Second Cross, Jawahar Nagar, Boomianpet, Puducherry-605 005
RESPONDENT	:	The Superintending Engineer-cum-HOD, Electricity Department, Govt. of Puducherry, 137, NSC Bose Salai, Puducherry – 605 001.

MEMORANDUM OF TARIFF PETITION

MOST RESPECTFULLY SHOWETH:

1.0 The Petitioner herein i.e. the Puducherry Power Corporation Ltd. (PPCL) is a Government of Puducherry undertaking and is a Government Company within the meaning of the Companies Act, 1956. Further, it is a "Generating Company" as defined under Section 2(28) of the Electricity Act, 2003.

- **2.0.** The Puducherry Power Corporation Ltd was incorporated on 30.03.1993 with the objective of generating 32.5 MW of Electricity (22.9 MW from gas turbine and 9.6 MW from Steam turbine) at Karaikal which is one of the outlying regions of Union Territory of Puducherry. The required gas of 1.91 lakhs cu.m of gas per day is obtained from the gas wells at Narimanam in the Cauvery basin under an agreement with the GAIL (India) Ltd.
- **3.0.** The Karaikal Gas Power Station was declared commercial operation w.e.f. 03.01.2000 and is supplying power to Electricity Dept., Puducherry under a PPA signed with them on 25.02.2002. Consequent to setting up of Hon'ble Joint Electricity Regulatory Commission, the Petitioner had filed first petition for determination of tariff for the period 2011-12. The Hon'ble Commission vide Order dated 06.08.2011 had determined tariff with effect from June, 2011. At present, the Petitioner is operating at the tariff rate fixed by the Hon'ble Commission to the Electricity Department vide order dated 31.03.2017 on the basis of petition filed for the tariff period 2017-18.
- **4.0** Section 62 of Electricity Act, 2003 provides for determination of tariff by the Appropriate Commission for supply of electricity by a generating company. The Hon'ble Commission, under Section 83(4) of Electricity Act, 2003, is vested with the jurisdiction to regulate the tariff of the Generating Companies owned or controlled by the Govt. of Union Territories.
- 5.0 In terms of Section 61 of the Electricity Act, 2003 this Hon'ble Commission has also notified the Joint Electricity Regulatory Commission (Terms & Conditions for Tariff) Regulations, 2009 (hereinafter referred to as 'Tariff Regulations, 2009').

- **6.0** In terms of the Tariff Regulations, 2009, the Petitioner has formulated the tariff for Karaikal Station for the year 2018-19. As per Regulation 12 of Tariff Regulations, 2009 the formats 1G to 12G as applicable to generating Companies have been filled in and placed at **Annexure-I.** The various assumptions considered for finalization of tariff brought up in the following paras is as per the methodologies specified by this Hon'ble Commission as well as the Hon'ble CERC as the case may be.
- **7.0** The Tariff has been calculated as fixed /capacity charges in Cr./per annum and the energy charges calculated based on cost of fuel/gas consumed for generation of electricity, as provided in Regulation 19 of the Tariff Regulations, 2009. The JERC/CERC Regulations have been kept in view as applicable while finalizing this petition and formulating tariff for instant station.

A. CAPITAL COST:

- i. The Petitioner has claimed the total capital cost as stated in Regulation 22 (2) of the Tariff Regulations, 2009. The Petitioner has prepared the tariff for the year 2018-19 by considering the capital cost of ` 150.92 crores as opening capital cost as per Hon'ble
 Commission Order dated 31.03.2017. The total Capital Cost of ` 153.11 crores is up to 31.03.2017, as per the unaudited financial statement pertaining to the financial year 2016-17.
- ii. It is submitted to the Hon'ble Commission may allow the claim of the Petitioner of opening capital cost of ` 150.92 crores for the tariff period 2018-19 as approved in the Order dated 31.03.2017 for the tariff period 2017-18.

- iii. It is also submitted that the Petitioner requested the Hon'ble Commission to consider the capital cost for replacement of Gas turbine compressor stator and rotor blades along with major inspection of Gas Turbine. The service agency of OEM M/s.BGGTS has recommended the replacement of Compressor Stator and Rotor blades. For replacement of Compressor Rotor blades, Turbine Rotor needs to be changed for which an expenditure of `9.60 crores plus taxes will have to be incurred and the same was intimated to the Hon'ble Commission while filing the tariff petition of 2017-18. In the Tariff Order of FY 2017-18 and True up of FY 2014-15 the Hon'ble Commission has mentioned the following;" the Commission has no objection for the replacement of the Compressor rotor and other Gas Turbine spares. The Commission will consider the actual expense (after discovery of actual market price through the process of bidding and adjustment of salvage value of the existing rotor) at the time of True up as a capital expense, subject to technical validation of this requirement by the competent authority and subsequent investment approval of the Government".
- **iv.** In this regard, it is submitted that the Corporation floated the etender for Gas Turbine rotor and its spares even-though these are proprietary spares and got the approval from the Government to replace the rotor along with other mandatory spares to be replaced during the shutdown. As such, the Petitioner requests that a sum of

` 11.769 Crores inclusive of taxes incurred on procurement of rotor and associated spares may please be considered while arriving the Capital cost for determining the tariff. The list of spares considered for capitalisation is enclosed in the **Annexure-II**. Copy of the G.O Ms No.35 dt.05.10.2017 and the Purchase order copy for Gas Turbine spares are also enclosed in the **Annexure-II**.

B. RETURN ON EQUITY

- i. It is submitted that as per Regulation 23 of the Tariff Regulations, the tariff determination is by splitting the capital expenditure into debt and equity of 70:30. If the equity employed is more than 30%, the amount of equity for determination of tariff is limited to 30% and the balance amount is considered as normative loan. In case of instant station, since the entire capital cost has been funded from the own funds, the equity has been considered at the normative level of 30% and the balance 70% has been considered as normative loan for calculation of Interest on Loan component of capacity charges.
- The return on Equity has been calculated @ 23.481% for the year 2018-19 as per Regulation 24 of the Tariff Regulations, 2009 read with CERC Tariff Regulations 2014.
- iii. It is submitted that Petitioner does not have tax holiday with effect from the financial year 2010-11 as the tax holiday was applicable to the Corporation up to 2009-10. As therefore, the Petitioner is claiming return on equity in the tariff petition at grossing rate @ 23.481%.
- iv. It is respectfully prayed that the return on equity as calculated@ 23.481% may be allowed by the Hon'ble Commission.

C. DEPRECIATION ON ASSETS

 The rate of depreciation has been considered as per Regulation 26 of the Tariff Regulations, 2009 read with the applicable CERC Regulations 2014. In this regard, it is submitted before the Hon'ble Commission that the accumulated depreciation of the respective individual Asset has been restricted to 90% of the Capitalized value of the Assets in order to keep the 10% of the Cost as WDV as per Regulation 26 beyond which the depreciation has not been claimed in view of the provisions in the Tariff Regulations, 2009.

- ii. The station is more than 17 years old and Petitioner has calculated depreciations accordingly. The claim of the Petitioner is on the same methodology as adopted for the previous years.
- iii. It is prayed that the depreciation may be allowed as claimed by the Petitioner.

D. INTEREST ON WORKING CAPITAL

For computing the element of Interest on Working Capital (IWC) of fixed/capacity charges the rate of interest considered is SBI Base Rate as on 01.4.2017 as per CERC Regulations 2014 Regulation 28 (3). The energy charges considered while working out IWC are based on average actual fuel consumption and payments made pertaining the period commencing from July '17, August '17 and September'17 and the same as per Petitioner's unaudited annual accounts.

E. OPERATION & MAINTENANCE (O&M) EXPENSES

i. The Operation and Maintenance expenses element of Fixed/Capacity charges has been taken @ 43.50 lac/MW as specified by the CERC for small gas turbine for the year of 2018-19 based on Regulation 27 of the Tariff Regulations, 2009 and Regulation 29(1)(c) the applicable CERC Regulations, 2014.

F. HEAT RATE AND AUXILIARY CONSUMPTION

i. The Tariff Regulations, 2009 of the Hon'ble Commission provides that the norms and parameters of the Central Commission's Tariff Regulations

shall be applicable. The Central Commission's Regulations provide for determination of Station Heat Rate on the basis of Gross Calorific Value (GCV).

- ii. The Station design net heat rate is 2291 Kcal/kwh. A copy of the heat balance diagram for design heat rate is enclosed in Annexure III. The gross heat design heat for net station design heat rate of 2291 Kcal/kwh works out to (2291*1.1) 2520 Kcal/kwh considering a conversion factor of 1.1 i.e. GCV = 110% of NCV. Further, applying the degradation factor of 5% as per the CERC regulations, the normative GSHR comes to 2520 * 1.05 = 2646 Kcal/kwh. The Commission approved the Gross Station Heat Rate at 2646 kcal/kWh for the FY 2015-16 on the basis of the submission of the Performance Guarantee Report of the Corporation for the guaranteed heat rate of 2291 kcal/kWh (on the basis of the NCV of the gas).
- iii. With regard to auxiliary power consumption, the Petitioner seeks to invoke the power of the Hon'ble Commission to deviate from the Tariff Regulations, 2009 considering the peculiar facts of the case and for reasons beyond the control of the Petitioner. The Auxiliary Power Consumption (APC) is considered as per actual based on period from 01.06.2017 to 30.09.2017 because the station has electric Gas Booster Compressor pumps due to which APC is higher.
- iv. The CEA has also recommended higher APC for plants having electric Gas Booster Compressor. Since Natural Gas is supplied at a lower pressure i.e. 3 to 5 kg/sq.cm. Electric driven Gas Booster compressors are required to boost up the gas pressure to 17 kg/sq.cm resulting in increase of APC. Four electric driven Gas Booster Compressor of 300 KW each has to run to achieve full load. It is imperative to submit that the Hon'ble Commission and also the Hon'ble Appellate Tribunal have taken the view that in number of judgments, the vintage of power plants has to be kept in mind

before determining the various operating parameters for the power plant and accordingly the petitioner has considered APC at 6% percentage which is around the actual.

- In <u>Gujarat State Electricity Corporation Limited v</u> <u>Gujarat Electrcity</u> <u>Regulatory Commission &Ors</u> (Judgment dated 23.11.2006 in Appeal No. 129 of 2006), where, the Hon'ble Tribunal had recommended *a modification in respect of the auxiliary consumption of the said generating stations viz. Gandhinagar 1 to 4, Sikka, KLTPS, Dhuravan.*
- In <u>Indraprastha Power Generation Company Limited</u> v. <u>DERC</u>(Judgment dated 10.01.2008 in Appeal No. 81 of 2007) wherein the Hon'ble Tribunal directed the DERC to consider relaxation in heat rate and O & M Expenses considering the vintage of the Stations.
- v. The CERC also in its order dated 19.06.2002 in Petition No.62 of 2000 has allowed relaxed operational norms in case of Takhar Thermal Power Station comprising of four units of 60 MW and two units of 110 MW.
- vi. As per the Assam Electricity Regulatory Commission (AERC) Tariff Order for the FY 2103-14 to FY2015-16 for Assam Power Generation Corporation Limited in petition no.3/2013, the AERC has allowed APC of 4.5 % for NTPS for against CEA recommendation of APC as 4% and APC of 5.5 % for LTPS with WHRU.
- vii. It is not possible for the Petitioner to achieve the norms specified in the Regulations, which are applicable generally. It is for this specific purpose that where there is sufficient justification and taking into account the facts of a particular generator, the power to relax and the power to deviate are provided for.
- viii. It is submitted that the month wise under recovery of Energy Charges on account of APC and Heat rate is enclosed as **Annexure-IV**. For the FY

2016-17, the under recovery is ` 1.33 crores. Hence, request for relaxation of APC to 6% as allowed in the case of AERC may be considered.

- ix. Applying the above analogy, the Petitioner is praying for the APC of 6%.
 The Petitioner is placing all the relevant pages from the above Judgments /
 Orders in a separate compilation as **Annexure V**.
- x. The Hon'ble Commission may consider the facts and factors and allow the Petitioners to avail the actual auxiliary consumption made during the period from 01.04.2017 to 30.09.2017 (coverage of 6 months) of the tariff year 2018-19.

G. FUEL COST

It is submitted that the Petitioner has considered requirement of fuel stock etc. for working out interest on working capital and the Variable Charges for power supply from Karaikal station, based on landed cost of gas for the months of July'17, August'17 and September'17 instead of landed cost of the gas for the months of Jan.'17, Feb.'17 and March'17. This has been considered to arrive the fuel cost in realistic manner. Therefore, it is prayed that Hon'ble Commission may please allow working out of capacity and variable charges based on weighted average landed cost of gas for the months of July'17, August'17 and September'17.

H. NORMATIVE ANNUAL PLANT AVAILABILITY FACTOR (NAPAF):

 In terms of Regulation 36 of the Tariff Regulations, 2009 read with the CERC Regulations, 2014, the Petitioner is praying for NAPAF of 85%. The CERC has specified Normative Annual Plant Availability Factor (NAPAF) for recovery of full fixed charges at 85% for the period 2014-19 for thermal generating stations. ii. The Hon'ble Commission may be pleased to fix the norm-"Normative Annual Plant Availability Factor" NAPAF for the Karaikal station for recovery of full fixed charges in the FY 2018-19 at 78% instead of 85% PLF in view of 30 days shutdown required for replacement of Gas turbine compressor stator and rotor blades along with major inspection of Gas Turbine.

I. ANNUAL PERFORMANCE REVIEW FOR FY 17-18:

- The details of Annual Performance Review for FY 17-18 is enclosed in the Annexure – VI. The cumulative Plant load Factor from April'17 to September'17 is 79.44 and cumulative generation from April'17 to September'17 is 113.39 MU.
- ii. It is submitted that the Plant Load factor is lower than 85 % because the Steam Turbine running on part load as one of the tooth of Steam Turbine gear box high speed shaft pinion got cracked. So the cracked tooth was removed by BHEL Engineers and as per their advise machine is run on part load. BHEL has advised to procure one Gear set and bearing set immediately. Order for Gear set and bearing set has been placed on BHEL. Till the Gear set is replaced, Steam Turbine has to be run on part load.
- iii. The report of BHEL is enclosed as Annexure VII on the Breakdown of Steam Turbine Gear box. BHEL has concluded the reason for breakdown as follows;" The visible break in only one tooth of the Pinion and absence of any kind of indication on the rest of the Teeth and also on the Gear, indicate an instantaneous impact load imparted on the unit. The exact nature of the fault cannot be pin pointed, but guess can be made as a possible load throw or cascading failure of grid may have caused the damage"

- iv. From the conclusion of BHEL it is very clear that the damage is due to external factor which is beyond the control of PPCL. The under recovery of energy charges and capacity charges due to reduced generation is
 ` 4.12 Crores till the end of Sept'17 as shown in the Annexure VI. It is submitted that the under recovery may be allowed during review of FY 2017-18.
- v. It is submitted that the Distributed Control system installed in PPCL for HRSG controls and balance of Plant controls has become obsolete and the Original Equipment Manufacturer, M/s.Honeywell has suggested for up gradation. The cost of up gradation quoted by M/s.Honeywell is more than the cost of latest DCS available in the market. Hence it was proposed to replace the existing DCS with new one through tendering. The approximate value of the tender is ` 2.0 crores. Petitioner requests the expenditure proposed to be incurred in 2018-19 may be allowed under Renovation and Modernisation. Because of the above the proposed PLF of 78% may be allowed.

J. ANNUAL FIXED CHARGES AND ENERGY CHARGES

Based on above, the Annual Fixed/Capacity charges have been worked out for the financial year 2018-19 (for detailed computations please refer **Annexure-I).** The monthly Capacity Charge payable shall be calculated as per the formula given in para 30(2) of CERC Tariff regulation 2014-19.

Financial Year	Annual Capacity charge (` In
	Cr.)

The energy charges to be billed every month shall be as per following formula based on CERC Regulations 2014.

Energy Charge (ECR) = GHRxLGPx100/{GCVx(100-APC)},------ A

Where ECR = Energy charge rate, in Rs per KWH sent out upto three decimal charges,

GHR= Normative Gross Station Heat Rate in Kcal/kwh,

LGP= Weighted average landed price of gas in Rs/SCM,during calendar month,

GCV= Gross calorific value of gas, in Kcal per SCM during the calendar month,

APC= Normative Auxiliary Power Consumption in percentage

The petitioner has considered Gross Station Heat Rate = 2646 kcal/Kwh Auxiliary Power Consumption (APC) = 6%.

K. STATUTORY LEVIES / TAXES ETC

It is submitted that in addition to Billing of Fixed/capacity charges & Energy charges as being submitted for approval of this Hon'ble Commission, the Petitioner may be allowed to recover statutory taxes, duties, etc., on actuals.

8.0 It is also submitted that the Petitioner is presently raising bills for the energy supplied to The Respondent - Electricity Dept., Govt. of Puducherry with normative Gross heat rate of 2646 Kcal/kwh and Auxiliary power consumption of 5.0% w.e.f. 01.04.2017 as energy charges per unit and

` 23.34 crores as capacity charges per annum at 85% PLF for the tariff period 2017-18 vide order dated 31.03.2017 issued by the Hon'ble Commission.

- **9.0** The Accounts of the Petitioner for the year 2015-16 has been audited but not adopted in the AGM, which will be held in the next month and a copy of the Audited Accounts along with the Statutory Auditor's Report including the A.G. Comments received from the C&AG, Chennai are enclosed in the **Annexure-VIII** for perusal.
- 10.0 As regard the Accounts for FY 2016-17, the Petitioner is filing the unaudited accounts for FY 2016-17 as Annexure IX since Statutory auditor would normally commence their audit after adoption of accounts for the FY 2015-16 in the Adjourned Annual General Meeting and the Adjourned AGM would be held in next month. The copies of invoice raised by GAIL for the period 01.04.2017 to 31.10.2017 are attached hereto as Annexure X.

PRAYER

- **11.0** In view of the above, the Petitioner prays as under
 - i) Approve the tariff for the year 2018-19 as brought out in this Petition as detailed below at 85% PLF.

Fixed cost- ` 30.12 Crores per annum

Variable Energy Charges - As per formula in CERC regulation 2014-

19 clause 30(6)(b)with normative GHR

of 2646 Kcal/kwh and normative APC

of **6%.**

- ii) Allow the "Normative Annual Plant Availability Factor" @ 78% as laid down in the CERC Regulation 2014-19 vide clause No.36(A) for Karaikal Power Station for the year 2018-19 for full fixed cost recovery.
- iii) Allow capital cost as prayed by the Petitioner.
- iv) Allow the recovery of filing fees as and when paid to the Hon'ble Commission and publication expenses from the beneficiary.
- v) Pass any other order in this regard as the Hon'ble Commission may find appropriate in the circumstances pleaded above.

PETITIONER – PUDUCHERRY POWER CORPORATION LIMITED

PLACE : Puducherry DATE : 21.11.2017

BEFORE THE JOINT ELECTRICITY REGULATORY COMMISSION GURGAON

<u>PETITION NO:</u> <u>of 2017</u>

- IN THE MATTER OF : Petition under Section 62 and 83 (4) of the Electricity Act 2003 read with chapter-II of the Joint Electricity Regulatory Commission (Terms & Conditions for Determination of Tariff) Regulations, 2009 for Revision of tariff for Karaikal Gas Power Station, (32.5 MW) for the period 2015-16 after the truing up exercise.
- PETITIONER : The Managing Director, Puducherry Power Corporation Ltd. (PPCL), #10, Second Cross, Jawahar Nagar, Boomianpet, Puducherry-605 005.
- RESPONDENT : The Superintending Engineer-cum-HOD, Electricity Department, Govt. of Puducherry, 137, NSC Bose Salai, Puducherry – 605 001.

The Petitioner humbly states that:

- The Petitioner herein the Managing Director of Puducherry Power Corporation Ltd. (PPCL) a Government of Puducherry Undertaking and is a Government Company within the meaning of the Companies Act, 1956. Further, it is a "Generating Company" as defined under Section 2(28) of the Electricity Act, 2003.
- 2) Puducherry Power Corporation Ltd was incorporated on 30.03.1993 with the objective of generating 32.5 MW of Electricity (22.9 MW from gas turbine and 9.6 MW from Steam turbine) at Karaikal which is one of the outlying regions of Union Territory of Puducherry. The required gas of 1.91 lakhs cu.m of gas per day is obtained from the gas wells at Narimanam in the Cauvery basin under an agreement with the GAIL (India) Ltd.

- Karaikal Gas Power Station declared commercial operation w.e.f. 03.01.2000 and is supplying power to Electricity Department, Puducherry under the PPA signed with them on 25.02.2002.
- Hon'ble Commission has notified "Joint Electricity Regulatory Commission (Terms & Conditions for Determination of Tariff) Regulations, 2009" to be effective from 08.02.2010.
- 5) Regulation 12 of the Tariff Regulations 2009 provides

"(1) Each generating company and the licensee shall file tariff application on or before 30th November each year with the commission, in the format as may be laid down by the Commission which shall include statements containing calculation of the expected aggregate revenue from charges under its currentlyAggregate Revenue Requirement (ARR) during previous year, current year and Ensuing year. The information for the previous year should be based on audited accounts, if available.

......Generating companies shall furnish information in respect of their Generating stations in the Generating formats 1G to 12G."

- 6) In accordance with the above, the petitioner had proposed the tariff for Karaikal Station for the year 2015-16 as per JERC (Terms & Conditions for tariff) Regulations, 2009. As per para 12 of JERC Regulations & accordingly formats 1G to 12G as applicable to generating Companies were filled in and placed at Annexure – I. The petition was filed during 1st week of January, 2015.
- 7) The Hon'ble Commission has passed the tariff order dated 31.03.2015 for the year 2015-16 determining the revenue requirements and generation tariff based on the proposed estimated costs and expenses of the Petitioner.
- 8) As per JERC Regulation 8 (2)(i) After audited accounts of a year are made available, the commission shall undertake similar excise as above with reference to the final actual figures as per audited accounts. This exercise with reference to audited accounts shall be called 'Truing Up'.

 Further CERC Regulation 6 (1) of the Tariff Regulations 2009 provides as follows:

(1) The Commission shall carry out truing up exercise along with the tariff petition filed for the next tariff period, with respect to the capital expenditure including additional capital expenditure incurred up to 31.3.2016, as admitted by the Commission after prudence check at the time of truing up.

- In accordance with proviso to the above quoted in JERC Regulation 8 (2)(i)
 & CERC Regulation 6 (1) the petitioner herein, that is PPCL is filing the present petition for revision and determination of tariff for Karaikal Gas Power Station for the period from 01.04.2015 to 31.03.2016.
- 11) The capital cost considered in the present petition is based on the approved capital cost of `150.92 Crores during True-up for the FY 2014-15 as per Hon'ble Commission order dt.31.03.2017. The total expenditure incurred towards erection of R.O. Plant was ` 4.47 crores upto the financial year 2015-16 which includes `18.00 lakhs incurred initially towards Preliminary expenses, Consultancy charges to CEA, Advertising charges, etc., which were directly attributable to the project. Out of `4.47 crores, a sum of 3.92 crores has been admitted by the Hon'ble Commission upto the tariff period 2015-16 and the Corporation has now claimed the difference of under the head Project cost and prayed the Hon'ble Commission to allow the additional cost of `0.55 crores towards R.O Plant under the head Capital cost during the true up of financial year 2015-16. Accordingly the revised Forms indicating year wise actual/projected capital expenditure is enclosed as part of **Annexure – I** herewith (Format 1G to 12G).
- 12) As regards the Normal Plant Availability Factor (NAPAF), considering Hon'ble APTEL judgment dt.21.11.2012, the Hon'ble Commission in its order has also approved NAPAF 85%. Computation of revised tariff is also done with 85% NAPAF.

- 13) It is also submitted to the Hon'ble Commission that while determine the Return on Equity under clause 4.66 of the Tariff order of 2015-16, it has been stated that by the Hon'ble Commission that for the purpose of computation of Return on Equity has considered the 30% of the capital cost as equity and the rate of return on equity at 15.50% as per CERC regulations, 2014 for FY 2015-16. Pending the enactment of Finance Act, 2015, the prevailing effective tax rate is at 33.99% (tax 30% + surcharge 10% + education cess 3%) and the post tax rate of return on equity works out to 23.481% and the Return on Equity will be reviewed at the time of "Review of FY 2015-16" in the light of audited accounts / True up of FY 2014-15.
- 14) It is also submitted to the Hon'ble Commission that the Corporation is allowed to Return on Equity of 15.5% instead of 23.481% vide order dated 31.03.2015 in view of business loss during the financial year 2014-15, for which the Corporation already filed the true up petition for the FY 2014-15 and the order thereon has been issued. In this connection, it is imperative to submit to the Hon'ble Commission that, because of carry forward of loss of 2014-15 to the financial year 2015-16, the Corporation has not paid the Income Tax for the financial year 2015-16 even though there was business income during the financial year 2015-16 due to generation of power for which the Corporation was liable for the payment of Income tax. Now, the Corporation submitted to the Hon'ble Commission to allow the Corporation to charge the Return on Equity of 23.481% instead of 15.5% for the financial year 2015-16 in the true up petition in view of Carry forward of huge loss of the financial year 2014-15, which was (the loss) not shifted to the Respondent and the Corporation shoulder its huge loss without shifting to the Respondent, as a result of which the Corporation has not paid the tax in the tariff period 2015-16 even though Income tax payable / due to the Corporation on business income.
- 15) Further in accordance with the provisions of the JERC Regulation 24 ROE is considered and CERC Regulation 15 (3), for the purpose of computation of the Return on Equity, the grossing up of the base rate has been done with respect to actual tax rate applicable to PPCL for the year 2015-16.

- 16) For computation of the Interest on Loan, the weighted average rate of interest on the basis of actual loan portfolio at the beginning of the year has been applied.
- 17) The tariff calculation based on the above and other applicable provisions, in the formats provided in the Annexure – I of the Tariff Regulations 2009, are enclosed herewith.
- The petitioner respectfully submits that the Audited financial statement for the financial year 2015-16 for the instant station is attached in the Annexure – II.
- 19) It is submitted that the petitioner is filing this tariff petition subject to the outcome of its various appeals pending before different courts and reserves its right to amend the tariff petition as per the outcome in such appeals, if required.
- 20) As submitted above the Petitioner is presently charging tariff for this station based on the Order dated 31.03.2017 in petition No.225/2017. As can be seen from Annexure I, the claim of tariff after truing up exercise is more than that allowed in the order dated 31.03.2015. Since the truing up exercise may take time, it is prayed that Hon'ble Commission may allow the Petitioner to provisionally charge tariff as per this petition for the period 2015-16 till the time truing up exercise is completed and this petition is disposed off. After determination of tariff as per this petition the retrospective adjustment may be allowed to be done along with interest at the rates provided in Regulation 6 of Tariff regulations, 2009.
- 21) The Operation and Maintenance expenses element of Fixed/Capacity charges has been taken @ 35.70 lac/MW as specified by the CERC for small gas turbine for the year of 2015-16 and thereafter the Operation and Maintenance expenses for relevant year of tariff has been worked out considering escalation @ of 6.7% p.a. over the base Operation and Maintenance expenses of 2015-16 as above based on Regulation 27 of the Tariff Regulations, 2009 and the applicable CERC Regulations.
- 22) It is submitted that the Operation and Maintenance expenses for the FY2015-16 as approved by the Hon'ble Commission is only `11.60 crores but

the actual cost of Operation and Maintenance expenses is 21.11 crores and out of 21.11 crores a sum of 5.16 crores was incurred towards procurement of Hot Gas Path Inspection spares for Frame-V Gas turbine. Out of `11.60 crores, `9.90 crores is spent towards Employee benefit expenses, leaving PPCL with no scope for meeting repair and maintenance expenditure. Out of total expenditure of ` 2.30 crores sanctioned towards replacement of corroded structure/pipeline, etc., the Corporation had paid a sum of `87,43,600/- and `94,25,400/- totaling `1,81,69,000/- of which, the Executive Engineer (B&R), Public Works Department, Karaikal has given utilization certificate for a sum of 1,78,11,600/- upto 31.10.2016 and the Corporation has accounted ` 1,56,06,600/- upto 31.12.2015 upto the financial year 2015-16 as per the Utilization certificate issued by the PWD, Karaikal. In this connection, it is submitted to the Hon'ble Commission that, the Commission has allowed to claim a sum of ` 87.00 lakhs during the true-up petition of 2013-14 and a sum of 21.00 lakhs during the true-up petition of 2014-15 and the balance amount of `48,06,600/- (`1,56,06,600 - 87,00,000 - 21,00,000) has to be claimed during the true up petition 2015-16. The Office of the Memorandum vide copy No.D.21044/10/ID(P)D/2012/P3, dt.10.01.2013 in connection with replacing of damaged/corroded structural steel with new Pipe Rack structure from Gas Booster Compressor to Boiler Area inside the Plant area at Karaikal for an estimated cost of 2,29,69,000/- and the Utilization certificate issued by the Executive Engineer (B&R), Public Works Department, Karaikal are enclosed in the Annexure - III.

23) It is submitted to the Hon'ble Commission may allow to recover an amount of ` 48,06,600/- in connection with replacement of corroded structure/pipeline, etc., under the head Operation and Maintenance while carrying out the truing up exercise for the tariff period 01.04.2015 to 31.03.2016. The details of Utilization certificate issued by the Executive Engineer (B&R), Public Works Department, Karaikal are enclosed in the **Annexure – III.**

- 24) It is respectfully submitted that the above is absolutely necessary for the survival of a small company like the Petitioner since the Operation and Maintenance expenditure is exhausted in routine and other regular maintenance work, thereby hardly leaving any funds in the hands of the Petitioner for carrying out such type of expenditure and repairs. In view of above, the sum of sum of `5.16 crores incurred towards procurement of Hot Gas Path inspection spares for Frame-V Gas Turbine and copy of the supply order is enclosed in the Annexure IV. Further the inspection charges of ` 1.03 crores for hot gas path inspection may also be allowed and copy of the work order along with Invoice are enclosed in the Annexure V. Additional expenses due to enhanced insurance premium payment compared to last year i.e. ` 0.22 crores may be allowed and copies of the letter addressed to the Insurance Co., for renewal of IAR Policy for the FY 2014-15 and 2015-16 are enclosed in the Annexure VI.
- 25) So, it is humbly requested to Hon'ble Commission to kindly consider the above said expenditure as a onetime compensation by exercising its power in the Tariff Regulations, 2009 as under –

"43. Power to Remove Difficulties:

If any difficulty arises in giving effect to any of these Regulations, the Commission, may, by general or specific order, direct the generating company/ licensee to do or undertake things which in the opinion of the Commission are necessary or expedient for removing the difficulties.

42. Special Provisions

The Commission may waive any of the provisions of these Regulations in any matter if, in the opinion of the Commission, it is impracticable or inexpedient to proceed as per these Regulations. In such a situation, after recording its reasons, the Commission may adopt any other approach which is reasonable and is consistent with the overall approach of these Regulations."

26) It is submitted that by its very nature, the onetime expenditure as detailed hereinabove are extra-ordinary and therefore it is further humbly requested that the Hon'ble Commission may kindly exercise its powers vested under the Regulations 42 and 43, i.e Special Provisions and Power to Remove Difficulties by relaxing Regulation, 27 i.e Operation & Maintenance expenses as a onetime measure and for granting such additional Operation and Maintenance expenses.

27) The filing fee for the tariff determination has already been paid for the year 2015-2016 as per provisions of CERC (Payment of Fees), Regulation 2008/2012.

Accordingly no fee is payable along with this truing up petition.

Prayer

In the light of above submissions, the Petitioner, therefore, prays that the Hon'ble Commission may be pleased to:

- i) Carry out the truing up exercise and revise the tariff of Karaikal Power Station for the tariff period 01.04.2015 to 31.03.2016.
- ii) Allow the petitioner to provisionally charge tariff as per this petition till the time the petition is disposed of.
- Allow a sum of ` 48,06,600/- towards replacement of damaged / corroded pipe rack structure as detailed in the Petition.
- iv) Allow a sum of `5.31 Crores towards procurement of Hot Gas Path Inspection spares.
- v) Allow a sum of ` 1.03 crores towards Hot Gas path Inspection Charges.
- vi) Allow the additional expenditure of `0.22 crores incurred towards insurance premium.
- vii) Pass any other order as it may deem fit in the circumstances mentioned above.

CHAPTER 1. INTRODUCTION

1.1 Historical Perspective

- 1.1.1 The Union Territory of Puducherry comprises of four regions namely Puducherry, Karaikal, Mahe and Yanam, which are not geographically contiguous and is spread over an area of 492 Sq. km with the total population of 12.45 Lakhs as per provisional results of Census 2011. The basic profiles of four regions are as follows:
 - Puducherry is the largest among the four regions and consists of 12 scattered areas interspersed with enclaves of Villupuram and Cuddalore Districts of Tamil Nadu.
 - Karaikal is about 150 kms South of Puducherry and is bounded by Nagapattinam and Thiruvarur Districts of Tamil Nadu State.
 - Mahe lies almost parallel to Puducherry 653 kms away on the west coast near Kannur District of Kerala State.
 - Yanam is located about 840 kms north-east of Puducherry and it is located in the East Godhavari District of Andhra Pradesh State.
- 1.1.2 The Territory of Puducherry was merged with the Indian Union on 1st November 1954 and is administered under the provisions of Government of Union Territories Act, 1963.

1.2 Electricity Department of Puducherry

- 1.2.1 Puducherry Electricity Department being a deemed distribution licensee as per section 14 of the Electricity Act 2003, performs the functions of transmission and distribution of electric power to the Union Territory. The sole generating station in Puducherry is a 32.5 MW combined cycle gas power plant in Karaikal owned by the Puducherry Power Corporation Limited. The entire power requirement of Puducherry is met from the power allocated from the Central Generating Stations, Tamil Nadu Electricity Board, Kerala State Electricity Board and from the Puducherry Power Corporation Limited
- 1.2.2 The Union Territory of Puducherry has an extensive network of Power Transmission and Distribution Systems spread along the breath and width of all the four regions of the Union Territory. PED operates a transmission network of 230 kV & 110 kV and distribution network at 33 kV, 22 kV, 11 kV and at LT levels. It supplies power to its consumer through its 18 EHV substations, 401.5 km of EHT line, 1401 km of HT line, 2554 nos. of distribution transformers and 5600 km of LT line. The network configuration as on October 2017 is as given below:

Voltage	Lines	Capacity MVA	Substations/ Transformer	Transformation Capacity	
	(Km)	(MVA)	(No.s)	(MVA)	
Transmission					
230 kV/110kV	54	(100x4) + (80x2)	3	560	
132 kV/33-11 kV	44	(2x10) + (1x16)	1	36	
110 kV/22-11 kV	297	(25x3) + (16x25) +	1.4	(20	
110 kV/22-11 kV (UG Cable)	6.5	(10x9) + (31.5x2)	14	638	
Distribution	Distribution				
33/11kV		(5x2)	1	10	
22 kV & 11 kV (Overhead)	1314				
22 kV & 11 kV	87				
(Underground)	07				
LT (Overhead)	4737				
LT (Underground)	863				

Table 1-1: Network Configuration (as on October 2017)

1.3 Filing under Tariff Regulations

- 1.3.1 PED has been filing its ARR and Tariff petitions for the past years with the Hon'ble Commission based on the principles outlined by the Joint Electricity Regulatory Commission (hereafter referred to as "JERC/ Hon'ble Commission") vide their Regulations on applicable Terms and Conditions of Tariff for Distribution Licensees as notified in 2009.
- 1.3.2 PED has already filed true-up Petition till FY 2015-16 against which the True-up Tariff Order has already been issued by the Hon'ble Commission in respective tariff orders till 16th May, 2017.
- 1.3.3 The Hon'ble Commission issued the JERC MYT Regulations in exercise of powers conferred by Section 61, 62, 63 and 86 read with Section 181 of Electricity Act 2003 on 30th June, 2014. These regulations were made applicable to all distribution licensees in the State of Goa & Union Territories of Andaman & Nicobar Island, Dadra & Nagar Haveli, Daman & Diu, Chandigarh, Lakshadweep and Puducherry. The Commission has subsequently issued first amendment to the MYT regulations on 10th August, 2015. As per clause 3.1.6 of the JERC (Multi Year Distribution Tariff) Regulations, 2014, the Control Period was defined as a three year period from FY 2015-16 to FY 2018-19. However in the Tariff Order dated 10th April, 2015 the Commission had deferred the implementation of MYT by one year and thus the Control period was revised to FY 2016-17 to FY 2018-19. The same has been highlighted in the first amendment to the JERC MYT Regulations.

1.3.4 As per provisions in clause 5.1 (as per amendment dated 10th August 2015) and 12.1 of the JERC Multi Year Distribution Tariff Regulations, 2014, PED had filed for approval of its Business Plan for three years control period i.e. from FY 2016-17 to FY 2018-19 before the Commission on 05th August 2015. The Hon'ble Commission issued the Business Plan Order on 04th December, 2015 directing PED to file the MYT petition within one month. PED filed the MYT petition in line with the Tariff Regulations 2009, Business Plan Order, MYT Regulations 2014 and its subsequent amendments. The MYT Tariff order was issued by the Hon'ble Commission on 24th May, 2016 approving the ARR (Annual Revenue Requirement) for the MYT Control Period and tariff determination for FY 2016-17. Subsequently, the Hon'ble Commission issued the tariff order for FY 2017-18 vide order dated 16th May, 2017.

1.4 Filing of ARR and Multi Year Tariff Petition

- 1.4.1 Under the provisions of Electricity Act, 2003, Licensee is required to submit its ARR and Tariff Petition as per procedures outlined in section 61, 62 and 64 of EA 2003, and the governing regulations of JERC for the relevant years thereof.
- 1.4.2 The Hon'ble Commission has notified first amendment to JERC (MYT Distribution Tariff) Regulations, 2014 wherein tariff determination under MYT framework shall be applicable from 1st April 2016.
- 1.4.3 As per the MYT Regulations 2014 and its subsequent amendments, PED is filing the present petition for the approval of the Hon'ble Commission seeking the following.
 - a) Provisional True-up for FY 2016-17,
 - b) Annual Performance Review for FY 2017-18, and
 - c) Tariff Determination for FY 2018-19.
- 1.4.4 The tariff formats as outlined in the MYT Regulations, 2014 and as applicable to PED are provided at the end of this petition.
- 1.4.5 The details for each year are discussed in subsequent chapters and the Tariff Formats are enclosed as per Annexure I.

CHAPTER 2. OVERALL APPROACH FOR PRESENT FILING

The Hon'ble Commission had notified the Joint Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations 2009 and JERC (Multi Year Distribution Tariff) Regulations, 2014. The Hon'ble Commission has notified the JERC (Multi Year Distribution Tariff) (First Amendment) Regulations, 2015 on 10th August, 2015. In line with the Tariff Regulations, 2009, PED has been filing the ARR petitions for consideration of the Hon'ble Commission in the formats laid down for providing information relating to past, present and future performance. In this petition, Puducherry Electricity Department is filing the Provisional True-up for FY 2016-17, Annual Performance Review for FY 2017-18 and tariff determination for third year of the MYT Control Period i.e. FY 2018-19.

2.1 Truing Up For FY 2016-17

2.1.1 As specified in the Tariff Regulations, the Hon'ble Commission shall undertake the truing-up exercise for the previous year based on audited accounts. PED submits that it is in the process of third party audit of accounts for FY 2016-17. PED is submitting the provisional actual figures of FY 2016-17 for Provisional True-up with provisional accounts as Annexure II with the details of ARR specified in the relevant chapters of this petition. PED further submits that it may provide the final audited accounts of FY 2016-17 during the regulatory process of finalisation of Tariff Order.

2.2 Annual Performance Review for FY 2017-18

- 2.2.1 The Joint Electricity Regulatory Commission had notified the JERC (Multi Year Distribution Tariff) Regulations, 2014 (hereinafter referred to as "MYT Regulations" or "Regulations") which came into effect from 2014. However the implementation of MYT framework has been differed by a year to 2016. The Commission notified the JERC (MYT Distribution tariff) (First Amendment) Regulations, 2015 on 10th August, 2015. These first amendment regulations govern the tariff determination for the first control period i.e. FY 2016-17 to FY 2018-19.
- 2.2.2 As per Clause 8 of the MYT Regulations, 2014, the Hon'ble Commission shall undertake the Annual Performance Review by considering variations between the approved and revised estimates/actuals of sale of electricity, income and expenditure for the relevant year and permit necessary adjustments/ changes in case such variations are for adequate and justifiable reasons.
- 2.2.3 Accordingly, PED is filing this Annual Performance Review petition for the year FY 2017-18 based on the actual performance during the 1st half of the year and the revised estimates for the second half of the year for purchase and sales.

2.3 Tariff determination for FY 2018-19

- 2.3.1 The Hon'ble Commission has already approved the ARR for the Control Period FY 2016-17 to FY 2018-19 vide tariff Order dated 24th May, 2016. The Hon'ble Commission initially determined the tariff only for the first year i.e. FY 2016-17 of the control period as per its directives in the Business Plan Order issued in Petition no. 181/2015 dated 4th December 2015. Subsequently, the Hon'ble Commission issued the tariff order for FY 2017-18 dt. 16th may, 2017 approving the tariff for FY 2017-18 and carrying out true-up of FY 2014-15, FY 2015-16 along with review of FY 2016-17.
- 2.3.2 Though the ARR for FY 2018-19 has already been approved by the Hon'ble Commission vide Tariff Order dated 24th May, 2016, PED is submitting the revised estimates for the year based on performance in the previous years. The cumulative gap for the FY 2018-19 has been determined based on the gap for previous years and the revenue from existing tariff for the ensuing year.

CHAPTER 3. TRUE-UP FOR FY 2016-17

3.1 Preamble

- 3.1.1 This section outlines the performance of Puducherry Electricity Department (PED) for FY 2016-17. PED submits that the audit of the accounts are in the process and therefore it submits the provisional actual for FY 2016-17 in this petition for provisional truing up along with the comparison of the approved figures by Hon'ble Commission vide tariff order dated 16th May 2017. PED submits that since the accounts has already been finalized, the variation with the audited accounts may be marginal. Also, the Audited accounts for FY 2016-17 will be submitted to the Hon'ble Commission during the present MYT regulatory proceedings.
- 3.1.2 This chapter summarizes each of the components of ARR for FY 2016-17 and thereby working out the revenue gap for that year.

3.2 Approved ARR for FY 2016-17

3.2.1 The summary of the charges for FY 2016-17 claimed by the petitioner in the last petition (review of FY 2016-17) and as approved by the Hon'ble Commission in the last Tariff Order dated 16th May 2017 is tabulated below:

				Rs. Crs
S. No.	Particulars	Claimed in APR	Approved by Commission	Actuals
1	Cost of power purchase	1056.81	1122.12	1066.30
2	Employee Costs	89.20	85.66	93.69
3	Administration and General Expenses	33.54	10.02	12.30
4	R&M expenses	19.01	18.61	9.38
5	Depreciation	29.95	29.95	24.81
6	Interest & Finance Charges	23.06	23.06	21.15
7	Interest on Working Capital			-
89	Interest on Security Deposit	4.00	4.00	3.50
10	Return on NFA/ Equity	15.68	33.25	32.09
11	Total Revenue Requirement	1271.25	1326.65	1263.21
12	Less: Non- Tariff Income	8.10	8.10	12.97
	Less: Revenue from sale of			
13	surplus power and other CERC	5.39	5.39	12.45
	mechanisms/ CGS services			
	Net Aggregate Revenue	1257.70	1212.10	1007 70
14	Requirement	1257.76	1313.16	1237.78

Table 3-1: APR of FY 2016-17 as per Tariff Order dated 16th May 2017

3.3 Number of Consumers

3.3.1 Based on the unaudited accounts, PED submits before the Hon'ble Commission the actual number of consumers for FY 2016-17 in comparison of the approved numbers as highlighted below:

S. No.	Particulars	Approved	Actuals
1	Domestic	315896	313367
2	ОНОВ	35539	35539
3	Commercial	53256	52087
4	Agriculture	6871	6900
5	Public Lighting	50221	50250
6	LT Industrial & water tanks	6594	6616
7	Total LT	468377	464759
8	HT 1 Industrial & Commercial	446	439
9	HT 2 Government & Water Tank	54	60
10	HT 3 EHT	7	7
11	Total HT	507	506
12	Total LT and HT	468884	465265

Table 3-2: Details of No. of Consumer for FY 2016-17

3.3.2 It is requested to Hon'ble Commission to consider the number of consumers as submitted in the above table for FY 2016-17.

3.4 Energy Sales

3.4.1 The total sales of PED for FY 2016-17 are **2,466.27** MU's. The category wise actual and approved sales for FY 2016-17 are shown in the table below.

			MU's
S. No.	Particulars	Approved	Actuals
1	Domestic	758.39	699.82
2	ОНОВ	10.00	10.21
3	Commercial	204.45	210.92
4	Agriculture	56.85	57.28
5	Public Lighting	24.00	24.24
6	LT Industrial & Water Tank	186.00	190.67
7	Temporary Supply - LT&HT	6.00	8.00
8	Total LT	1245.69	1201.13
9	HT 1 Industrial & Commercial	966.31	944.15
10	HT 2 Government & Water Tank	64.01	62.03
11	HT 3 EHT	290.01	258.96
12	Total HT	1320.33	1265.14
13	Total LT and HT	2566.17	2466.27

Table 3-3: Sales for FY 2016-17

- 3.4.2 PED submits that the lower sale in FY 2016-17 is due to lesser consumption of power in domestic category and also procurement of power through open access by HT consumers.
- 3.4.3 Based on the above submission PED requests the Hon'ble Commission to approve the actual sales for FY 2016-17 as stated in the table above.

3.5 T&D Loss & Energy Requirement

3.5.1 PED has submitted 13.78% as the T&D losses for FY 2016-17 as compared to that approved by Hon'ble Commission at 11.50%. However, it is comparable with FY 2015-16 losses of 13.59%. The comparison of Energy balance statement and the loss levels based on unaudited accounts and approved figures are shown in the table below:

S. No.	Particulars	Approved	Actuals
Α	ENERGY REQUIREMENT		
1	Energy Sales within the UT (MUs)	2566.17	2466.27
2	Energy Drawal by TANGEDCo* (MUs)	18.11	16.79
3	Sale to Open Access Consumer (MUs)	16.27	37.01
4	Total Sales (MUs)	2600.55	2520.07
5	T&D Losses (%)	11.50%	13.78%
6	Energy Required for the Territories (MUs)	2904.10	2922.90
7	Sales to common pool consumers / UI (MUs)	56.14	116.67
8	Energy Requirement @ periphery (MUs)	2960.24	3039.57
В	ENERGY AVAILABILITY		
1	Gross Energy Energy Purchase (MUs)	3010.55	3038.87
2	Power purchase from Common Pool / UI / Others (MUs)	14.36	25.93
3	Open access power at periphery (MUs)		37.38
4	Total Power Purchase (MUs)	3024.91	3102.18
5	External Losses (MUs)	64.67	62.61
6	Net Energy Availability (MUs)	2960.24	3039.57

Table 3-4: T&D Loss and Energy Balance for FY 2016-17

*The explanation for the same has been provided in para 3.5.2 below.

- 3.5.2 At Puducherry, pockets of Tamilnadu region are being fed by Puducherry 110kV substation at 22kV level feeders. These feeders are metered at sub-station end. Normally, Puducherry region draws certain power from TNEB 110kV feeder and TNEB would bill PED after deducting energy consumption by their 22kV feeders. During the year FY 2015-16, due to surplus power available with Puducherry from CGS, PED has not drawn any power from 110kV TNEB feeders. The matter has been taken up with TNEB at Chennai to deduct their 22kV feeder consumption at Puducherry region from the TNEB sale of power at Karaikal region. The above adjustment is yet to be made by TNEB.
- 3.5.3 The petitioner submits that the department has not made significant capex specifically towards reduction of transmission and distribution loss. Given the consumer sale mix, wherein the growth of LT consumers is higher than HT consumers, it is difficult for the utility to maintain the commission approved T&D loss levels.
- 3.5.4 PED submits that in comparison with the approved figures, actual T&D losses are

higher and therefore request the Hon'ble Commission to approve the T&D Loss of 13.78% for FY 2016-17.

3.6 Power Purchase Quantum & Cost for FY 2016-17

- 3.6.1 PED meets its total energy requirement from its allocation from the Central Generating Stations (CGS) and state utilities like TANGEDCO, KSEB and PPCL. PPCL is a generating company within the UT of Puducherry catering to the requirement of Karaikal region. KSEB supplies for Mahe region under the UT of Puducherry.
- 3.6.2 The table below shows the summary of actual (provisional) Power Purchase from various sources along with their costs for FY 2016-17 including Transmission Charges, UI charges and purchase from traders.

		Approved (FY 2016-17)		Actuals (FY 2016-17)		5-17)	
S. No.	Particulars	Purchase	Cost (Rs.	Rate	Purchase	Cost (Rs.	Rate
		(MUs)	Cr.)	(Rs./unit)	(MUs)	Cr.)	(Rs./unit)
1	NTPC	1030.06	300.78	2.92	1213.78	354.81	2.92
2	NLC	781.99	281.71	3.60	584.78	215.43	3.68
3	NPCIL	562.14	217.51	3.87	545.50	173.79	3.19
4	KSEB	41.49	24.17	5.83	44.91	26.07	5.80
5	TANGEDCO	195.02	67.68	3.47	167.51	61.08	3.65
6	PPCL	232.16	87.17	3.75	231.32	77.72	3.36
7	Vallur	101.99	36.63	3.59	123.97	55.81	4.50
8	NTPL	65.70	29.58	4.50	127.09	56.63	4.46
9	Over drawal	14.36	0.26	0.18	25.93	0.75	0.29
10	Transmission Charges		59.36			62.20	
11	Rebate		(9.86)			(17.98)	
12	RPO Obligations		27.14				
13	Total	3024.91	1122.13	3.71	3064.80	1066.30	3.48

Table 3-5: Power Purchase Quantum & Cost for FY 2016-17

- 3.6.3 PED submits that for the FY 2016-17, RPO provision allowed by the Hon'ble Commission was Rs. 27.14 Crs against which the petitioner has not incurred any cost towards meeting the Renewable obligation. The non-compliance is on account of the shortage of funds due to budget constraints. The petitioner has also received 0.50 MUs of physical solar power on account of net metering in Puducherry.
- 3.6.4 The status of RPO compliance is tabulated below for FY 2016-17. The petitioner is making efforts to meet the pending RE obligation in FY 2017-18.

Particulars	Total	Solar Obligation	Non-solar Obligation
Sales (MUs)		2466.27	
RPO Obligation (%)	4.85%	1.65%	3.20%
RPO Requirement (MUs)	119.61	40.69	78.92
RPO met thru purchase of physical power / RECs (MUs)	0.50	0.50	
Outstanding RPO @ the end of previous year (MUs)	43.00	-2.64	45.64
RPO pending at the end of the year (MUs)	162.11	37.56	124.56

Table 3-6: Status of RPO obligation in FY 2016-17

3.6.5 The petitioner requests the Hon'ble Commission to approve power purchase quantum of 3064.80 MUs and power purchase cost (provisional actual) of Rs. 1066.30 Crs for FY 2016-17.

3.7 Operation & Maintenance Expenses

3.7.1 As per Regulation 21 of JERC MYT Regulations, 2014, the Hon'ble Commission shall stipulate separate trajectory of norms for each component of O&M expenses.

" 21. Operation & Maintenance Expenses

(a) The Commission shall stipulate a separate trajectory of norms for each of the components of O&M expenses viz., Employee cost, R&M expense and A&G expense.

Provided that such norms may be specified for a specific Distribution Licensee or a class of Distribution Licensees.

....

(c) One-time expenses such as expense due to change in accounting policy, arrears paid due to pay commissions etc., shall be excluded from the norms in the trajectory.

(d) The expenses beyond the control of the Distribution Licensee such as dearness allowance, terminal benefits in Employee cost etc., shall be excluded from the norms in the trajectory.

(e) The One-time expenses and the expenses beyond the control of the Distribution Licensee shall be allowed by the Commission over and above normative Operation & Maintenance Expenses after prudence check."

- 3.7.2 **Employee Expenses:** PED has computed the O&M (Employee) expense for FY 2016-17 based on the actual employee expenses incurred during the entire year.
- 3.7.2.1 The employee cost incurred during the year for FY 2016-17 is Rs. 93.69 Crores.

	Rs. Crs			
S. No.	Particulars	Approved	Actuals	
	Salaries & Allowances			
1	Salary		105.61	
2	Wages		0.65	
3	Stipend		1.50	
4	Transport Allowance		0.49	
5	Overtime Allowance		1.23	
	Sub - Total		109.46	
6	Less: Add/ Deduct Share of Others		0.86	
	Total	85.66	108.60	
7	Less: Amount Capitalised		14.92	
8	Total Employee Expenses	85.66	93.69	

- 3.7.2.2 PED submits that the transport allowance as included in the Table 3-7 is considered in A&G expenses in the accounts. However, in line with the ARR formats, the same has been considered in the employee cost while determining the ARR. Therefore, it is submitted that difference to the tune of transport allowance will be there in employee expenses as projected in the table above and employee expense as per accounts.
- 3.7.2.3 PED requests the Hon'ble Commission to kindly approve the actual cost during the year for FY 2016-17 as reflecting in annual accounts.
- 3.7.3 **Repairs & Maintenance Expenses:** The repairs and maintenance cost has been claimed as per expenses actually incurred during FY 2016-17.

		Rs. Crs
Particulars	Approved by Commission	Actuals
R&M Expenses	18.61	9.38

-17

- 3.7.3.1 As seen from the table above R&M expenses incurred actually for FY 2016-17 are much less than the approved level.
- 3.7.3.2 PED submits that the R&M expense is being met from budgetary provision and therefore is limited to the amount allocated under such budgetary provision only.
- 3.7.3.3 PED submits that R&M expenses are necessary for maintenance of infrastructure and for ensuring proper Standard of Performance of the utility. PED therefore requests the Hon'ble Commission to approve Rs. 9.38 Crs for FY 2016-17 as R&M expenses.

3.7.4 Administration & General expenses: The administrative expense mainly comprise of rents, professional charges, office expenses, etc. The expenses incurred by the petitioner for FY 2016-17 are shown in the table below.

			NS. CIS	
S.No.	Particulars	Approved by Commission	Actuals	
1	Rent,Rate and taxes		0.28	
	Other Professional charges

12	Total Expenses	10.02	12.30	
13	Less: Capitalised			
14	Net expenses	10.02	12.30	
15	Add: Prior period			
16	Total A&G Expenses charges to	10.02	12.30	
10	revenue	10.02	12.50	

Table 3-9 A&G Expenses for FY 2016-17

Rs. Crs

- 3.7.4.1 PED submits that the transport allowance as included in the Table 3-7 is considered under the head of A&G expenses in the accounts. However, in line with the ARR formats, the same has been considered in the employee cost while determining ARR. Therefore, it is submitted that difference to the tune of transport allowance will be there in A&G expenses submitted in above table and A&G expenses as per accounts.
- 3.7.4.2 An amount of Rs. 7.61 Crores has been incurred by PED towards payment of charges to EESL related to DELP scheme approved by the Commission.
- 3.7.4.3 The Hon'ble Commission is therefore requested to approve the A&G expenses of Rs. 12.30 Crs for FY 2016-17.
- 3.7.5 **O&M Expenses Summary:** Based on the foregoing paragraphs, the O&M expenses for the year FY 2016-17 are summarised below:

S. No.	Particulars	Approved by Commission	Actuals
1	Total Employee Expenses	85.66	93.69
2	Total R&M Expenses	18.61	9.38
3	Total A&G Expenses	10.02	12.30
	Total O&M Expenses	114.29	115.36

Table 3-10: O&M Expenses for FY 2016-17

Rs. Crs

Rs Crs

3.7.6 The Hon'ble Commission is requested to approve the O&M Expenses of Rs. 115.36 Crs for FY 2016-17 as shown in the table above. The details of O&M expense for FY 2016-17 are provided in the Formats 13, 15 & 16 of the Tariff Filing Formats.

3.8 Capital Work in Progress, GFA and Depreciation

3.8.1 **GFA**: The Opening Balance of GFA for FY 2016-17 comes to around Rs. 660.92 Crs as per provisional accounts. The following table shows the opening balance, additions and closing balance of GFA for FY 2016-17.

			N3. C13
S. No.	Particulars	Approved by Commission	Actuals
1	Opening value of the assets at the beginning of the year	660.92	660.92
2	Additions during the year	63.40	15.25
3	Value of assets sold/disposed off		-
4	Gross Fixed Assets at the end of the year	724.32	676.16

Table 3-11: GFA for FY 2016-17

- 3.8.2 PED submits that the Asset and Depreciation registers have been prepared and duly fixed assets' gross amount, accumulated depreciation and depreciation for the year have been shown in the accounts for FY 2016-17. PED hereby requests the Hon'ble Commission to approve the actual Gross Fixed Assets opening and additions as submitted above for FY 2016-17.
- 3.8.3 **Depreciation:** As per Regulation 23 of JERC MYT Regulations 2014, depreciation shall be calculated for each year of the Control Period on the original cost of the fixed assets of the corresponding year. Accordingly, the depreciation rates as specified by CERC have been adopted for calculation of depreciation on different asset categories.
- 3.8.4 As per the GFA and the applicable depreciation rates, PED has calculated the depreciation for the year FY 2016-17 as Rs. 24.81 Crs. The table shows the working of depreciation.

3.8.5 The rates of depreciation for various assets as used are tabulated below:

Fable 3-12: Rate of Depreciation applicable for various assets			
Description of Assets Rate of			
	Depreciation		
Land and Land Rights			
Building	3.34%		
Plant and Machinery	5.28%		
Lines and Cables	5.28%		
Office Equipment	6.33%		
IT Equipment	15.00%		
Vehicles	9.50%		
Furniture and Fixtures	6.33%		
Testing and measuring equipment	5.28%		
SCADA centre	5.28%		

3.8.6 The following table shows the depreciation arrived by PED for FY 2016-17 based on the approved depreciation rates specified by the Hon'ble Commission for different asset class.

	Rs. Crs		
S. No.	Particulars	Approved by Commission	Actuals
1	Opening value of the assets at the beginning of the year	660.92	660.92
2	Additions during the year	63.40	15.25
3	Value of assets sold /disposed off		-
4	Gross Fixed Assets at the end of the year	724.32	676.16
5	Net Depreciation for the year	36.41	24.81

Table 3-13: Depreciation for FY 2016-17

3.8.7 The Hon'ble Commission is requested to approve Rs. 24.81 Crs for FY 2016-17 as submitted in the table above.

3.9 Interest & Finance Charge

3.9.1 As per regulation 24 (b) of MYT Regulations, 2014,

"(b) If the equity deployed is more than 30% of the capital cost, equity in excess of 30% shall be treated as normative loan.

Provided that where equity actually deployed is less than 30% of the capital cost, the actual loan shall be considered for determination of interest on loans.

...

(e) The repayment for the control period shall be deemed to be equal to the depreciation allowed for the year."

3.9.2 The Regulation 24(b) provides for Interest and Finance Charges on Loan. PED has

submitted that the majority of capital assets are created out of the equity contribution from Government of Puducherry and the actual borrowing of loan is only to the extent of the R-APDRP schemes. The table below shows the Interest and Finance Charges vis-a-vis approved by the Hon'ble Commission.

	RS. Urs		
S. No.	Particulars	Approved	Actuals
1	Opening Normative Loan	139.56	139.56
2	Add: Normative Loan during the Year	44.38	10.67
3	Less: Normative Repayment	29.95	24.81
4	Closing Normative Loan	153.99	125.43
5	Average Normative Loan	146.78	132.49
6	Rate of Interest(@SBAR)	14.05%	14.05%
7	Interest on Normative Loan	20.62	18.62
7	Other Finance Charges	2.43	2.54
9	Total Interest and Finance Charges	23.05	21.15

Table 3-14: Interest & Finance Charges for FY 2016-17
Pc Crc

- 3.9.3 It is submitted that it has considered an addition of Rs. 15.25 Crs in the Gross Fixed Assets for FY 2016-17, which are considered to be funded through normative debt to the tune of 70%. The rate of interest considered is prevailing Prime Lending Rate of the State Bank of India as on 1st April of that relevant year.
- 3.9.4 Along with the normative interest calculated and claimed in the table highlighted above, it is submitted that certain financial charges are also incurred by the department which are related to charges claimed by the bank charges, finance charges, etc. which are claimed along with the interest in Table 3-14 of the Petition
- 3.9.5 The Hon'ble Commission is requested to approve the Interest & Finance Charges at Rs. 21.15 Crs as shown in the table for FY 2016-17. The details of Interest & Finance charges are provided in Format 10A of the Tariff Filing Formats.

3.10 Interest on Working Capital

- 3.10.1 As per Regulation 25 of JERC MYT Regulations, 2014, interest on Working Capital for retail supply activity of the licensee shall consist of:
 - Receivables for two months of billing
 - Less power purchase cost of one month
 - Less consumer security deposit but excluding bank guarantee/ fixed deposit receipt
 - Inventory for two months based on annual requirement for previous year.

3.10.2 The petitioner has considered the SBI base rate of 9.30% as prevailing as on 1st April 2016 and accordingly has computed the interest on working capital.

			Rs. Crs
S. No.	Particulars	Approved	Actuals
1	Two Months Receivable	218.86	206.30
2	Power Purchase Cost for one month	93.51	88.86
3	Total Consumer Security Deposit	178.37	177.70
4	Consumer Security Deposit excluding Bank Guarantee/ Fixed Deposit Receipts	178.37	177.70
5	Inventory for two months based on Aggregate Revenue Requirement of previous year	6.77	6.78
6	Total (1-2-4+5)	-46.25	-53.49
7	Interest Rate	9.30%	9.30%
8	Interest on Working Capital	0.00	0.00

3.10.3 The Interest on Working Capital approved by the Hon'ble Commission for the FY 2016-17 was Nil and claim by petitioner is also Nil.

3.11 Security Deposits

3.11.1 As per the Regulation 6.10 (8) of Electricity Supply Code Regulations, 2010:

"The distribution licensee shall pay interest, at the bank rate notified by the Reserve Bank of India from time to time on such security deposits taken from the consumer. In this regard it shall be the responsibility of the licensee to keep a watch on the bank rate from time to time.

The interest amount of previous financial year shall be adjusted in the energy bill issued in May/ June of each financial year depending on billing cycle."

3.11.2 The prevailing Bank rate is considered at 7.75% as notified by Reserve Bank of India with effect from 06th March 2016.

S. No.	Particulars	Approved	Actuals
1	Opening Security Deposit	136.67	161.58
2	Add: Deposits during the year	5	16.13
3	Less: Deposits refunded		
4	Less: Deposits n the form of BG/FDR		
5	Closing Security Deposit	141.67	177.70
6	Bank Rate	7.75%	7.75%
7	Interest on Security Deposit	10.79	13.15
8	Interest on security deposit paid		3.50

3.11.3 PED submits that even though the total Interest on security deposit is Rs. 13.15 Crs, PED paid Rs. 3.50 Crs to the consumers and the balance is proposed to be paid

during subsequent years. The Hon'ble Commission is requested to approve the Interest on Security Deposit of Rs. 3.50 Crs actually paid as shown in the table above.

3.12 Provision for bad debts

3.12.1 As per regulation 28 of Tariff Regulations 2009, Commission may allow a provision for bad debts up to 1% of receivables in the revenue requirement of the generating company / licensee. The relevant excerpts of the regulation are provided below.

" 28. Bad and Doubtful Debts:

The Commission may, after the generating company / licensee gets the receivables audited, allow a provision for bad debts up to 1% of receivables in the revenue requirement of the generating company / licensee. "

3.12.2 The petitioner is not claiming any provision for bad debts in for the FY 2016-17 and requests the Hon'ble Commission to consider the same.

Table 3-17: Bad and Doubtful Debts for FY 2016-17

S. No.	Particulars	Approved	Actuals
1	Bad and Doubtful Debts	NIL	NIL

3.13 Return on Capital Base/ Net Fixed Assets

- 3.13.1 The proviso of Regulation 27 of MYT Regulations 2014 provides for entitlement for Return on Equity. As per the regulations, RoE is allowed @16% on 30% of the capital base or actual equity, whichever is lower. However, assets funded by consumer contribution, capital subsidies/grants and corresponding depreciation shall not form part of the capital base.
- 3.13.2 In line with the methodology adopted by the Hon'ble Commission in Tariff order dated 16th May, 2017, the capital base for closing of the FY 2015-16 as per audited accounts is considered. Further, an equity addition in FY 2016-17 equal to 30% of asset capitalized in FY 2016-17 has been considered.
- 3.13.3 In line with the MYT regulation and the methodology adopted in the previous tariff order, PED has calculated the Return on Equity as outlined in the following table for FY 2016-17.

S. No.	Particulars	Approved	Actuals
1	Opening equity (30% of GFA)	198.28	198.27
2	Addition in Equity (30% of addition in GFA)	19.02	4.57
3	Closing Equity (1+2)	217.30	202.85
4	Average Equity Amount	207.79	200.56
6	Reasonable return @ 16%	33.25	32.09

Table 3-18: Return on Equity for FY 2016-17

Rs. Crs

(Rs (rs)

3.13.4 In view of above, the Hon'ble Commission is requested to kindly allow the above return on equity of **Rs. 32.09 Crs** for FY 2016-17.

3.14 Non-Tariff Income

- 3.14.1 The Non-Tariff Income comprises metering, late payment charges, interest on staff loans, income from trading, reconnection fee, UI sales/ Sales to Exchanges and miscellaneous income among others. The Non-Tariff Income approved by the Hon'ble Commission excluding revenue from sale of UI power in the ARR for FY 2016-17 was Rs. 8.10 Crs.
- 3.14.2 The details of non-tariff income (excluding revenue from UI power and other income) for FY 2016-17 are provided in **Format 20 of the Tariff Filing Formats**
- 3.14.3 The summary of total non-tariff income in line with the Commission's approach is tabulated below:

S. No.	Particulars	Approved	Actuals
1	Open access charges for wheeling of power		8.47
2	Income from trading of Materials		0.06
3	Misc. Receipts/income		4.44
4	Total income		12.97
5	Add: Prior period income		
6	Total Non-Tariff Income	8.10	12.97

Table 3-19: Non-Tariff Income for FY 2016-17

3.14.4 In view of above, the Hon'ble Commission is requested to kindly allow Non-Tariff Income of **Rs. 12.97 Crs** for FY 2016-17.

3.15 Revenue from sale of surplus power / other income

- 3.15.1 Revenue of Rs. 12.45 Crs has been earned by the petitioner from sale of power/ UI, URS scheme and RRAS.
- 3.15.2 The detailed break-up of the same is provided in the table below and is requested to

approve the same.

Table 3-20: Revenue from sale of surplus power and other income

(Rs. Crs)

S. No.	Particulars	Approved	Actuals
1	UI Sales / Sales to Exchange	5.39	10.32
2	Income from URS		1.99
3	Income from RRAS		0.14
4	Total	5.39	12.45

3.16 Revenue from Sale of Power at Existing Tariff

3.16.1 The Revenue from Tariff for FY 2016-17 was Rs. 1,209.09 Crs. Further, Rs 16.99 Crore has been deducted from revenue which was paid to consumers as an incentive for maintaining better power factor, which is in line with treatment done in the audited accounts. The category wise computation of revenue from retail tariff for FY 2016-17 is shown in the Table below.

			Rs. Crs		
S. No.	Particulars	Sales (MUs)			
	LT Category				
1	Domestic	699.82	169.01		
2	ОНОВ	10.21	1.15		
3	Commercial	210.92	128.66

12	Total HT	1265.14	778.72		
13	Total LT and HT	2466.27	1209.09		
14	Incentive to consumers		16.99		
15	Total	2466.27	1192.11		
	As approved in Tariff order dated 16th May, 2017 (excl Surcharge)	2566.17	1230.43		

Table 3-21: Revenue from Tariff for FY 2016-17

3.16.2 In view of above, the Hon'ble Commission is requested to kindly allow Revenue of Rs. 1,192.11 Crs net of incentive paid to consumers.

3.17 Aggregate Revenue Requirement for FY 2016-17

3.17.1 The Aggregate Revenue Requirement for FY 2016-17 as approved by the Hon'ble Commission in the Review of ARR for FY 2016-17 was Rs. 1,313.16 Crs. The calculation for Aggregate Revenue Requirement on the basis of actuals (provisional) for FY 2016-17 is shown below:

S. No.	Particulars	Claimed in APR	Approved by Commission	Actuals	
1	Cost of power purchase	1056.81	1122.12	1066.30	
2	Employee Costs	89.20	85.66	93.69	
3	Administration and General Expenses	33.54	10.02	12.30	
4	R&M expenses	19.01	18.61	9.38	
5	Depreciation	29.95	29.95	24.81	
6	Interest & Finance Charges	23.06	23.06	21.15	
7	Interest on Working Capital			-	
89	Interest on Security Deposit	4.00	4.00	3.50

Table 3-22: Calculation of ARR for FY 2016-17

3.17.2 The Petitioner hereby requests the Commission to approve the ARR of Rs. 1,237.78 Crs for FY 2016-17 as submitted above.

3.18 Revenue Gap for FY 2016-17

- 3.18.1 The Revenue Gap approved by the Hon'ble Commission for FY 2016-17 was Rs. 82.73 Crs.
- 3.18.2 The Revenue Gap as approved by the Hon'ble Commission and as calculated on the basis of provisional true up of FY 2016-17 is shown in the table below:

Rs. C	rs
-------	----

Rs. Crs

S. No.	Particulars	Approved	Actuals
1	Aggregate Revenue Requirement	1313.16	1237.78
2	Revenue from Sale of Power	1230.43	1192.11
3	Revenue Gap/ (Surplus)	82.73	45.68

3.18.3 The, Hon'ble Commission is requested to approve the revenue gap of Rs. 45.68 Crs for FY 2016-17 as shown in the table above.

CHAPTER 4. ANNUAL PERFORMANCE REVIEW FOR FY 2017-18

4.1 Background

- 4.1.1 PED had filed a petition for review of FY 2015-16 and ARR for MYT period FY 2016-17 to FY 2018-19, before the Hon'ble Commission on 04th January 2016. The Hon'ble Commission based on the Business Plan Order dated 04th December, 2015 and after undertaking a thorough analysis had issued the MYT Order for Control Period FY 2016-17 to FY 2018-19 determining tariff for FY 2016-17 along with the Annual Review for FY 2015-16 and True-up for FY 2013-14 on 24th May 2016.
- 4.1.2 This chapter summarizes each of the components of ARR for the second year of the Control Period i.e. FY 2017-18 and requests the Hon'ble Commission to review the performance for FY 2017-18. The Annual Performance Review for FY 2017-18 is based on actual data/ information for first 6 months (First Half H1) and as per the performance of PED and estimation/ projections for remaining 6 months (Second Half H2), wherever applicable. The projections for the second 6 months are arrived at based on the performance over the first half data/ information.

4.2 Approved ARR for FY 2017-18

4.2.1 The summary of the charges for FY 2017-18 as claimed by the petitioner in the last petition and as approved by the Hon'ble Commission in the tariff order dated 16th May, 2017 is tabulated below:

		Rs. Crs.		
S. No.	Particulars	Claimed by Petitioner	Approved by Commission	
1	Cost of power purchase including RPO	1182.27	1182.27	
2	Employee Cost	81.74	81.74	
3	Administration and General Expenses	5.56	5.56	
4	R&M Expenses	22.02	22.02	
5	Depreciation	37.96	37.96	
6	Interest and Finace Charges	33.00	33.00	
7	Interest on Working Capital +Interest on CSD	15.35	15.35	
8	Return on NFA / Equity	21.27	38.51	
9	Total Revenue Requirement	1399.17	1416.41	
10	Less: Non- Tariff Income	2.93	2.93	
11	Net Aggregate Revenue Requirement	1396.24	1413.48	

Table 4-1: Approved ARR of FY 2017-18

4.3 Number of Consumers

4.3.1 The Hon'ble Commission had approved 4.74 Lakh consumers in its Tariff Order dated 24th May, 2016 for FY 2017-18. Based on the number of consumers added during the first half of FY 2017-18, PED submits the revised estimates for FY 2017-18 as 4.80 Lakh consumers. A comparison of the revised estimates with earlier approved numbers is shown below:

S. No.	Particulars	Approved	Revised estimates
1	Domestic	321112	325845
2	ОНОВ	35539	35537
3	Commercial	51460	53962
4	Agriculture	6836	6940
5	Public Lighting	51297	50434
6	LT Industrial & Water Tanks	6815	6668
7	Total LT	473059	479386
8	HT 1 Industrial & Commercial	457	453
9	HT 2 Government & Water Tank	60	61
10	HT 3 EHT	8	7
11	Total HT	525	521
12	Total LT and HT	473584	479907

4.3.2 It is requested to the Hon'ble Commission to consider the revised number of consumers as submitted in the above table for FY 2017-18.

4.4 Energy Sales

4.4.1 The Hon'ble Commission had approved sales of 2980.60 MUs in the MYT tariff order dated 26th May, 2016 and the same was not revised last year. The revised category wise sales based on H1 FY 2017-18 is shown in the table below.

		Approved by	Revised Estimates		
S. No.	Particulars	Particulars Commission		FY 2017-18	
1	Domestic	891.74	402.35	733.82	
2	ОНОВ	10.38	5.11	10.21	
3	Commercial	217.71	122.22	222.92	
4	Agriculture	57	28.64	57.28	
5	Public Lighting	29.32	12.12	24.24	
6	LT Industrial & Water Tank	237.75	99.83	199.67	
7	Temporary Supply - LT&HT		4.00	8.00	
8	Total LT	1443.90	674.27	1256.13	
9	HT 1 Industrial & Commercial	1069.53	473.12	946.24	
10	HT 2 Government & Water Tank	68.18	34.09	68.18	
11	HT 3 EHT	398.99	148.01	296.02	
12	Total HT	1536.70	655.22	1310.45	
13	Total LT and HT	2980.60	1329.49	2566.58	

Table 4-3: Sales for FY 2017-18

4.4.2 PED submits that based on actual H1 sales, the energy sales projected for FY 2017-18 is considered two times considering the average sales growth (except for domestic and commercial categories). The sales for domestic and commercial categories for H1 and H2 have been considered in the ratio of 55:45. It is further submitted that still sales in the domestic and industrial category is not expected to grow as approved by the Hon'ble Commission and therefore, the sales projected by the

MUs

petitioner is lower than as approved in the MYT tariff order.

4.4.3 It is requested to Hon'ble Commission to approve the revised sales of 2,566.58 MUs for FY 2017-18.

4.5 T&D Loss & Energy Requirement

4.5.1 PED is submitting revised estimate of 13.20% as the T&D loss for FY 2017-18. The Hon'ble Commission had approved T&D loss of 11.25% in Tariff Order for FY 2017-18. The information regarding the loss levels based on H1 and expected loss level for FY 2017-18 is shown in the table below –

		Approved by	Revised Estimates		
S. No.	Particulars	Commission	H1 FY 2017- 18	FY 2017-18	
Α	ENERGY REQUIREMENT				
1	Energy Sales within the UT (MUs)	2940.49	1329.48	2566.58	
2	Energy Drawal by TANGEDCo* (MUs)		8.39	13.98	
3	Sale to Open Access Consumer (MUs)		20.22	20.22	
4	Total Sales (MUs)	2940.49	1358.09	2600.78	
5	T&D Losses (%)	11.25%	13.20%	13.20%	
6	Energy Required for the Territories (MUs)	3313.23	1564.65	2996.34	
7	Sales to common pool consumers / UI (MUs)		49.61	49.61	
8	Energy Requirement @ periphery (MUs)	3313.23	1614.26	3045.95	
В	ENERGY AVAILABILITY				
1	Gross Energy Energy Purchase (MUs)	3468.78	1646.34	3069.16	
2	Power purchase from Common Pool / UI / Others (MUs)		18.13	18.13	
3	Open access power at periphery (MUs)		20.39	20.39	
4	Total Power Purchase (MUs)	3468.78	1684.85	3107.68	
5	External Losses (MUs)	155.55	70.59	61.73	
6	Net Energy Availability (MUs)	3313.23	1614.26	3045.95	

Table 4-4: T&D Loss and Energy Balance for FY 2017-18

*The explanation for the same has been provided in para 4.5.2 below.

4.5.2 At Puducherry, pockets of Tamilnadu region are being fed by Puducherry 110kV substation at 22kV level feeders. These feeders are metered at sub-station end. Normally, Puducherry region draws certain power from TNEB 110kV feeder and TNEB would bill PED after deducting energy consumption by their 22kV feeders. During the year FY 2014-15, due to surplus power available with Puducherry from CGS, PED has not drawn any power from 110kV TNEB feeders. The matter has been taken up with TNEB at Chennai to deduct their 22kV feeder consumption at Puducherry region from the TNEB sale of power at Karaikal region. The above adjustment is yet to be made by TNEB. As the power is being injected into the PED grid and drawn from the sub-station located within Puducherry region, T&D loss are applicable on the power drawn by TNEB feeders.

- 4.5.3 PED submits that it has been achieving significant reduction in T&D losses and is having one of the lower T&D losses in India. These efforts shall be continued and will be enhanced. However, the loss reduction is a slow process and as the loss levels come down further reduction in loss becomes difficult. Since PED has already achieved a T&D loss of <15%, loss reduction trajectory cannot be considered at the same rate considered previously.
- 4.5.4 PED submits the revised estimates of power purchase as against the 3468.78 MUs approved by the Hon'ble Commission. PED hereby submits that the H2 power purchase is projected on the principles of MOD and accordingly the energy balance has been revised.
- 4.5.5 PED submits that in comparison with the approved figures, projected T&D loss is higher but lower than FY 2016-17 losses. Therefore, the petitioner requests the Hon'ble Commission to approve the T&D loss of 13.20% for FY 2017-18.

4.6 Power Purchase Quantum & Cost for FY 2017-18

4.6.1 Cost of Power Purchase for H1 FY 2017-18

- 4.6.1.1 PED meets its total energy requirement from its allocation from the Central Generating Stations (CGS) and state utilities like TANGEDCO, KSEB and PPCL. PPCL is a generating company within the UT of Puducherry catering to Karaikal region of PED. KSEB supplies for Mahe region under the UT of Puducherry.
- 4.6.1.2 The table below shows the summary of Power Purchase from various sources along with their costs for the 1st half of FY 2017-18 including transmission charges, UI charges and purchase from traders/exchange.
- 4.6.1.3 The power purchase cost in H1 FY 2017-18 includes supplementary/ prior period charges amounting to Rs. 52.42 Crs.

		H1 FY 2017-18 (Actual		
S. No.	Particulars	Purchase	Cost (Rs.	Rate
		(MUs)	Cr.)	(Rs./unit)
1	NTPC	629.36	184.83	2.94
2	NLC	386.03	150.69	3.90
3	NPCIL	255.04	87.08	3.41
4	KSEB	22.35	14.13	6.32
5	TANGEDCO	113.29	41.01	3.62
6	PPCL	105.70	36.46	3.45
7	Vallur	66.31	31.39	4.73
8	NTPL	68.25	32.32	4.74
9	Over drawal	18.13	1.10	
10	Transmission Charges		29.97	
11	Rebate		(9.41)	
12	RPO Compliance Cost			
13	Total	1664.47	599.58	3.60

Table 4-5: Power Purchase Quantum & Cost for H1-FY 2017-18

4.7 Cost of Power Purchase for FY 2017-18

- 4.7.1 **Power Purchase quantum for FY 2017-18 (H1 + H2):** For the year FY 2017-18, PED has projected the power purchase by considering the actual power purchase for the 1st half of the year FY 2017-18 (i.e. Apr '17 Sep '17) and considering power purchase under the principle of MOD for second half H2 FY 2017-18. The key assumptions for power purchase costs are as under:
 - a. **MOD for H2 FY 2017-18:** The power purchase for second half has been considered under the principle of MOD. The must run stations has been identified as all the NPCIL plants, KSEB, TNEB and PPCL. The remaining quantum of power is envisaged to be purchased from the remaining available sources. The Power purchase under MOD has been arrived at as follows:
 - b. The fixed charges for all the generating stations have been taken same as incurred in FY 2016-17.
 - c. The variable cost for FY 2017-18 has been computed considering actual average variable cost of each source for first six months period of April-September 2017.
 - d. The other costs which includes ED, Cess, Incentive, MOPA etc and supplementary charges are considered on actual basis paid in first six months period of April September 2017.
 - e. An additional cost of Rs. 54.04 Crs has been considered for TANGEDCO (Karaikal) in FY 2017-18 pertaining to prior period charges (April 2014 to October 2017) which would be raised in the second half of the current year.

The charges have been determined based on the communication received from TANGEDCO vide letter No. CFC /REV /FC /REV /DFC /R.1 /F.Pondicherry /D.757 /2017, dt. 10.11.2017, towards claim of prior period charges on the basis of tariff order issued by CERC. The letter has been enclosed as Annexure III.

- f. For TANGEDCO (Karaikal), the rate for first seven months of FY 2017-18 has been considered as Rs. 3.62/ kWh and for the remaining five months rate of Rs. 5.47/ kWh has been considered based on the letter mentioned above.
- g. The power purchase cost for power over-drawl from grid is considered on actual basis paid in first six months period of April - September 2017 only. For H2 FY 2017-18, over-drawl is not assumed under the principle of MOD.
- h. PED submits that it is obliged to comply with the Renewable Purchase Obligation of 6.70%. The petitioner plans to procure 133.3 MUs of non-solar RECs in the second half of the year and 0.75 MUs of physical solar power is also accounted under RPO due to net metering. The RPO compliance cost is included in the power purchase cost which is arrived upon as follows.

Particulars	Total	Solar Obligation	Non-solar Obligation
Sales (MUs)		2566.58	
RPO Obligation (%)	6.70%	2.50%	4.20%
RPO Requirement (MUs)	171.96	64.16	107.80
RPO met thru purchase of physical power/ RECs (MUs)	134.05	0.75	133.3
Cost of RPO compliance thru RECs (Rs. Crs)			20.00
Outstanding RPO @ the end of previous year (MUs)	162.11	37.56	124.56
RPO pending at the end of the year (MUs)	200.02	100.97	99.05

 Table 4-6: RPO Compliance Cost for FY 2017-18

- As outlined in the above table, the estimated cost towards RPO compliance is Rs. 20.00 Crs which the petitioner will be incurring during the second half FY 2017-18.
- j. The Transmission Charges for FY 2017-18 are considered as per POC computation and actually incurred in H1. However, for H2 calculation, the similar amount as charged in H1 of FY 2017-18 has been considered for calculation of total transmission charges.
- 4.7.2 The revised Power Purchase Cost Summary for FY 2017-18 is outlined as below:

		FY 2017-18 (Revised Estimates)		
S. No.	Particulars	Purchase (MUs)	Cost (Rs. Cr.)	Rate (Rs./unit)
1	NTPC	1134.53	319.69	2.82
2	NLC	642.54	319.22	4.97
3	NPCIL	517.49	163.68	3.16
4	KSEB	44.70	28.18	6.30
5	TANGEDCO	226.59	153.53	6.78
6	PPCL	216.37	68.11	3.15
7	Vallur	126.97	62.17	4.90
8	NTPL	159.97	72.55	4.54
9	Over drawal	18.13	1.10	
10	Transmission Charges		59.94	
11	Rebate		(18.82)	
12	RPO Compliance Cost		20.00	
13	Total	3087.29	1249.35	4.05

Table 4-7: Power Purchase Cost for FY 2017-18

4.7.3 The Petitioner hereby requests the Commission to approve the power purchase quantum of 3087.29 MUs and power purchase cost of Rs. 1249.35 Crs (inclusive of rebate) for FY 2017-18 as submitted above.

4.8 Operation & Maintenance Expenses

4.8.1 As per Regulation 21 of JERC MYT Regulations, 2014, the Hon'ble Commission shall stipulate separate trajectory of norms for each component of O&M expenses.

" 21. Operation & Maintenance Expenses

(a) The Commission shall stipulate a separate trajectory of norms for each of the components of O&M expenses viz., Employee cost, R&M expense and A&G expense.

Provided that such norms may be specified for a specific Distribution Licensee or a class of Distribution Licensees.

••••

(c) One-time expenses such as expense due to change in accounting policy, arrears paid due to pay commissions etc., shall be excluded from the norms in the trajectory.

(d) The expenses beyond the control of the Distribution Licensee such as dearness allowance, terminal benefits in Employee cost etc., shall be excluded from the norms in the trajectory.

(e) The One-time expenses and the expenses beyond the control of the Distribution Licensee shall be allowed by the Commission over and above normative Operation & Maintenance Expenses after prudence check."

4.8.2 Employee Expenses for FY 2017-18:

- 4.8.2.1 As per Regulation 21.1 of JERC MYT Regulations, 2014 expenses beyond the control of the Distribution Licensee like arrears and impact of pay commission shall be adjusted.
- 4.8.2.2 The relevant extract of regulations is reproduced below for reference.

"21.1 Employee Cost

Employee cost shall be computed as per the approved norm escalated by wholesale price index (WPI), adjusted by provisions for expenses beyond the control of the Distribution Licensee and one time expected expenses, such as recovery/adjustment of terminal benefits, **implications of pay commission**, **arrears** and Interim Relief, governed by the following formula:

EMPn = (*EMP_b* * *WPI* inflation) + *Provision*

Provision: Provision for expenses as necessitated by the licensee due to expansion of the consumer base, **yearly increments of Employees**, and any expected one-time expenses as specified above."

- 4.8.2.3 PED has computed the employee expense for FY 2017-18 based on the norms approved in the business plan order dated 04th December, 2015 and methodology adopted by the Hon'ble Commission in tariff order dated 16th May, 2017.
- 4.8.2.4 For purpose of Review of FY 2017-18, the normative per employee cost has been suitably escalated by moving average WPI of the previous 3 FYs as mentioned below.

FY	WPI	% age increase	Avg 3 Yrs increase
FY 2010-11	143.33		
FY 2011-12	156.13	8.93%	
FY 2012-13	167.62	7.36%	
FY 2013-14	177.64	5.98%	
FY 2014-15	181.19	2.00%	7.42%
FY 2015-16	176.67	-2.49%	5.11%
FY 2016-17	182.93	3.54%	1.83%
			1.02%

Table 4-8: Calculation of WPI for projection of Per Employee Cost Norms

4.8.2.5 The petitioner has also included an additional cost of Rs. 15.48 Crs (difference between FY 2015-16 and FY 2016-17 actual employee cost) considering the impact of 7th Pay Commission and also recruitment of employees in FY 2016-17. The employee cost for FY 2017-18 has been calculated as shown below.

S. No.	Particulars	FY 2013-14 As approved in the Business Plan	FY 2014-15 Escalating Col c @ 7.43%	FY 2015- 16 Col d @ 5.11%	FY 2016-17 Col e @ 1.83%	FY 2017-18 Col f @ 1.02%
а	b	С	d	е	f	g
1	Employee Expenses Per Employee (Rs)	312285	335488	352631	359084	362747
2	No of Employee Per '000 Consumers					4.52
3	No of Consumers '000					480
4	No of Employee					2169
5	Employee Expenses					78.69
6	Impact of 7th Pay Commission and recruitment of employees in FY 17					15.48
7	Total Employee Expense					94.17

Table 4-9: Employee Expenses for FY 2017-18

- 4.8.2.6 Therefore, the petitioner requests the Hon'ble Commission to approve Rs. 94.17 Crs as the employee expenses for FY 2017-18.
- 4.8.3 **Repairs & Maintenance Expenses for FY 2017-18:** The revised R&M expense for the current year has been arrived as based on k-factor of 2.68% approved by the Hon'ble Commission in the business plan order dated 04th December 2015 and opening gross fixed assets for the FY 2017-18. The CPI index of 5.35% and WPI index of 1.02% has been considered in 60:40 ratio.

S. No.	Particulars	FY 2017-18
1	Op. GFA - Rs. Crs	676.16
2	K Factor - Approved by Commission	2.68%
3	Inflation index (60:40=CPI:WPI)	3.62%
4	R&M Expenses - Rs. Crs	18.78

Table 4-10: R&M Expenses for FY 2017-18

4.8.3.1 In view of the above, the Hon'ble Commission is requested to kindly allow the above R&M Expenses of Rs. 18.78 Crs for FY 2017-18.

4.8.4 Administration & General expenses for FY 2017-18:

4.8.4.1 As per Regulation 21.3 of JERC MYT Regulations, 2014 there is provision for expected expenses and one-time expenses.

"21.3 Administrative and General Expenses

A&G expenses shall be computed as per the norm escalated by wholesale price index (WPI) and adjusted by provisions for confirmed initiatives (IT etc. initiatives as proposed by the Distribution Licensee and validated by the Commission) or other expected one-time expenses, and shall be governed by following formula:

 $A\&G_n = (A\&G_b * WPI inflation) + Provision$ where:

A&Gn: A&G expense for the year $n A \& G_b$:

A&G expense as per the norm WPI inflation: is the average increase in the Wholesale Price Index (WPI) for immediately preceding three years **Provision:** Cost for initiatives or other one-time expenses as proposed by the Distribution Licensee and validated by the Commission. "

4.8.4.2 The Hon'ble Commission has also taken note of the increase in expenses from FY
 2014-15 onwards and has agreed to consider the same after prudence check.
 "7.10 The Commission reiterates that as per the Regulations, provisions for

"7.10 The Commission reiterates that as per the Regulations, provisions for one-time expenses are there and the same shall be allowed on 'as and when basis' after due prudence check by the Commission."

- 4.8.4.3 The A&G expenses have been computed based on the norms approved in the business plan order dated 04th December, 2015 and methodology adopted by the Hon'ble Commission in tariff order dated 16th May, 2017
- 4.8.4.4 The base expenses have been suitably escalated by the moving average WPI to arrive at the A&G Expenses for the FY 2017-18.
- 4.8.4.5 An amount of Rs. 3.85 Crores has been incurred by PED towards payment of charges to EESL related to DELP scheme approved by the Commission.
- 4.8.4.6 The normative A&G expenses calculated as per norms for FY 2017-18 is tabulated below.

S. No.	Particulars	FY 2012-13 As approved in the Business Plan	FY 2013-14 Escalating Col c @ 5.98%	FY 2014- 15 Col d @ 7.43%	FY 2015- 16 Col e @ 5.11%	FY 2016- 17 Col f @ 1.83%	FY 2017- 18 Col g @ 1.02%

2	Average A&G Expenses Per '000 Consumers (Rs)	103436	109621	117766	123784	126049	127335
3	No of Employee						2169
4	No of Consumers '000						480
5	A&G Expenses Per Employee - 50% weightage						2.35
6	A&G Expenses Per '000 Consumers - 50% weightage						3.06
7	A&G Expenses						5.40

Table 4-11: A&G Expenses for FY 2017-18

4.8.4.7 The total A&G expenses for FY 2017-18 is tabulated below and it is requested to the Hon'ble Commission to approve the same.

		(Rs. Crs)
Particulars	Approved by Commission	Revised Estimates
A&G Expenses	5.56	5.40
EESL charges		3.85
Total A&G charges	5.56	9.25

Table 4-12: A&G Expenses for FY 2017-18

(- -)

(Rs Crs)

4.8.5 **O&M Expenses Summary FY 2017-18:** Based on the foregoing paragraphs, the revised O&M expenses for the year FY 2017-18 vis-a-vis the approved level by the Hon'ble Commission is shown in the table below:

Table 4-13: O&M Expenses for FY 2017-18

			(113) 013)
S. No.	Particulars	Approved by Commission	Revised Estimates
1	Total Employee Expenses	81.74	94.17
2	Total R&M Expenses	22.02	18.78
3	Total A&G Expenses	5.56	9.25
4	Total O&M Expenses	109.32	122.19

4.8.6 The Hon'ble Commission is requested to approve the O&M Expenses of Rs. 122.19 Crs as shown in the table above. The details of O&M expense for FY 2017-18 are provided in the Formats 13, 15 & 16 of the Tariff Filing Formats.

4.9 Capital Work in Progress, GFA and Depreciation

4.9.1 **GFA**: The Opening Balance of GFA for FY 2017-18 comes to around Rs. 676.16 Crs. The additions to GFA are estimated to be around Rs. 64.49 Crs; the details of which are provided in the table below:

Table 4-14: GFA Revised Estimates

			(Rs. Crs)
S. No.	Particulars	Approved by Commission	Revised Estimates
1	Opening value of the assets at the beginning of the year	765.41	676.16
2	Additions during the year	156.14	64.49
3	Value of assets sold/disposed off		-
4	Gross Fixed Assets at the end of the year	921.55	740.66

- 4.9.2 PED hereby requests the Hon'ble Commission to approve the revised estimates for Gross Fixed Assets as submitted above.
- 4.9.3 **Depreciation:** "As per Regulation 23 of JERC MYT Regulations 2014, depreciation shall be calculated for each year of the Control Period on the original cost of the fixed assets of the corresponding year. Accordingly, the depreciation rates as

specified by CERC have been adopted for calculation of depreciation on different asset categories.

4.9.4 As per the GFA and the applicable depreciation rates, PED has calculated the depreciation for the year FY 2017-18 as Rs. 26.51 Crs. The table shows the working of depreciation.

			(RS. CrS)
S. No.	Particulars	Approved by Commission	Revised Estimates
1	Opening value of the assets at the beginning of the year	765.41	676.16
2	Additions during the year	156.14	64.49
3	Value of assets sold /disposed off		-
4	Gross Fixed Assets at the end of the year	921.55	740.66
5	Net Depreciation for the year	37.96	26.51

Table 4-15: Depreci	ation for FY	2017-18
Table		201/-10

(Rs. Crs)

4.9.5 PED hereby requests the Commission to approve the revised estimates of depreciation as submitted above.

4.10 Interest & Finance Charge

4.10.1 As per regulation 24 (b) of MYT Regulations, 2014,

"(b) If the equity deployed is more than 30% of the capital cost, equity in excess of 30% shall be treated as normative loan.

Provided that where equity actually deployed is less than 30% of the capital cost, the actual loan shall be considered for determination of interest on loans.

..

(e) The repayment for the control period shall be deemed to be equal to the depreciation allowed for the year."

4.10.2 The Regulation 24(b) provides for Interest and Finance Charges on Loan. PED has submitted that the majority of capital assets are created out of the equity contribution from Government of Puducherry and the actual borrowing of loan is only to the extent of the R-APDRP schemes. The table below shows the Interest and Finance Charges vis-a-vis approved by the Hon'ble Commission. The Interest and Finance Charges as per the revised estimates for FY 2017-18 is Rs. 21.59 Crs. The summary of Interest and Finance Charges as claimed by the petitioner and as approved by the Commission for FY 2017-18 along with revised estimates is tabulated below:

	(Rs. Crs)			
S. No.	Particulars	Approved by Commission	Revised Estimates	
1	Opening Normative Loan	183.03	125.43	
2	Add: Normative Loan during the Year	109.3	45.15	
3	Less: Normative Repayment	37.96	26.51	
4	Closing Normative Loan	254.37	144.06	
5	Average Normative Loan	218.70	134.74	
6	Rate of Interest(@SBAR)	14.05%	14.05%	
7	Interest on Normative Loan	30.73	18.93	
7	Other Finance Charges	2.27	2.66	
9	Total Interest and Finance Charges	33.00	21.59	

Table 4-16: Interest & Finance Charges for FY 2017-18

- 4.10.3 It is submitted that it has considered an addition of Rs. 64.49 Crs in the Gross Fixed Assets for FY 2017-18, which are considered to be funded through normative debt to the tune of 70%. The rate of interest considered is prevailing Prime Lending Rate of the State Bank of India as on 1st April of that relevant year.
- 4.10.4 Along with the normative interest calculated and claimed in the table highlighted above, it is submitted that certain financial charges are also incurred by the department which are related to charges claimed by the bank charges, finance charges, etc. which are claimed along with the interest in Table 5-16 of the Petition
- 4.10.5 The Hon'ble Commission is requested to approve the Interest & Finance Charges at Rs. 21.59 Crs as shown in the table for FY 2017-18. The details of Interest & Finance charges are provided in Format 10A of the Tariff Filing Formats.

4.11 Interest on Working Capital

- 4.11.1 As per Regulation 25 of JERC MYT Regulations, 2014, interest on Working Capital for retail supply activity of the licensee shall consist of:
 - Receivables for two months of billing
 - Less power purchase cost of one month
 - Less consumer security deposit but excluding bank guarantee/ fixed deposit receipt
 - Inventory for two months based on annual requirement for previous year.
- 4.11.2 The petitioner has considered the SBI base rate of 9.30% as prevailing as on 1st April 2017 and accordingly has computed the interest on working capital.

S. No.	Particulars	Approved by Commission	Revised Estimates
1	Two months receivable	232.71	240.59
2	Power purchase cost for one month	98.52	104.11
3	Total Consumer security deposit	208.72	193.83
4	Consumer Security Deposit excluding Bank Guarantee/ Fixed Deposit Receipts	208.72	193.83
5	Inventory for two months based on Aggregate Revenue Requirement of previous year	4.65	7.77
6	total (1-2-4+5)	(69.88)	(49.58)
7	Interest Rate	9.30%	9.30%
8	Interest on Working Capital	0.00	0.00

Table 4-17: Interest on Working Capital FY 2017-18

4.11.3 The Interest on Working Capital approved by the Hon'ble Commission for the FY 2017-18 was Nil. On the basis of the revised estimates for FY 2017-18, the interest on working capital comes to Nil.

4.12 Security Deposits

4.12.1 As per the Regulation 6.10 (8) of Electricity Supply Code Regulations, 2010:

"The distribution licensee shall pay interest, at the bank rate notified by the Reserve Bank of India from time to time on such security deposits taken from the consumer. In this regard it shall be the responsibility of the licensee to keep a watch on the bank rate from time to time.

The interest amount of previous financial year shall be adjusted in the energy bill issued in May/ June of each financial year depending on billing cycle."

4.12.2 The prevailing Bank rate is considered at 6.75% as notified by Reserve Bank of India as on 01st April 2017.

			(Rs Crs)
S. No.	Particulars	Approved by Commission	Revised Estimates
1	Opening Security Deposit	187.41	177.70
2	Add: Deposits during the year	21.31	16.13
3	Less: Deposits refunded		
4	Less: Deposits n the form of BG/FDR		
5	Closing Security Deposit	208.72	193.83
6	Bank Rate	7.75%	6.75%
7	Interest on Security Deposit	15.35	12.54
8	Interest on security deposit to be paid		3.50

4.12.3 PED submits that even though the total Interest on security deposit is Rs. 12.54 Crs, it is expected that the Petitioner would be able to pay Rs. 3.50 Crs to the consumers

and the balance is proposed to be paid during subsequent years. The Hon'ble Commission is requested to approve the Interest on Security Deposit of Rs. 3.50 Crs actually estimated to be paid as shown in the table above.

4.13 Provision for bad debts

4.13.1 PED is not claiming any provision for bad & doubtful debts in the ARR of FY 2017-18, for pass through in tariff to consumers and may consider during true-up of the FY 2017-18 as per audited financial statements.

Particulars	Approved by Commission	Revised estimate
Bad and Doubtful Debts	NIL	NIL

Table 4-19: Bad and doubtful debts for FY 2017-18

4.13.2 The Hon'ble Commission is requested to kindly approve the same.

4.14 Return on Capital Base/ Net Fixed Assets

- 4.14.1 The proviso of Regulation 27 of MYT Regulations 2014 provides for entitlement for Return on Equity. As per the regulations, RoE is allowed @16% on 30% of the capital base or actual equity, whichever is lower. However, assets funded by consumer contribution, capital subsidies/grants and corresponding depreciation shall not form part of the capital base.
- 4.14.2 In line with the methodology adopted by the Hon'ble Commission in Tariff order dated 16th May, 2017, the capital base for closing of the FY 2016-17 as per the last chapter is considered. Further, an equity addition in FY 2017-18 equal to 30% of asset capitalized in FY 2017-18 has been considered.
- 4.14.3 In line with the MYT regulation and the methodology adopted in the previous tariff order, PED has calculated the Return on Equity as outlined in the following table for FY 2017-18.

			(Rs. Crs).
S. No.	Particulars	Approved by Commission	Revised Estimates
1	Opening equity (30% of GFA)	217.30	202.85
2	Addition in Equity (30% of addition in GFA)	46.84	19.35
3	Closing Equity (1+2)	264.14	222.20
4	Average Equity Amount	240.72	212.52
7	Return on Equity - 16%	38.52	34.00

Table 4-20: Re	turn on	vtiuna	for FY	2017-18

4.14.4 In view of above, the Hon'ble Commission is requested to kindly allow the above Return on equity of Rs. 34.00 Crs.

4.15 Non-Tariff Income

- 4.15.1 The Non-Tariff Income comprises metering, late payment charges, interest on staff loans, income from trading, reconnection fee, UI sales/ Sales to Exchanges and miscellaneous income among others. The Non-Tariff Income approved by the Hon'ble Commission excluding revenue from sale of UI power in the ARR for FY 2017-18 was Rs. 2.93 Crs.
- 4.15.2 The details of non-tariff income (excluding revenue from UI power and other income) for FY 2017-18 are provided in **Format 20 of the Tariff Filing Formats**
- 4.15.3 The summary of total non-tariff income in line with the Commission's approach is tabulated below:

			(RS. CrS)
S. No.	Particulars	Approved by Commission	Revised Estimates
1	Open access charges for wheeling of power		4.75
2	Income from trading of Materials		0.06
3	Misc. Receipts/income		4.44
4	Total income		9.26
5	Add: Prior period income		
6	Total Non-Tariff Income	2.93	9.26

Table 4-21: Non-tariff	income fo	or FY	2017-18
	meenic re		201/ 10

4.15.4 In view of above, the Hon'ble Commission is requested to kindly allow Non-Tariff Income of **Rs. 9.26 Crs** for FY 2017-18.

4.16 Revenue from sale of surplus power / other income

- 4.16.1 Revenue of Rs. 4.34 Crs has been earned by the petitioner from sale of power/ UI and URS scheme.
- 4.16.2 The detailed break-up of the same is provided in the table below and is requested to approve the same.

S. No.	Particulars	Approved	Actuals
1	UI Sales / Sales to Exchange		4.14
2	Income from URS		0.20
3	Income from RRAS		
4	Total	-	4.34

4.17 Revenue from Sale of Power at Existing Tariff

4.17.1 The Revenue from Tariff for FY 2017-18 approved by the Hon'ble Commission was Rs. 1,499.91 Crs. The Revenue from Tariff for FY 2017-18 as per revised estimates

comes to Rs. 1,299.37 Crs net of incentive to consumers of Rs. 9.28 Crs. The summary of Revenue from Tariff as approved by the Commission and as per revised estimates for FY 2017-18, is tabulated below:

S. No.	Particulars	Sales (MUs)	Revenue (Rs.Crs)
	LT Category		
1	Domestic	733.82	185.61
2	ОНОВ	10.21	1.20

9	Return on NFA/ Equity	38.51	34.00
10	Total Revenue Requirement	1416.41	1457.15
11	Less: Non- Tariff Income	2.93	9.26
12	Less: Revenue from sale of surplus power and other income		4.34
13	Net Aggregate Revenue Requirement	1413.48	1443.55

Table 4-24: Calculation of ARR for FY 2017-18

(Rs. Crs)

4.18.2 PED hereby requests the Hon'ble Commission to approve the revised ARR of Rs. 1443.55 Crs for FY 2017-18 as submitted above.

4.19 Revenue Gap for FY 2017-18

4.19.1 The Revenue Gap as approved by the Hon'ble Commission for FY 2017-18 and as calculated on the basis of revised estimates in this petition is shown in the table below:

Table 4-25: Revenue Gap for FY 2017-18

Rs. Crs

S. No.	Particulars	Approved by Commission	Revised Estimates
1	Aggregate Revenue Requirement	1413.48	1443.55
2	Revenue from Sale of Power @ existing tariff	1499.91	1299.37
3	Revenue Gap/ (Surplus)	-86.43	144.18

4.19.2 In view of above, the Hon'ble Commission is requested to kindly approve the revenue gap of Rs. 144.18 Crs for FY 2017-18.

CHAPTER 5. ANNUAL REVENUE REQUIREMENT FOR FY 2018-19

5.1 Preamble

- 5.1.1 The Joint Electricity Regulatory Commission notified the Joint Electricity Regulatory Commission for the State of Goa and Union Territories (Multi Year Distribution Tariff) Regulations, 2014. As per the same, the Hon'ble Commission shall determine the tariff for the distribution business of electricity under a Multi-Year Tariff framework with effect from April, 2015. However, the Hon'ble Commission decided to postpone the implementation of the MYT Control period by a year to FY 2016-17 in the Tariff order dated 10th April, 2015. The Commission also notified the first amendment to JERC MYT Regulations dated 10th August, 2015. Earlier the Joint Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations 2009 were applicable for determination of tariff.
- 5.1.2 The said MYT Regulations and the Tariff Order dated 10th April, 2015 directs the Distribution license to submit their Multi-Year Business Plan for the Control Period FY 2016-17 to FY 2018-19, which Electricity Department, Puducherry had submitted on August, 2015 which was in line with the MYT Regulations.
- 5.1.3 Based on the MYT regulations and its amendment and the Business Plan Order dated 04th December, 2015, the petitioner filed the MYT petition for the Control Period i.e. FY 2016-17 to FY 2018-19. After thorough analysis and scrutiny the Hon'ble Commission vide Tariff Order dated 24th May, 2016 approved the ARR for all three years of the Control Period and determined tariff for FY 2016-17.
- 5.1.4 The Hon'ble Commission also carried out the review of FY 2016-17, approved the ARR for FY 2017-18 and determined the tariff for FY 2017-18 vide its tariff order dated 16th May, 2017.
- 5.1.5 This chapter provides the details of the expenditure approved by the Hon'ble Commission for the FY 2018-19 vide Tariff Order dated 24th May, 2016 and the revised estimates based on the performance in previous year and current year. Accordingly, the revenue from the existing tariff with the Revenue gap / (surplus) is determined so as to propose the tariff design / proposal for recovery from the consumers during the FY 2018-19.

5.2 Number of Consumers

5.2.1 The Hon'ble Commission had approved 4.90 Lakh consumers in its Tariff Order dated 24th May, 2016 for FY 2018-19. Based on the number of consumers added during the FY 2016-17 and H1 FY 2017-18, PED submits the revised estimates for FY 2018-19 as 4.93 Lakh consumers. A comparison of the revised estimates with earlier approved numbers is shown below:

S. No.	Particulars	Approved	Revised estimates
1	Domestic	335412	337845
2	ОНОВ	35539	35537
3	Commercial	53224	55762

11	Total HT	543	540
12	Total LT and HT	490279	493966

	Table 5-1: Details of Number of Consum	ers for FY 2018-19
--	--	--------------------

5.2.2 It is requested to the Hon'ble Commission to consider the revised number of consumers as submitted in the above table for FY 2018-19.

5.3 Energy Sales

- 5.3.1 The Hon'ble Commission had approved sales of 3177.04 MUs in the MYT tariff order dated 26th May, 2016.
- 5.3.2 The petitioner submits to the Hon'ble Commission that the sales during the control period have been lower than the sales forecasted and approved in the MYT order dated 26th May, 2016. In view of the same the petitioner has re-determined the sales for FY 2018-19 based on the past 4 yr data. The y-o-y growth, 2 year CAGR and 3 year CAGR have been worked out for FY 2014-15 to FY 2017-18 and FY 2014-15 to FY 2016-17.

13	Total LT and HT	3177.04	2649.46

Table 5-4: Sales for FY 2018-19

5.3.5 It is requested to Hon'ble Commission to approve the revised sales of 2,649.46 MUs

for FY 2018-19.

5.4 T&D Loss & Energy Requirement

5.4.1 PED is submitting revised estimate of 12.50% as the T&D loss for FY 2018-19. The Hon'ble Commission had approved T&D loss of 11.00% in the MYT Tariff Order dated 26th May, 2016 for FY 2018-19. The information regarding the loss levels and energy balance for FY 2018-19 is shown in the table below –

S. No.	Particulars	Approved by Commission	Revised Estimates
Α	ENERGY REQUIREMENT		
1	Energy Sales within the UT (MUs)	3136.93	2649.46
2	T&D Losses (%)	11.00%	12.50%
3	Energy Required for the Territories (MUs)	3524.64	3027.96
4	Sales to common pool consumers / UI (MUs)	0.00	0.00
5	Energy Requirement @ periphery (MUs)	3524.64	3027.96
В	ENERGY AVAILABILITY		
1	Gross Energy Energy Purchase (MUs)	3691.08	3083.47
2	External Losses (MUs)	166.44	55.51
3	Net Energy Availability (MUs)	3524.64	3027.96

Table 5-5: T&D Loss and Energy Balance for FY 2018-19

*The explanation for the same has been provided in para 5.4.2 below.

- 5.4.2 At Puducherry, pockets of Tamilnadu region are being fed by Puducherry 110kV substation at 22kV level feeders. These feeders are metered at sub-station end. Normally, Puducherry region draws certain power from TNEB 110kV feeder and TNEB would bill PED after deducting energy consumption by their 22kV feeders. During the year FY 2014-15, due to surplus power available with Puducherry from CGS, PED has not drawn any power from 110kV TNEB feeders. The matter has been taken up with TNEB at Chennai to deduct their 22kV feeder consumption at Puducherry region from the TNEB sale of power at Karaikal region. The above adjustment is yet to be made by TNEB. As the power is being injected into the PED grid and drawn from the sub-station located within Puducherry region, T&D loss are applicable on the power drawn by TNEB feeders.
- 5.4.3 PED submits that it has been achieving significant reduction in T&D losses and is having one of the lower T&D losses in India. These efforts shall be continued and will be enhanced. However, the loss reduction is a slow process and as the loss levels come down further reduction in loss becomes difficult. Since PED has already achieved a T&D loss of <15%, loss reduction trajectory cannot be considered at the same rate considered previously.
- 5.4.4 PED submits the revised estimates of power purchase as against the 3691.08 MUs

approved by the Hon'ble Commission. PED hereby submits that the power purchase is projected on the principles of MOD and accordingly the energy balance has been revised.

5.4.5 PED submits that in comparison with the approved figures, actual T&D losses are marginally higher and therefore request the Hon'ble Commission to approve the T&D Loss of 12.50% for FY 2018-19.

5.5 Power Purchase Quantum & Cost for FY 2018-19

- 5.5.1 PED will meet its total energy requirement from its allocation from the Central Generating Stations (CGS) and state utilities like TANGEDCO and PPCL. PPCL is a generating company within the UT of Puducherry catering to Karaikal region of PED.
- 5.5.2 **Mahe Region:** It is submitted to the Hon'ble Commission that as of now, the requirement of power for Mahe region is being availed from the KSEB Limited. But in order to avail power from Central Generating Stations (CGS) for Mahe region, concurrence of the Southern Regional Power Committee (SRPC) has been obtained and KSEB Limited has also been requested to permit to draw power from the CGS through their transmission system. The issue of concurrence by KSEB Limited is in its final stage and as such it is proposed to draw the power from CGS for the requirement of Mahe region for FY 2018-19. In line with the same, drawal from KSEB has not been considered by the petitioner in FY 2018-19.
- 5.5.3 **TANGEDCO (karaikal):** It is submitted to the Hon'ble Commission that at present, the requirement of power for Karaikal region is being met from the state owned gas based generating station and purchasing power from NLC TS-I through TANGEDCO. In order to receive/ avail power from the CGS, a 230 / 110 kV Sub-station is under construction at Karaikal and its associated 230 kV transmission line is being constructed by M/s Power Grid from Neyveli. The work is expected to be completed in the first quarter of the FY 2018-19. Therefore in line with the same, the department has considered procurement of power to an extent of 50 MUs in FY 2018-19 from NLC TS-I through TANGEDCO and once the 230/110 kV sub-station is commissioned, the requirement for the Karaikal region over and above the availability from the State Owned Power plant will be met from the CGS.
- 5.5.4 For the year FY 2018-19, PED has projected the power purchase by considering the availability from each source and applying the principle of MOD. The key assumptions for power purchase costs are as under:
 - a. **MOD for FY 2018-19:** The power purchase has been considered under the principle of MOD. The must run stations has been identified as all the NPCIL

plants, TNEB and PPCL. The remaining amount of power is envisaged to be purchased from the remaining available sources. The Power purchase under MOD has been arrived at as follows.

- b. The fixed charges for all the generating stations have been taken same as incurred in FY 2016-17.
- c. The variable cost for FY 2018-19 has been computed considering actual average variable cost of each source for first six months period of April-September 2017.
- d. PED submits that it is obliged to comply with the Renewable Purchase Obligation of 9.00%. The petitioner plans to procure 242.12 MUs of non-solar RECs and 196.35 MUs of physical solar power in FY 2018-19. The RPO compliance cost is included in the power purchase cost which is arrived upon as follows. The cost of procuring 196.35 MUs of solar power has been considered under a separate head in the power purchase cost amounting to Rs. 67.85 Crs at Rs. 3.50/ unit.

Particulars	Total	Solar Obligation	Non-solar Obligation	
Sales (MUs)	2649.46			
RPO Obligation (%)	9.00%	3.60%	5.40%	
RPO Requirement (MUs)	238.45	95.38	143.07	
RPO to met thru purchase of physical power / RECs (MUs)	438.47	196.35	242.12	
Cost of RPO compliance thru RECs (Rs. Crs)			24.21	
Outstanding RPO @ the end of previous year (MUs)	200.02	100.97	99.05	
RPO pending at the end of the year (MUs)	0.01	0.00	0.00	

Table 5-6: RPO Compliance Cost for FY 2018-19

- e. As outlined in the above table, the estimated cost towards RPO compliance is Rs. 24.21 Crs which the petitioner will be incurring during FY 2018-19.
- f. The Transmission Charges for FY 2018-19 are considered same as projected in FY 2017-18.
- 5.5.5 The revised Power Purchase Cost Summary for FY 2018-19 is outlined as below:

		Approved			Revised Estimates			
S. No.	Particulars	Purchase (MUs)	Cost (Rs. Cr.)	Rate (Rs./unit)	Purchase (MUs)	Cost (Rs. Cr.)	Rate (Rs./unit)	
		• •	•	• • •		•		
1	NTPC	1335.36	370.00	2.77	1134.53	347.13	3.06	
2	NLC	942.38	279.58	2.97	588.50	227.27	3.86	
3	NPCIL	573.83	187.73	3.27	613.28	195.73	3.19	
4	KSEB	44.02	25.43	5.78	0.00	0.00	0.00	
5	TANGEDCO	328.17	113.87	3.47	50.00	27.35	5.47	
6	PPCL	234.07	106.42	4.55	216.37	68.11	3.15	
7	Vallur	109.84	41.86	3.81	126.97	60.53	4.77	
8	NTPL	123.43	34.98	2.83	159.97	72.55	4.54	
9	RE power / solar power purchase				193.85	67.85	3.50	
10	Transmission Charges		75.18			59.94		
11	Rebate		(19.28)			(18.82)		
12	RPO Compliance Cost		33.92			24.21		
13	Total	3691.08	1249.70	3.39	3083.47	1131.85	3.67	

Table 5-7: Power Purchase Cost for FY 2018-19

5.5.6 The Petitioner hereby requests the Hon'ble Commission to approve the power purchase quantum of 3083.47 MUs and power purchase cost of Rs. 1131.85 Crs (inclusive of rebate) for FY 2018-19 as submitted above.

5.6 Operation & Maintenance Expenses

5.6.1 As per Regulation 21 of JERC MYT Regulations, 2014, the Hon'ble Commission shall stipulate separate trajectory of norms for each component of O&M expenses.

"21. Operation & Maintenance Expenses

(a) The Commission shall stipulate a separate trajectory of norms for each of the components of O&M expenses viz., Employee cost, R&M expense and A&G expense.

Provided that such norms may be specified for a specific Distribution Licensee or a class of Distribution Licensees.

••••

(c) One-time expenses such as expense due to change in accounting policy, arrears paid due to pay commissions etc., shall be excluded from the norms in the trajectory.

(d) The expenses beyond the control of the Distribution Licensee such as dearness allowance, terminal benefits in Employee cost etc., shall be excluded from the norms in the trajectory.

(e) The One-time expenses and the expenses beyond the control of the Distribution Licensee shall be allowed by the Commission over and above normative Operation & Maintenance Expenses after prudence check."

5.6.2 Employee Expenses for FY 2018-19:

- 5.6.2.1 As per Regulation 21.1 of JERC MYT Regulations, 2014 expenses beyond the control of the Distribution Licensee like arrears and impact of pay commission shall be adjusted.
- 5.6.2.2 The relevant extract of regulations is reproduced below for reference.

"21.1 Employee Cost

Employee cost shall be computed as per the approved norm escalated by wholesale price index (WPI), adjusted by provisions for expenses beyond the control of the Distribution Licensee and one time expected expenses, such as recovery/adjustment of terminal benefits, **implications of pay commission**, **arrears** and Interim Relief, governed by the following formula:

EMPn = (*EMP_b* * *WPI* inflation) + *Provision*

Provision: Provision for expenses as necessitated by the licensee due to expansion of the consumer base, **yearly increments of Employees**, and any expected one-time expenses as specified above."

- 5.6.2.3 PED has computed the employee expense for FY 2018-19 based on the norms approved in the business plan order dated 04th December, 2015 and methodology adopted by the Hon'ble Commission in tariff order dated 16th May, 2017.
- 5.6.2.4 For purpose of projection for FY 2017-18, the normative per employee cost has been suitably escalated by moving average WPI of the previous 3 FYs as mentioned below.

FY	WPI	% age increase	Avg 3 Yrs increase
FY 2010-11	143.33		
FY 2011-12	156.13	8.93%	
FY 2012-13	167.62	7.36%	
FY 2013-14	177.64	5.98%	
FY 2014-15	181.19	2.00%	7.42%
FY 2015-16	176.67	-2.49%	5.11%
FY 2016-17	182.93	3.54%	1.83%
			1.02%

Table 5-8: Calculation of WPI for projection of Per Employee Cost Norms

5.6.2.5 The petitioner has also included the Rs. 15.48 Crs (difference between FY 2015-16 and FY 2016-17 actual employee cost) considering the impact of 7th Pay Commission and recruitment of employees in FY 2016-17. The employee cost for FY 2018-19 has been calculated as shown below.

S. No.	Particulars	FY 2013-14 As approved in the Business Plan	FY 2014-15 Escalating Col c @ 7.43%	FY 2015-16 Col d @ 5.11%	FY 2016-17 Col e @ 1.83%	FY 2017-18 Col f @ 1.02%	FY 2018-19 Col g @ 1.02%
а	b	С	d	е	f	g	h
1	Employee Expenses Per Employee (Rs)	312285	335488	352631	359084	362747	366447
2	No of Employee Per '000 Consumers					4.52	4.52
3	No of Consumers '000					480	494
4	No of Employee					2169	2233
5	Employee Expenses					78.69	81.82
6	Impact of 7th Pay Commission and recruitment of employees in FY 17					15.48	15.48
7	Total Employee Expense					94.17	97.30

Table 5-9: Employee Expenses for FY 2018-19

- 5.6.2.6 Therefore, the petitioner requests the Hon'ble Commission to approve Rs. 97.30 Crs as the employee expenses for FY 2018-19.
- 5.6.3 **Repairs & Maintenance Expenses for FY 2018-19:** The revised R&M expense for the current year has been arrived as based on k-factor of 2.68% approved by the Hon'ble Commission in the business plan order dated 04th December 2015 and opening gross fixed assets for the FY 2018-19. The CPI index of 5.35% and WPI index of 1.02% has been considered in 60:40 ratio.

Table 5-10: R&M Expenses for FY 2018-19

S. No.	Particulars	FY 2018-19
1	Op. GFA - Rs. Crs	740.66
2	K Factor - Approved by Commission	2.68%
3	Inflation index (60:40=CPI:WPI)	3.62%
4	R&M Expenses - Rs. Crs	20.57

5.6.3.1 In view of the above, the Hon'ble Commission is requested to kindly allow the above R&M Expenses of Rs. 20.57 Crs for FY 2018-19.

5.6.4 Administration & General expenses for FY 2018-19:

5.6.4.1 As per Regulation 21.3 of JERC MYT Regulations, 2014 there is provision for expected expenses and one-time expenses.

"21.3 Administrative and General Expenses

A&G expenses shall be computed as per the norm escalated by wholesale price index (WPI) and adjusted by provisions for confirmed initiatives (IT etc. initiatives as proposed by the Distribution Licensee and validated by the Commission) or other expected one-time expenses, and shall be governed by following formula:

 $A\&G_n = (A\&G_b * WPI inflation) + Provision$

where:

A&Gn: A&G expense for the year n A&G_b:

A&G expense as per the norm WPI inflation: is the average increase in the Wholesale Price Index (WPI) for immediately preceding three years **Provision:** Cost for initiatives or other one-time expenses as proposed by the Distribution Licensee and validated by the Commission. "

- 5.6.4.2 The Hon'ble Commission has also taken note of the increase in expenses from FY 2014-15 onwards and has agreed to consider the same after prudence check. *"7.10 The Commission reiterates that as per the Regulations, provisions for one-time expenses are there and the same shall be allowed on 'as and when basis' after due prudence check by the Commission."*
- 5.6.4.3 The A&G expenses have been computed based on the norms approved in the business plan order dated 04th December, 2015 and methodology adopted by the Hon'ble Commission in tariff order dated 16th May, 2017
- 5.6.4.4 The base expenses have been suitably escalated by the moving average WPI to arrive at the A&G Expenses for the FY 2018-19.
- 5.6.4.5 An amount of Rs. 5.00 Crores has been projected to be incurred by PED towards payment of charges to EESL related to DELP scheme approved by the Commission.
- 5.6.4.6 **Smart Grid Project:** Apart from the above charges over the above the normative A&G expense, PED will incur additional charges towards payment related to smart grid project being implemented in Puducherry. A Smart Grid Pilot Project envisaging providing of 35600 Nos. of Smart Meters in the Boulevard Area and in the LT CT services is under execution. The project has also been approved by the Hon'ble Commission vide its order dated 25th April, 2016. The work of installation of meters on Investor and Service provider Model has been awarded to M/s Dong Fang Electronics Company Limited. The work is expected to be completed in the first quarter of FY 2018-19 and thereafter the system will be under trial operation for 3 months. Considering the above facts, payment of Rs.2.40 Crs to M/s Dong Fang Electronics Company Limited has been considered in under A&G expenses for the FY 2018-19.
- 5.6.4.7 The normative A&G expenses calculated as per norms for FY 2018-19 is tabulated below.

S. No.	Particulars	FY 2012-13 As approved in the Business Plan	FY 2013-14 Escalating Col c @ 5.98%	FY 2014- 15 Col d @ 7.43%	FY 2015- 16 Col e @ 5.11%	FY 2016- 17 Col f @ 1.83%	FY 2017- 18 Col g @ 1.02%	FY 2018- 19 Col h @ 1.02%
а	b	С	d	е	f	g	h	i
1	Avg A&G Expenses Per Employee (Rs)	17592	18644	20029	21053	21438	21657	21878
2	Average A&G Expenses Per '000 Consumers (Rs)	103436	109621	117766	123784	126049	127335	128634
3	No of Employee						2169	2233
4	No of Consumers '000						480	494
5	A&G Expenses Per Employee - 50% weightage						2.35	2.44
6	A&G Expenses Per '000 Consumers - 50% weightage						3.06	3.18
7	A&G Expenses						5.40	5.62

Table 5-11: A&G Expenses for FY 2018-19

5.6.4.8 The total A&G expenses for FY 2018-19 is tabulated below and it is requested to the Hon'ble Commission to approve the same.

		(Rs. Crs)
Particulars	Approved by Commission	Revised Estimates
A&G Expenses	6.05	5.62
Payment of investor charges towards Smart grid project		2.40
EESL charges		5.00
Total A&G charges	6.05	13.02

5.6.5 **O&M Expenses Summary FY 2018-19:** Based on the foregoing paragraphs, the revised O&M expenses for the year FY 2018-19 vis-a-vis the approved level by the Hon'ble Commission is shown in the table below:

S. No.	Particulars	Approved by Commission	Revised Estimates
1	Total Employee Expenses	88.94	97.30
2	Total R&M Expenses	26.51	20.57
3	Total A&G Expenses	0.00	13.02
4	Total O&M Expenses	115.45	130.88

Table 5-13: O&M Expenses for FY 2018-19

(Rs. Crs)

5.6.6 The Hon'ble Commission is requested to approve the O&M Expenses of Rs. 130.88 Crs as shown in the table above. The details of O&M expense for FY 2018-19 are provided in the Formats 13, 15 & 16 of the Tariff Filing Formats.

5.7 Capital Work in Progress, GFA and Depreciation

5.7.1 **GFA**: The Opening Balance of GFA for FY 2018-19 comes to around Rs. 740.66 Crs. The additions to GFA are estimated to be around Rs. 54.31 Crs; the details of which are provided in the table below:

Table 5-14: GFA Revised Estimates

(Rs.	Crs)

(Rs. Crs)

S. No.	Particulars	Approved by Commission	Revised Estimates
1	Opening value of the assets at the beginning of the year	921.55	740.66
2	Additions during the year	143.86	54.31
3	Value of assets sold/disposed off		-
4	Gross Fixed Assets at the end of the year	1065.41	794.97

- 5.7.2 PED hereby requests the Hon'ble Commission to approve the revised estimates for Gross Fixed Assets as submitted above.
- 5.7.3 **Depreciation:** "As per Regulation 23 of JERC MYT Regulations 2014, depreciation shall be calculated for each year of the Control Period on the original cost of the fixed assets of the corresponding year. Accordingly, the depreciation rates as specified by CERC have been adopted for calculation of depreciation on different asset categories.
- 5.7.4 As per the GFA and the applicable depreciation rates, PED has calculated the depreciation for the year FY 2018-19 as Rs. 29.65 Crs. The table shows the working of depreciation.

			(
S. No.	Particulars	Approved by Commission	Revised Estimates
1	Opening value of the assets at the beginning of the year	921.55	740.66
2	Additions during the year	143.86	54.31
3	Value of assets sold /disposed off		-
4	Gross Fixed Assets at the end of the year	1065.41	794.97
5	Net Depreciation for the year	45.80	29.65

Table 5-15: Depreciation for FY 2018-19

5.7.5 PED hereby requests the Hon'ble Commission to approve the revised estimates of depreciation as submitted above.

5.8 Interest & Finance Charge

5.8.1 As per regulation 24 (b) of MYT Regulations, 2014,

"(b) If the equity deployed is more than 30% of the capital cost, equity in excess of 30% shall be treated as normative loan.

Provided that where equity actually deployed is less than 30% of the capital cost, the actual loan shall be considered for determination of interest on loans.

...

(e) The repayment for the control period shall be deemed to be equal to the depreciation allowed for the year."

5.8.2 The Regulation 24(b) provides for Interest and Finance Charges on Loan. PED has submitted that the majority of capital assets are created out of the equity contribution from Government of Puducherry and the actual borrowing of loan is only to the extent of the R-APDRP schemes. The table below shows the Interest and Finance Charges vis-a-vis approved by the Hon'ble Commission. The Interest and Finance Charges as per the revised estimates for FY 2018-19 is Rs. 23.63 Crs. The summary of Interest and Finance Charges as claimed by the petitioner and as approved by the Commission for FY 2018-19 along with revised estimates is tabulated below:

	(Rs. Crs)		Crs)
S. No.	Particulars	Approved by Commission	Revised Estimates
1	Opening Normative Loan	254.37	144.06
2	Add: Normative Loan during the Year	100.7	38.02
3	Less: Normative Repayment	45.8	29.65
4	Closing Normative Loan	309.27	152.43
5	Average Normative Loan	281.82	148.25
6	Rate of Interest(@SBAR)	14.05%	14.05%
7	Interest on Normative Loan	39.60	20.83
7	Other Finance Charges	2.39	2.80
9	Total Interest and Finance Charges	41.99	23.63

Table 5-16: Interest & Finance Charges for FY 20	18-19
	(Rs. Crs)

- 5.8.3 It is submitted that it has considered an addition of Rs. 54.31 Crs in the Gross Fixed Assets for FY 2018-19, which are considered to be funded through normative debt to the tune of 70%. The rate of interest considered is prevailing Prime Lending Rate of the State Bank of India as on 1st April of that relevant year.
- 5.8.4 Along with the normative interest calculated and claimed in the table highlighted above, it is submitted that certain financial charges are also incurred by the department which are related to charges claimed by the bank charges, finance charges, etc. which are claimed along with the interest in Table 5-15 of the Petition
- 5.8.5 The Hon'ble Commission is requested to approve the Interest & Finance Charges at Rs. 23.63 Crs as shown in the table for FY 2018-19. The details of Interest & Finance charges are provided in Format 10A of the Tariff Filing Formats.

5.9 Interest on Working Capital

5.9.1 As per Regulation 25 of JERC MYT Regulations, 2014, interest on Working Capital for

retail supply activity of the licensee shall consist of:

- Receivables for two months of billing
- Less power purchase cost of one month
- Less consumer security deposit but excluding bank guarantee/ fixed deposit receipt
- Inventory for two months based on annual requirement for previous year.
- 5.9.2 The petitioner has considered the SBI base rate of 9.30% as prevailing as on 1st April 2017 and accordingly has computed the interest on working capital.

S. No.	Particulars	Approved by Commission	Revised Estimates
1	Two months receivable	249.90	227.00
2	Power purchase cost for one month	104.14	94.32
3	Total Consumer security deposit	230.04	209.96
4	Consumer Security Deposit excluding Bank Guarantee/ Fixed Deposit Receipts	230.04	209.96
5	Inventory for two months based on Aggregate Revenue Requirement of previous year	4.65	7.77
6	Total (1-2-4+5)	(79.63)	(69.51)
7	Interest Rate	9.30%	9.30%
8	Interest on Working Capital	0.00	0.00

Table 5-17: Interest on Working Capital FY 2018-19

5.9.3 The Interest on Working Capital approved by the Hon'ble Commission for the FY 2018-19 was Nil. On the basis of the revised estimates for FY 2018-19, the interest on working capital comes to Nil.

5.10 Security Deposits

5.10.1 As per the Regulation 6.10 (8) of Electricity Supply Code Regulations, 2010:

"The distribution licensee shall pay interest, at the bank rate notified by the Reserve Bank of India from time to time on such security deposits taken from the consumer. In this regard it shall be the responsibility of the licensee to keep a watch on the bank rate from time to time.

The interest amount of previous financial year shall be adjusted in the energy bill issued in May/ June of each financial year depending on billing cycle."

5.10.2 The prevailing Bank rate is considered at 6.75% as notified by Reserve Bank of India as on 01st April 2017.

Table 5-18: Interest on Security Deposit for FY 2018-19

(Rs Crs)

	Denticulare	Approved by	Revised
S. No.	Particulars	Commission	Estimates
1	Opening Security Deposit	208.72	193.83
2	Add: Deposits during the year	21.31	16.13
3	Less: Deposits refunded		
4	Less: Deposits n the form of BG/FDR		
5	Closing Security Deposit	230.03	209.96
6	Bank Rate	7.75%	6.75%
7	Interest on Security Deposit	17.00	13.63

5.10.3 PED requests the Hon'ble Commission to approve the Interest on Security Deposit of Rs. 13.63 Crs for FY 2018-19.

5.11 Provision for bad debts

5.11.1 PED is not claiming any provision for bad & doubtful debts in the ARR of FY 2018-19, for pass through in tariff to consumers and may consider during true-up of the FY 2018-19 as per audited financial statements.

Table 5-19: Bad and doubtful debts for FY 2018-19

Particulars	Approved by Commission	Revised estimate
Bad and Doubtful Debts	NIL	NIL

5.11.2 The Hon'ble Commission is requested to kindly approve the same.

5.12 Return on Capital Base/ Net Fixed Assets

- 5.12.1 The proviso of Regulation 27 of MYT Regulations 2014 provides for entitlement for Return on Equity. As per the regulations, RoE is allowed @16% on 30% of the capital base or actual equity, whichever is lower. However, assets funded by consumer contribution, capital subsidies/grants and corresponding depreciation shall not form part of the capital base.
- 5.12.2 In line with the methodology adopted by the Hon'ble Commission in Tariff order dated 16th May, 2017, the capital base for closing of the FY 2017-18 as per the last chapter is considered. Further, an equity addition in FY 2018-19 equal to 30% of asset capitalized in FY 2018-19 has been considered.
- 5.12.3 In line with the MYT regulation and the methodology adopted in the previous tariff order, PED has calculated the Return on Equity as outlined in the following table for FY 2018-19.

S. No.	Particulars	Approved by Commission	Revised Estimates
1	Opening equity (30% of GFA)		222.20
2	Addition in Equity (30% of addition in GFA)		16.29
3	Closing Equity (1+2)		238.49
4	Average Equity Amount		230.34
7	Return on Equity - 16%	26.46	36.86

Table 5-20: Return on NFA for FY 2018-19

(Rs. Crs).

5.12.4 In view of above, the Hon'ble Commission is requested to kindly allow the above Return on equity of Rs. 36.86 Crs.

5.13 Non-Tariff Income

- 5.13.1 The Non-Tariff Income comprises metering, late payment charges, interest on staff loans, income from trading, reconnection fee, UI sales/ Sales to Exchanges and miscellaneous income among others. The Non-Tariff Income approved by the Hon'ble Commission excluding revenue from sale of UI power in the ARR for FY 2018-19 was Rs. 3.08 Crs.
- 5.13.2 The details of non-tariff income (excluding revenue from UI power and other income) for FY 2018-19 are provided in **Format 20 of the Tariff Filing Formats**
- 5.13.3 The summary of total non-tariff income in line with the Commission's approach is tabulated below:

			(Rs. Crs)
S. No.	Particulars	Approved by Commission	Revised Estimates
		COMMISSION	
1	Open access charges for wheeling of power		0.00
2	Income from trading of Materials		0.06
3	Misc. Receipts/income		4.44
4	Total income		4.51
5	Add: Prior period income		
6	Total Non-Tariff Income	3.08	4.51

Table 5-21: Non-tariff income for FY 2018-19

5.13.4 In view of above, the Hon'ble Commission is requested to kindly allow Non-Tariff Income of **Rs. 4.51 Crs** for FY 2018-19.

5.14 Revenue from sale of surplus power / other income

5.14.1 The revenue earned by the petitioner from sale of power/ UI is considered as nil for FY 2018-19 and also the income from URS scheme and RRAS has been considered as nil.

5.15 Revenue from Sale of Power at Existing Tariff

5.15.1 The summary of Revenue from Tariff at existing tariff for FY 2018-19 is tabulated below:

S. No.	Particulars	Sales (MUs)	Revenue (Rs.Crs)
	LT Category		
1	Domestic	770.23	228.65
2	ОНОВ	10.21	1.15
3	Commercial	238.42	147.99
4	Agriculture	57.28	1.95
5	Public Lighting	24.24	20.91
6	LT Industrial	162.41	83.51
7	Water Tank	42.50	25.09
8	Temporary Supply-LT&HT	5.00	4.88
9	Total LT	1310.28	514.12
	HT Category		
10	HT 1 Industrial / Commercial	971.38	595.83
11	HT 2 - Government & Water Tank	71.78	55.20
12	HT 3 - EHT	296.02	174.47
13	Total HT	1339.18	825.50
15	Total	2649.46	1339.62
	As approved in Tariff order dated 24th May, 2016	3177.04	

Table 5-22: Revenue from existing tariff for 2018-19

5.15.2 In view of above, the Hon'ble Commission is requested to kindly allow Revenue at existing tariff of Rs. 1,339.62 Crs.

5.16 Aggregate Revenue Requirement for FY 2018-19

5.16.1 The Aggregate Revenue Requirement for FY 2018-19 approved by the Hon'ble Commission in the MYT order was Rs. 1499.37 Crs. The Aggregate Revenue Requirement on the basis of revised estimates for FY 2018-19 is shown below:

		(Rs. Crs)	
S. No.	Particulars	Approved by Commission	Revised Estimates
1	Cost of power purchase	1249.70	1131.85
2	Employee Costs	88.94	97.30
3	Administration and General Expenses	6.05	13.02
4	R&M expenses	26.51	20.57
5	Depreciation	45.80	29.65
6	Interest & Finance Charges	41.99	23.63
7	Interest on Working Capital		-
8	Interest on Security Deposit Paid	17.00	13.63
9	Return on NFA/ Equity	26.46	36.86
10	Total Revenue Requirement	1502.45	1366.49
11	Less: Non- Tariff Income	3.08	4.51
12	Less: Revenue from sale of surplus		0.00
	power and other income		0.00
13	Net Aggregate Revenue Requirement	1499.37	1361.98

Table 5-23: Calculation of ARR for FY 2018-19

5.16.2 PED hereby requests the Hon'ble Commission to approve the revised ARR of Rs. 1361.98 Crs for FY 2018-19 as submitted above.

5.17 Revenue Gap for FY 2018-19

5.17.1 The Revenue Gap for FY 2018-19 as calculated on the basis of revised ARR estimates and revenue at existing tariff is shown in the table below:

		(Rs. Crs)
S. No.	Particulars	FY 2018-19
1	Aggregate Revenue Requirement	1361.98
2	Revenue from Sale of Power @ existing tariff	1339.62
3	Revenue Gap/ (Surplus)	22.36

Table 5-24: Revenue Gap for FY 2018-19

- 5.17.2 In view of above, the Hon'ble Commission is requested to kindly approve the revenue gap of Rs. 22.36 Crs for FY 2018-19.
- 5.17.3 PED in the subsequent chapters has proposed the required adjustment in tariff to consider the total gap / Surplus from FY 2016-17 to FY 2018-19.

CHAPTER 6. TOTAL REVENUE GAP

6.1 Preamble

- 6.1.1 PED in determining the ARR and retail supply tariff for FY 2018-19 has been guided by the provisions of the Electricity Act 2003, National Tariff Policy, MYT Regulations 2014 and any other applicable law, enactments, Orders, etc as amended from time to time.
- 6.1.2 PED submits that this section covers the revenue gap claimed while computing ARR of the respective year and the total revenue gap to be recovered in FY 2018-19. Also the revenue gap comprises of the Gap / (Surplus) of three years (i.e. From FY 2016-17 to FY 2018-19).

6.2 Revenue Gap for FY 2017-18

6.2.1 PED submits that the said current petition covers 3 years which includes True-up for FY 2016-17, APR of FY 2017-18 and Tariff determination for FY 2018-19. PED submits that the increase in tariff shall be proposed considering the cumulative gap over the years. The calculation of revenue gap is shown below:

				(RS. CIS)
S.No.	Particulars	FY 2016-17	FY 2017-18	FY 2018-19
1	Net ARR	1,237.78	1,443.55	1,361.98
2	Revenue at existing tariff excluding surcharge but including FPPCA	1,192.11	1,299.37	1,339.62
3	Revenue gap for the year	45.68	144.18	22.36
4	Opening balance of gap		45.68	189.85
5	Total cummulative gap at the end of the year	45.68	189.85	212.21

 Table 6-1: Calculation of Cummulative Revenue Gap for FY 2016-17 to FY 2018-19

 (Rs. Crs)

6.2.2 PED requests the Hon`ble Commission to approve the cummulative revenue gap of Rs. 212.21 Crs in FY 2018-19.

CHAPTER 7. TARIFF PHILOSOPHY

7.1 Preamble

7.1.1 This section elucidates the proposed revision in the retail tariff and proposed amendments in the retail tariff schedule to be applicable for FY 2018-19. PED prays the Hon'ble Commission to approve the revision of retail tariff for FY 2018-19 as proposed for different categories of consumers, applicable from April 1 '2018.

7.2 Tariff Design Principles

7.2.1 Over the years, Hon'ble Commission has been guided by the Electricity Act, 2003 and the National Tariff Policy while determining retail tariffs across the Union Territory, Puducherry. Hon'ble Commission has always laid emphasis on adoption of factors that encourages economy, efficiency, effective performance and improved conditions of supply. On these lines Hon'ble Commission, in this order too, may apply similar principles keeping in view the ground realities.

7.3 Philosophy of Tariff Design

- 7.3.1 PED submits to the Hon'ble Commission that the total proposed cumulative Revenue Gap for the control period FY 2016-17 to FY 2018-19 is Rs. 212.21 Crs as determined in earlier chapters.
- 7.3.2 The increase in revenue gap during the control period is on account of
 - a) Increase in cost of power from Central Generating Stations due to revision of tariff by CERC from the year FY 2014-15 and claim of arrears pertaining to past period.
 - b) Increase in cost of power for supplying power from NLC TS-I to Karaikal region through TANGEDCO due to revision in tariff by CERC for the period FY 2014-15 to FY 2017-18.
 - c) Increase in employee cost due to impact of 7th Pay Commission and recruitment of employees.
 - d) Increased cost towards meeting the RPO obligation.
- 7.3.3 In order to bridge the gap of Rs. 212.22 Crs, it is necessary to increase the energy charges in tariff by an average of 80 paise per unit to all categories of consumers. In order to avoid tariff shock to the consumers, it is proposed to increase the tariff for the domestic consumers in the range of 30 to 45 paise per unit, 60 paise per unit for commercial and special illumination, 50 paise for LT industries and 55 paise for HT industries in FY 2018-19 to earn an additional revenue of Rs. 128.64 Crs. The petitioner requests the Hon'ble Commission to allow the balance revenue gap of

83.57 Crs to be claimed in next FY. The overall increase in tariff for FY 2018-19 would be 9.60% on FY 2017-18 base tariffs, whereas the net overall increase over FY 2017-18 would be 5.60% (9.60%-4.00%) considering the 4% additional surcharge approved for FY 2017-18.

7.3.4 The existing tariff for FY 2017-18 (excluding surcharge of 4%) and proposed tariff for FY 2018-19 is mentioned below.

	Existing Tariff for FY 2017-18 Proposed Tariff			Proposed Tariff for	r FY 2018-19

5	Additional recovery due to proposed tariff	128.64	
6	Revenue Gap/ (Surplus) (4-5)	83.57	

7.4.3 The petitioner requests the Hon'ble Commission to allow the remaining revenue gap of Rs. 83.57 to be claimed in next financial year so as to not burden the consumers with tariff shock.

CHAPTER 8. SEGREGATION OF WHEELING AND RETAIL SUPPLY BUSINESS

8.1 Allocation Matrix

- 8.1.1 The Hon'ble Commission has issued JERC (Multi Year Distribution Tariff) Regulations, 2014 which is effective from 1st April 2016 onwards and the control period is for three years i.e. FY 2016-17 to FY 2018-19.
- 8.1.2 As per clause 33 of MYT Regulations, it is stated that the distribution licensee need to maintain separate books of accounts for wheeling and retail supply business. It is submitted that the Hon'ble Commission is aware that the subject being naive in nature, the distribution licensee may not have the accounts segregated based on the wheeling and retail supply business. Therefore it is clearly stated in the regulation that in the absence of such accounts, the ratio of the segregation may be decided by the Hon'ble Commission based on the data obtained from the distribution licensee.
- 8.1.3 However, in the similar clause, the Hon'ble Commission has clearly stated that the following broad principles shall be followed for allocation of costs towards wheeling business and supply business, out of the total annual revenue requirements determined:
 - Power purchase cost shall be allocated to the supply business;
 - Operation and maintenance expenses shall be segregated between wheeling and supply businesses in such manner as may be determined by the Commission;
 - Majority of the capital expenditure related expenses, viz., depreciation, interest and return on equity, shall be included under the wheeling business
- 8.1.4 As the Hon'ble Commission has rightly assessed, the present accounts of licensee is at a consolidated level and the licensee does not have segregated accounts for each of the businesses. It is submitted that PED at present is using old accounts system & therefore retrieving old information would be very a daunting task. A detailed analysis is required to arrive at the expenses based on the nature of the business. Further, certain segments of business cannot be segregated in to two business categories e.g. sub-station which caters to both wires and supply business.
- 8.1.5 Since PED does not keep segregated accounts; it has to rely on certain assumptions for segregation of total expenses into wires and supply business. However, in line with the Regulation, the licensee is also endeavoured to analyse the expenses and incomes attributable to each business and has followed the following principles of allocating Wheeling and Supply cost:

- 8.1.6 **Distribution Wheeling/Wires** function consists of transporting of electricity from transmission lines (typically transmission ends at 33kV/66kV) to consumers. Major activities involved are setting up of network consisting of the poles, wires, transformers etc. to take the electricity physically to the consumer.
- 8.1.7 **Retail Supply** function also known as merchant function is sale of electricity to the end consumers. Major activities involved are procurement of electricity from wholesaler or bulk supplier, pricing of electricity, sale of electricity including connection of consumer to the network, metering of energy used by consumers, billing for electricity supplied and collection of bills for energy use and disconnection of service on non-payment of bills.
- 8.1.8 The proposed allocation is based on the basis that the distribution network up to consumer meter is part of the wires business and the infrastructure beyond meter is part of the Retail Supply business. The proposed approach for allocation of expenditure between Wires and Retail Supply is discussed below:
 - 1. Power Purchase Expenses including transmission charges

PED has contracted sufficient power for 24x7 supply to the consumers in the UT of Puducherry. On the basis of its power procurement plan, it is further expected that the consumers in the UT would be availing 24x7 supply. PED also agrees that procurement of electricity from wholesaler or bulk supplier for sale to end consumers is the main activity of retail supply business and therefore 100% of the cost of the power is allocated to the Supply business.

Further, entire transmission charges paid to Transmission Licensee is also allocated to the retail supply business.

2. Allocation of Capital Cost

The major components that form retail supply asset are meters and billing equipment's and similarly, majority of the plant and machinery, lines and cables form distribution assets. Other fixed assets like buildings, office equipment's, furniture and fixtures, vehicles etc. may be apportioned considering predominant usage concept.

Considering the general principles of segregation of capital cost (i.e. Interest on Loan, RoE, depreciation) into wires and supply business and considering the fact that the distribution business of PED is dispersed in four regions having more dependence on the wire business, PED at present has considered a ratio of 90% to Wheeling Business and 10% to Supply Business.

3. Employee Expenses

To segregate the employee cost PED has used the basis of employee requirement to undertake the Retail Supply business. PED has done an evaluation on the number of employees that could be allocated to the Wires and Retail Supply business and the efforts undertaken to carry out such work.

The responsibility towards maintenance of a highly efficient distribution system and the accountability towards discharge of the duties as a service provider have to be shared by the engineers and employees of the PED. The Electricity Department has a technical work force of over 2192 employees of different ranks who perform multifaceted technical functions and duties, viz., maintaining power supply, metering, billing, revenue collections, customer services etc. The total sanctioned employee strength of the department is 2804 of which 2192 belong to technical cadre and 612 belong to Non-Technical (ministerial) cadre which ultimately results into 78% technical cadre and 22% non-technical (ministerial) Cadre.

Majority of the non-technical employees works for wires business involving functions such as revenue, stores, administration and establishment. Further, some of the technical employees also work for supply business. PED has assumed the allocation of number of employees to wires and supply business as 70% and 30% respectively. PED has assumed the same ratio for allocation of employee expenses to wires and supply business.

4. Administration & General Expenses

A&G expenses related to power purchase, metering, billing and collection, financing expenses on loan related to retail supply business can be allocated to retail supply business. Office expenses like telephone, stationery, electricity, lease rental etc. can be apportioned between Wires and Retail Supply business on the basis of predominant usage concept. The following principle has been adopted for calculation of ratio of wheeling and supply business for each and every cost component of A&G business:

- Rent Rates & Taxes in the ratio of allocation of capital cost of 90% and 10% to wheeling and supply business;
- Office expenses and Professional Charges includes the appointment of internal auditor for maintaining the accounts and fixed assets register as well as the legal / regulatory fees and payment to consultant for filing of ARR petition. Therefore it includes the mixed component of Capital Cost and

supply business and therefore it is considered lower than capital cost allocation ratio but higher than the employee expenses i.e. 80: 20 ratio for wheeling and supply business;

- Advertisement & Publicity expenses and incentives to consumers has been allocated 100% to supply business;
- Other A&G charges and material related expenses are allocated equally to wheeling and supply business;

Based on the above itemized allocation principle for each cost component of A&G expenses, the overall ratio comes to around 60:40. But as the Commission in its last tariff order had considered 50:50 allocation based on "STAFF PAPER ON OPERATIONALISATION OF OPEN ACCESS (OA) IN THE STATE OF GOA AND THE UT'S in September 2012" for Wheeling and Supply business, the same has been considered for allocation purpose.

5. Repair & Maintenance Expenses

As discussed earlier, the distribution network up to consumer meter is part of the wires business and the infrastructure beyond meter is part of the Retail Supply business. Therefore, majority of R&M is required for the portion up to consumer meter and infrastructure beyond consumer meter or other supply related equipment's don't require that much R&M. Considering this fact, R&M expenses are allocated as 90% to Wires Business and 10% to Supply Business.

6. Interest on Working Capital and interest on Security Deposit

Working capital is mainly required to meet the liabilities relating to fuel / power purchase however certain part of working capital is also required to meet the payments of the suppliers for capital works. Considering this fact, interest expenses on working capital is considered in the ratio of 22:78 of wheeling and supply business respectively which is in line with the approach adopted by the Hon'ble Commission in past orders. However, interest on security deposit being related totally to retail supply consumers, 100% of such cost is allocated to Supply Business.

7. Provision for Bad Debts

Bad debts are inseparable incidents of the retail supply business of electricity distribution. Provision for Bad Debts is associated with the business risk mainly related to supply business and therefore 100% is allocated to Supply Business.

8. Non-Tariff Income

Since almost all the non-tariff income comes from supply related activities, the entire non-tariff income is allocated to Supply Business.

8.1.9 Considering the assumptions discussed above, PED has worked out the ratio to segregate the expenses under Retail Supply and Wires Business. The same ratios have been used to segregate its ARR for the FY 2018-19.

		Wire	Supply	ĺ	FY 2018-19)
S. No.	Item of expense	Business (%)	Business (%)	Wire Business	Supply Business	Total
1	Cost of power purchase	0%	100%	0.00	1131.85	1131.85

7	Interest on Working Capital	22%	78%	-	-	-
8	Return on NFA /Equity	90%	10%	33.17	3.69	36.86
9	Interest on Consumer Security Deposit	0%	100%	0.00	13.63	13.63
10	Total Revenue Requirement			176.07	1192.45	1368.52
11	Less: Non Tariff Income	0%	100%	0.00	4.51	4.51
12	Net Revenue Requirement (10-11)			176.07	1187.94	1364.01

Table 8-1: Segregation of ARR in to Retail Supply and Wires Business for FY 2018-19

8.1.10 PED submits that the percentage allocation for segregation of Retail Supply and Wires Business Expenses is purely on the basis of assumptions and cannot be treated as basis for any accounting purposes.

CHAPTER 9. DETERMINATION OF OPEN ACCESS CHARGES

9.1 Determination of Open Access Charges

- 9.1.1 As per the provisions of Electricity Act 2003 the distribution utilities are mandated with Universal Service Obligation to consumers. Nationwide, the present tariff structure has cross subsidization mechanism whereby the tariff for some category of consumers are lower than cost of supply to them.
- 9.1.2 Typical Open Access consumers are required to bear transmission charges, transmission losses, wheeling charges, wheeling losses, reactive charges, cross subsidy surcharge, additional surcharge, standby charges etc as may be applicable depending upon the voltage level at which open access power is availed and the charges as may be approved by Hon'ble Commission from time to time. In the past Hon'ble Commission has determined the open access charges including cross subsidy surcharge payable by a consumer availing open access to the Distribution System as provided in Open Access Regulations.
- 9.1.3 Section 42 (2) of the Electricity Act 2003 provides following provisions wherein the powers have been given to State Commissions for specifying cross subsidy surcharge. The relevant is reproduced as under:

"The State Commission shall introduce open access in such phases and subject to such conditions, (including the cross subsidies, and other operational constraints) as may be specified within one year of the appointed date by it and in specifying the extent of open access in successive phases and in determining the charges for wheeling, it shall have due regard to all relevant factors including such cross subsidies, and other operational constraints:

Provided that such open access shall be allowed on payment of a surcharge in addition to the charges for wheeling as may be determined by the State Commission:

Provided further that such surcharge shall be utilised to meet the requirements of current level of cross subsidy within the area of supply of the distribution licensee:

Provided also that such surcharge and cross subsidies shall be progressively reduced in the manner as may be specified by the State Commission:

Provided also that such surcharge shall not be leviable in case open access is provided to a person who has established a captive generating plant for carrying the electricity to the destination of his own use:"

"to provide non-discriminatory open access to its transmission system for use by-(i) any licensee or generating company on payment of the transmission charges ; or

(ii) any consumer as and when such open access is provided by the State Commission under sub-section (2) of section 42, on payment of the transmission charges and a surcharge thereon, as may be specified by the State Commission:

Provided that such surcharge shall be utilised for the purpose of meeting the requirement of current level cross-subsidy:

Provided further that such surcharge and cross subsidies shall be progressively reduced in the manner as may be specified by the State Commission:

Provided also that the manner of payment and utilisation of the surcharge shall be specified by the State Commission:

9.1.4 Section 86 deals with the functions of State Commission and its sub-section (1) (a) reads as follows:

"86. (1) The State Commission shall discharge the following functions, namely:(a) determine the tariff for generation, supply, transmission and wheeling of electricity, wholesale, bulk or retail, as the case may be, within the State:

Provided that where open access has been permitted to a category of consumers under section 42, the State Commission shall determine only the wheeling charges and surcharge thereon, if any, for the said category of consumers;"

9.1.5 As mandated in the Electricity Act 2003 and JERC Regulations and various Orders of Hon'ble Commission, it is necessary that both cross subsidy surcharge and additional surcharge are imposed on the open access consumers. As regards to the calculation of cross subsidy surcharge it is to mention that cross subsidy surcharge shall be determined as per the formula specified in National Tariff Policy which has been followed by Hon'ble Commission from time to time. Therefore, PED requests the Hon'ble Commission to determine the Open Access charges, wheeling charges and cross subsidy charges every time while determining the tariff.

9.2 Allocation of Wheeling Cost

9.2.1 PED submits that the allocation of network and supply cost has been considered in line with the allocation principles adopted in Chapter 9 of this petition. PED submits

that it does not maintain audited accounts for voltage wise assets. However, based on the engineering study and certain assumptions, PED has arrived at the segregation of cost. PED would like to emphasize that this statement is only based on engineering estimate as it does not have accurate audited data.

9.3 Voltage-wise Wheeling Charges

- 9.3.1 PED submits that the apportionment of wheeling charges has to account for losses and therefore in the absence of the voltage wise details, PED has considered the bifurcation of wheeling cost based on the sales and losses at each voltage level. The voltage wise loss levels are taken as approved by the Commission in its last Tariff Order dated 16th May, 2017 i.e. losses for EHT at 1% and HT at 3.5%.
- 9.3.2 The voltage-wise wheeling charges for FY 2018-19 has been calculated below in the same methodology adopted by the Hon'ble Commission in tariff order dated 16th May, 2017.

S.No.	Particulars	UoM	Formulae	Amount
1	Wheeling Cost	Rs Crs	А	176.07
2	Wheeling Cost for EHT network	Rs Crs	B=A*12.16%	21.41
3	Input required for sales at EHT network	MU	С	299.01
4	Wheeling charges for EHT network usage	Rs/kWh	D=B/C*10	0.72
5	Wheeling Cost for HT network	Rs Crs	E=A*35.58%	62.65
6	Input required for sales at HT network	MU	F	1080.99
7	Wheeling charges for HT network usage	Rs/kWh	G=E/F*10	0.58
8	Wheeling cost for LT network	Rs Crs	H=A*52.25%	92.00
9	Input required for sales at LT level	MU	I	1647.95
10	Wheeling charges for LT network usage	Rs/kWh	J=H/I*10	0.56

Table 9-1: Voltage-wise wheeling charges for FY 2018-19

9.3.3 The Hon'ble Commission may consider the submissions as provided in the above paragraphs & approve the proposed voltage-wise wheeling charges for FY 2018-19.

9.4 Cross Subsidy Surcharge

- 9.4.1 Section 2 (47) of the Electricity Act, 2003 defines "Open Access", while Section 42 of the Electricity Act inter – alia mandates the Distribution Licensee to provide Open Access to eligible consumers, subject to payment of cross subsidy surcharge, additional surcharge & other applicable charges.
- 9.4.2 Section 86 (1) (a) of the said Act inter alia mandates the Hon'ble Commission to determine cross subsidy surcharge, additional surcharge & other applicable charges payable by the consumers opting for open access.

- 9.4.3 The National Electricity Policy as stipulated by the Central Government provides that –Under sub section (2) of Section 42 of the Act, a surcharge is to be levied by the respective State Commissions on consumers switching to alternate supplies under open access. This is to compensate the host distribution licensee serving such consumers who are permitted Open Access under Section 42 (2), for loss of cross subsidy element built into the tariff of such consumers. An additional surcharge may also be levied under sub section (4) of section 42 of the said Act for meeting the fixed cost of the distribution licensee arising out of obligation to supply in cases where consumers are allowed open access.
- 9.4.4 The Government of India has notified the National Tariff Policy, 2016 on 28th January 2016. The Cross subsidy surcharge is based on the following formula given in the Tariff Policy, 2016 which is as follows:

S = T - [C / (1 - L/100) + D + R]

Where,

S is the surcharge

T is the tariff payable by the relevant category of consumers, including reflecting the Renewable Purchase Obligation;

C is the per unit weighted average cost of power purchase by the Licensee, including meeting the Renewable Purchase Obligation;

D is the aggregate of transmission, distribution and wheeling charge applicable to the relevant voltage level

L is the aggregate of transmission, distribution and commercial losses, expressed as a percentage applicable to the relevant voltage level

R is the per unit cost of carrying regulatory assets.

9.5 Computation of Cross Subsidy Surcharge for FY 2018-19

- 9.5.1 PED submits that the transmission and distribution business has not yet been segregated and it continues to function as an integrated utility. Since the expenses of the utility are consolidated and has therefore considered "NIL" transmission charges for the open access consumers in the UT. The computation of each of the component is given below.
- 9.5.2 PED submits that the apportionment of wheeling charges has to account for losses and therefore in the absence of the voltage wise details, PED has considered the bifurcation of wheeling cost based on the sales and losses at each voltage level. The Voltage wise loss levels "L" are taken as approved by the Commission in the Tariff

Order of FY 2017-18.

- 9.5.3 The projected wheeling charges "D" as determined in the earlier section 9.3 at the respective voltage level are used for calculation of Cross Subsidy Surcharge. The cross-subsidy surcharge has been computed on consolidated basis for HT as per Hon'ble Commission's methodology in last tariff order.
- 9.5.4 The computation of each component of cross-subsidy surcharge is given below.

Particular	Sale (MUs)	Revenue from proposed tariff (Rs crore)	Average Tariff (Rs/kWh)
T- EHT (Tariff payable)	296.02	190.75	6.44
T- HT (Tariff payable)	1043.16	708.41	6.79

Table 9-2: Calculation of 'T' (tariff payable) for FY 2018-19

Particular	Energy Procured (MUs)	Total Power Purchase Cost (Rs. Crore)	Average Rate (Rs./kwh)
C (W. Avg Cost of Power Purchase)	3083.47	1131.85	3.67

9.5.5 The category wise cross subsidy surcharge based on the above formula is computed below.

Cross Subsidy Surcharge	UoM	EHT Industry	HT Industry
T (Tariff payable by the relevant category of consumers, including reflecting the Renewable Purchase Obligation)	Rs./kWh	6.44	6.79
C (per unit weighted average cost of power purchase by the Licensee, including meeting the Renewable Purchase Obligations)	Rs./kWh	3.67	3.67
D (aggregate of transmission, distribution and wheeling charge applicable to the relevant voltage level)	Rs./kWh	0.72	0.58
L (aggregate of transmission, distribution and commercial losses, expressed as a percentage applicable to the relevant voltage level)	%	1	3.5
R (per unit cost of carrying regulatory assets) Cross Subsidy Surcharge	Rs./kWh Rs./kWh	0 2.02	0 2.41

Table 9-4: Cross-subsidy surcharge for FY 2018-19

9.5.6 The Cross subsidy surcharge has been calculated for the HT and EHT category only as presently the open access is allowed to 1MW and above consumers which fall under this category.

9.5.7 PED requests the Hon'ble Commission to approve the Cross Subsidy Surcharge & related Open Access Charges for FY 2018-19 as proposed.

9.6 Additional Surcharge

9.6.1 PED submits that it will approach Hon'ble Commission separately on case to case basis seeking approval for 'Additional Surcharge'.

CHAPTER 10. COMPLIANCE OF THE DIRECTIVES OF HON'BLE COMMISSION

10.1 Preamble

10.1.1 This section lists the directives issued by the Hon'ble Commission in the previous tariff order and the status of their compliances.

10.2 Status of Compliance

S.No.	Directives	Commission Observation made in the Tariff Order FY 2017-18	Compliance by the Electricity Department Puducherry
1.	Preparation of Asset and	The Commission observes that the Petitioner is yet to ensure	The Asset and Depreciation Registers have been updated
	Depreciation Register	full compliance of this directive. The Commission directs the	up to FY 2015-16. For the FY 2016-17, the Asset Register is
		Petitioner to update the asset register till FY 2016-17 before	being prepared and the same is being audited. The Audit
		filing of Tariff Petition for FY 2018-19.	Report will be submitted to the Hon'ble Commission during
			the Technical Validation Session for the tariff petition for FY
			2018-19.
2.	Accounting of Consumer	The Commission observes that the Petitioner is yet to ensure	The Department is maintaining a separate head of account
	Security Deposits etc.	full compliance of this directive. The Commission directs the	for the consumer security deposit from the FY 2012-13
	under appropriate head	Petitioner to pay the full interest on consumer deposit in the	onwards. Based on the directions of Hon'ble Commission,
	of accounts	FY 2017-18 to the eligible consumers and update the status to	payment of interest is being made to those consumers. The
		the Commission.	payment of the interest is also being made based on the
			allocation of funds by the Government of Puducherry for
			the period from FY 2012-13.
			As far as the details of the security deposit made prior to
			the FY 2012-13, all the deposits made by the consumers
			towards security deposits as well as the consumer
			contribution deposits were put together in a single head of

Table 10-1: Status of Compliance of Directives

S.No.	Directives	Commission Observation made in the Tariff Order FY 2017-18	Compliance by the Electricity Department Puducherry
3.	Energy Audit and T&D Losses	The Commission has taken a serious view of the fact that the Petitioner is yet to ensure full compliance despite repeated directives of the Commission. The Commission directs the Petitioner to have complete energy audit of all distribution transformers in the four areas by 30th October 2017 and report the compliance to the Commission.	account. The above issue can only be resolved after tracing out the details of the security deposits from the old policy files. The interest payable to the security deposit made from the FY 2009-10 can be done only on tracing out of the details of the security deposit through new software system, which is being implemented under R-APDRP scheme. The Department therefore prays to consider the additional time required to process the above work. All the distribution transformers in Mahe and Yanam regions have been provided with the meters. The recording of readings of the distribution transformer meters is being taken regularly every month and losses on each feeder up to 11 KV level are being worked out. As far as the Puducherry and Karaikal regions are concerned, there are 2475 nos. of distribution transformers in service, out of which around 1450 nos. of transformers have been provided with the meters. Under the scheme DDUGJY, 1168 nos. of distribution transformers have been considered for the provision of metering. The EDP has programmed to complete the metering of all DTs in the current financial year itself. It is also expected that the new software under R-APDRP will be installed and
			software under R-APDRP will be installed and commissioned before March 2018. The software provides DT wise grouping of consumers and enables the Department to calculate losses up to LT level.

S.No.	Directives	Commission Observation made in the Tariff Order FY 2017-18	Compliance by the Electricity Department Puducherry
			The EDP therefore requests that the time limit may please
			be extended to the FY 2018-19 to conduct energy audit
			upto LT level and submit to the Hon'ble Commission.
4.	Estimation of the	The Commission observes that the Petitioner is yet to ensure	The procurement of the meters for both the DT metering
	consumption by	full compliance of this directive. The Commission directs the	and Agricultural consumers has been contemplated in the
	agriculture pump-sets	Petitioner to submit the status report regarding metering of	DDUGJY scheme and the entire works are programmed to
		the distribution transformers connected to agriculture	be completed during the current financial year itself.
		consumers before 31st July 2017 and complete the work of	However, based on the meters already provided in the DTs
		metering with the FY 2017-18.	connected to the agricultural consumers, the consumption
			pattern of the agricultural consumers will be submitted
			during the Technical Validation Session for the tariff
			petition for the FY 2018-19.
5.	Metering of consumer	The Commission has taken a serious view of the fact that the	At present, the department is having around 55,000 meters
	installations /	Petitioner is yet to ensure full compliance despite repeated	in stock and the defective and electromechanical meters
	replacement of non-	directives of the Commission. The Petitioner is directed to	are being replaced. Order was placed for the replacement
	functional or defective	submit the present status of replacement of defective meters,	of existing meters with smart meters in 35,600 services and
	Meters	meters already available, additional meters proposed to be	the same is expected to commence in the month of March
		ordered and timeline for receipt of additional meters. The	2018.
		status report must be submitted by 31st July 2017 along with	Action has also been initiated to procure around 1,10,000
		the plan and the schedule for 100% replacement of defective	meters under the central assistance scheme of IPDS and
		meters	DDUGJY and the same will be utilized for the replacement
			of the existing defective and electromechanical meters. The
			department has programmed to replace all the defective
			and electromechanical meters in the current financial year
			itself.

S.No.	Directives	Commission Observation made in the Tariff Order FY 2017-18	Compliance by the Electricity Department Puducherry
6.	Load Shedding and	The action taken is noted. The Petitioner is directed to submit	The infrastructure for the operation of the 24X7 call centre
	ensuring proper service	the compliance of the directive before 30th September 2017.	has already been created. However, the operation of the
	to the consumers		call centre is pending for the completion of the software
			implementation by the firm under R-APDRP scheme. It is
			programmed to put the 24X7 call centre in operation by
			March 2018.
7.	Pilferage of Energy	The action taken is noted. The Petitioner should continue the	It is submitted that quarterly reports regarding pilferage of
		submission of Action Taken Report on quarterly basis to the	energy are being submitted to the Hon'ble Commission
		Commission, on the identified misuse of the supply of	regularly.
		electricity.	
8.	Employee Cost/	The Commission has taken a serious view of the fact that the	It is submitted that the restructuring proposal submitted by
	Manpower Study	Petitioner is yet to ensure full compliance despite repeated	the Government of Puducherry is still under consideration
		directives of the Commission. The Commission directs the	of the Ministry of Power. The Ministry of Power has raised
		Petitioner that the employee cost/manpower study should be	some queries on the proposal and the same is being
		submitted before the Commission before 30th November	attended by the Expert Committee appointed by the
		2017.	Government of Puducherry.
9.	Enforcement Cell	Action taken by the Petitioner is noted. The Petitioner should	It is submitted that quarterly reports in this regard are
		continue regular inspection and also continue submission of	being submitted to the Hon'ble Commission regularly.
		quarterly report to the Commission regarding the same.	
10.	Connected Load/Contract	Action taken is noted. The Petitioner is directed to have	The EDP submits that the consumer indexing activities of all
	Demand based fixed	effective project management and complete the compliance	consumers in the urban areas wherein enumeration of
	charges for LT Industrial	of the directive before filing of next Tariff Petition for the \ensuremath{FY}	connected load, is included in the upgrading/ implementing
	and Commercial	2017-18.	the new software under Part-A (IT) of R-APDRP scheme.
	categories		Connected load enumeration would be taken up by this
			department while upgrading/ implementing the new

S.No.	Directives	Commission Observation made in the Tariff Order FY 2017-18	Compliance by the Electricity Department Puducherry
			software under Part-A (IT) of R-APDRP scheme. The EDP therefore requests that the department may be permitted to provide connected load/ contract demand based fixed charges for LT Industrial and Commercial categories from the FY 2019-20.
11.	Proposal of the Energy Charges for the agriculture category	The Commission noted that the directive has not been complied with in the present Tariff Petition also. The Commission directs the Petitioner to submit an action plan for 100% metering of agriculture consumers by 31st July 2017 and submit a proposal for energy tariff based billing for agricultural consumers along with the next Tariff Petition.	It is requested that as the department has programmed to provide static meters to all the agricultural consumers in the current financial year itself, the department may be permitted to submit a proposal for energy tariff based billing for the agricultural consumers along with the tariff petition for the FY 2019-20.
12.	Unbundling & Corporatization	The Commission has taken a serious view of the fact that the Petitioner is yet to undertake any action on this directive. The Petitioner is directed to take up the matter of unbundling and corporatization of the department with the Government within 2 months of issuance of this Order and submit monthly progress updates for the review of the Commission.	Unbundling and Corporatization is being placed before the Reforms Steering Committee constituted under the chairmanship of Secretary (Power) and the recommendations of the committee will be submitted to the Government for their approval. On receipt of the decision of the Government, the same will be submitted to the Hon'ble Commission.
13.	Technology upgradation	The Commission observes that while the Petitioner is undertaking works in this regard, no specific timeline has been mentioned by the Petitioner for the full compliance of this directive. The Commission now directs the Petitioner to submit a detailed action plan for ensuring 100% compliance of this directive within 1 month of issuance of this Order.	All the mechanical relays in the Marapalam, Kurumbapet and Kalapet 110/22 KV Sub-stations have been replaced by new Numerical relays under the R-APDRP scheme. The oil RMUs have been replaced with 11 KV SF ₆ SCADA RMUs in the areas covered under R-APDRP scheme.

S.No.	Directives	Commission Observation made in the Tariff Order FY 2017-18	Compliance by the Electricity Department Puducherry
14.	Information for	The Commission notes that Petitioner has not complied with	It is submitted that FA Schedules has been prepared for the
	determination of voltage	the directive and has given reasons for non-compliance which	transmission, HT distribution and LT distribution separately
	wise wheeling charges	are not tenable. The Petitioner is directed to provide the	for the FY 2016-17 and the same methodology will be
		details of voltage wise assets and expenses along with the	adopted for the subsequent years.
		allocation methodology (based on best judgement of the	
		Petitioner) for the determination of voltage wise wheeling	
		charges in the next tariff petition.	
15.	Time of Day (T0D) Tariff	The action taken is noted. However, the Commission notes	It is submitted that the Department is carrying out
	for HT/ EHT consumers	that the ToD compatible meters need to be provided for	necessary modification in software and the work is
		Puducherry and Karaikal regions also. The Petitioner is	expected to be completed by the end of March 2018.
		directed to complete the work of installing ToD compatible	
		smart meters for all HT/EHT consumers along with necessary	
		modifications in software within 3 months of issuance of this	
		Order and report the compliance to the Commission. The	
		Petitioner is also directed to widely publicize the	
		implementation of ToD tariff to the HT/EHT consumers so that	
		they can immediately start availing the benefits of ToD tariff	
		mechanism.	
16.	New Bill Format	The Commission observes that the Petitioner has not fully	Presently, spot billing system is in vogue and switching to
		complied with the directive. The Commission now directs the	any other billing system would require major modification
		Petitioner to finalize and introduce the new bill format	in the billing software which would also require more time.
		(including the adjustment of the Solar Power fed to the Grid)	However, the metering, billing and collection system is
		within 1 month of issuance of this Order and report the	being upgraded to the latest RDBMS platform under part-A
		compliance to the Commission.	(IT) of R-APDRP scheme which is likely to be completed by
			March 2018. It is also mentioned that the consumer
			indexing activities of all consumers in the urban areas

S.No.	Directives	Commission Observation made in the Tariff Order FY 2017-18	Compliance by the Electricity Department Puducherry
			wherein enumeration of connected load, is also included in
			the above scheme. Hence, the new bill format along with
			the connected load enumeration including the adjustment
			of the solar power fed into the grid would be adopted by
			this department while upgrading/ implementing the new
			software under Part-A (IT) of R-APDRP scheme.
17.	Open access	The Commission observes that while the permission for the	The subject matter of setting up of the STU and SLDC (nodal
		open access has been accorded, the Petitioner is yet to comply	agency) is being placed before the Reforms committee
		with the directive of setting up of the STU and SLDC (nodal	constituted under the chairmanship of Secretary (Power)
		agency). The Petitioner is directed to submit the action plan	and the recommendations of the committee will be
		for 100% compliance of this directive within 1 month of	submitted to the Government for their approval. The
		issuance of this Order. The Commission also directs the	decision of the Government will be intimated soon after its
		Petitioner to provide actual voltage wise losses and voltage	receipts from the Government.
		wise assets for the FY 2016-17 along with the next filing of the	
		Tariff Petition.	

S.No.	Directives	Commission Observation made in the Tariff Order FY 2017-18	Compliance by the Electricity Department Puducherry	
1.	Category wise Connected	The Commission has observed that the information pertaining to	The EDP submits that the consumer indexing activities	
	Load	connected load of all the consumer categories is not made	of all consumers in the urban areas wherein	
		available by the Petitioner. The Commission directs the Petitioner	enumeration of connected load, is included in the	
		to maintain and submit the information of connected load for all	upgrading/ implementing the new software under Part-	
		the categories in all future filings of the Tariff Petitions before the	A (IT) of R-APDRP scheme. Connected load enumeration	
		Commission.	would be taken up by this department while upgrading/	
			implementing the new software under Part-A (IT) of F	
			APDRP scheme. The EDP therefore requests that the	
			department may be permitted to provide connected	
			load details for all categories from the FY 2019-20	

Table 10-2: Status of Compliance of New Directives

CHAPTER 11. PROPOSED TARIFF SCHEDULE FOR FY 2018-19

11.1 Tariff Schedule for FY 2018-19

- 11.1.1 The tariff indicated in this tariff schedule is the tariff rate proposed to be payable by the consumers of Union Territory of Puducherry.
- 11.1.2 These tariffs are exclusive of electricity duty, tax on sale of electricity, taxes and other charges levied by the Government or other competent authorities from time to time.
- 11.1.3 Unless otherwise agreed to, these tariffs for power supply are applicable to single point of supply.
- 11.1.4 The power supplied to a consumer shall be utilized only for the purpose for which supply is taken and as provided for in the tariff. If energy supplied for a specific purpose under a particular tariff is used for a different purpose, not contemplated in the contract for supply and / or for which higher tariff is applicable, it will be deemed as unauthorized use of electricity and shall be dealt with for assessment under the provisions of section 126 of the Electricity Act, 2003 & Supply Code Regulation notified by JERC. Provided that,
 - a) If a portion of the domestic premises limited to only one room is used for running small household business having connection under domestic category, such connection shall be billed under domestic category provided that the total monthly consumption of the consumer (including consumption for above mentioned small household business) does not exceed 150 kWh.
 - b) If either more than one room or only one room having monthly consumption exceeding 150 kWh for consecutive three months is detected in the domestic premises being used for mixed purposes having domestic connection, such connection shall further be billed under commercial category until a separate connection of appropriate tariff is taken for that portion used for non-domestic purpose.
- 11.1.5 If connected load of a domestic category is found to be at variance from the sanctioned/ contracted load as a result of replacement of appliances such as lamps, fans, fuses, switches, low voltage domestic appliances, fittings, it shall not fall under Section 126 and Section 135 of the EA 2003.

11.1.6 **Power Factor Charges for HT and EHT**

The monthly average power factor shall mean the ratio expressed as percentage of total kWh to total kVAh supplied during the month. The ratio shall be rounded off to two decimals.

- a) The monthly average power factor of the supply shall be maintained by the consumer not less than 90% (lagging). If the monthly average power factor of a consumer falls below 90% (90% lagging), such consumer shall pay a surcharge in addition to his normal tariff @ 1% on billed demand and energy charges for each fall of 1% in power factor upto 70% (lagging).
- b) In case the monthly average power factor of the consumer is more than 95% (95% lagging), a power factor incentive @ 1% on demand and energy charges shall be given for each increase of 1% in power factor above 95% (lagging).
- c) If the average power factor falls below 70% (lagging) consecutively for 3 months, the licensee reserves the right to disconnect the consumer's service connection without prejudice for the levy of the surcharge.
- 11.1.7 If the consumer fails to pay the energy bill presented to him by the due date, the Department shall have the right to disconnect the supply after giving 15 days' notice as per provision of the Act & Supply Code Regulation.
- 11.1.8 Fixed charges, wherever applicable, will be charged on pro-rata basis from the date of release of connection. Fixed charges, wherever applicable, will be double as and when bi-monthly billing is carried out, Similarly slabs of energy consumption will also be considered accordingly in case of bi-monthly billing.
- 11.1.9 The billing in case of HT/EHT shall be on the maximum demand recorded during the month or 75% of contracted demand, whichever is higher. If in any month, the recorded maximum demand of the consumer exceeds its contracted demand, that portion of the demand in excess of the contracted demand shall be billed at double the normal rate. Similarly, energy consumption corresponding to excess demand shall also be billed at double the normal rate. The definition of the maximum demand would be in accordance with the provisions of the Supply Code Regulation. If such over-drawl is more than 20% of the contract demand then the connections shall be disconnected immediately.

Explanation: Assuming the contract demand as 100 KVA, maximum demand at 120 KVA and total energy consumption as 12000 kWh, then the consumption corresponding to the contract demand will be 10000 kWh (12000*100/120) and consumption corresponding to the excess demand will be 2000 kWh. This excess demand of 20 KVA and excess consumption of 2000 kWh will be billed at twice the

respective normal rate. Such connections drawing more than 120 kVA, shall be disconnected immediately.

- 11.1.10 Unless specifically stated to the contrary, the figures of energy charges relates to Rs per unit (kWh) charge for energy consumed during the month.
- 11.1.11 **Delayed payment surcharge** shall be applicable to all categories of consumers. Delayed payment surcharge of 2% per month or part thereof shall be levied on all arrears of bills. In case of delay less than a month, the surcharge will be levied at 2% per month on proportionate basis considering a month consists of 30 days. Such surcharge shall be rounded off to the nearest multiple of one rupee. Amount less than 50 paisa shall be ignored and amount of 50 paisa or more shall be rounded off to next rupee. In case of permanent disconnection, delayed payment surcharge shall be charged only up to the month of permanent disconnection.
- 11.1.12 Advance Payment Rebate: If payment is made in advance well before commencement of consumption period for which bill is prepared, a rebate @ 1% per month shall be given on the amount (excluding security deposit) which remains with the licensee at the end of the month. Such rebate, after adjusting any amount payable to the licensee, shall be credited to the account of the consumer.
- 11.1.13 **Prompt Payment Rebate:** If payment is made at least 7 days in advance of the due date of payment a rebate for prompt payment @ 0.25 % of the bill amount shall be given. Those consumers having arrears shall not be entitled for such rebate.

11.1.14 Time of Day (TOD) Tariff

(i) Under the Time of Day (ToD) Tariff, electricity consumption and maximum demand in respect of HT/EHT consumers for different periods of the day, i.e. normal period, peak load period and off-peak load period, shall be recorded by installing a ToD meter.

(ii) The maximum demand and consumption recorded in different periods shall be billed at the following rates on the tariff applicable to the consumer.

Time of Use	Demand Charges	Energy Charges
Normal period	Normal Rate	Normal rate of energy
(6:00 a.m. to 6:00 p.m.)	NOTITAL RALE	charges
Evening peak load period	Normal Rate	120% of normal rate of
(6:00 p.m. to 10.00 p.m.)	Normal Kale	energy charges
Off-peak load period	Normal Rate	90% of normal rate of
(10:00 p.m. to 6:00 a.m.)	Normal Kate	energy charges

(iii) Applicability and Terms and Conditions of TOD tariff:

(a)The TOD tariff will be implemented soon after installation of TOD meters to all HT consumers and completion of up-gradation of concerned software.

(b)The facility of aforesaid TOD tariff shall not be available to HT/EHT consumers having captive power plants and/or availing supply from other sources through wheeling of power

(c) The HT/EHT industrial consumers who have installed standby generating plants shall also be eligible for the aforesaid TOD tariff

(d) In the event of applicability of TOD tariff to a consumer, all other terms and conditions of the applicable tariff shall continue to apply

11.2 Low Tension Supply

Domestic Purposes

11.2.1 Domestic Purposes (A2)

- 1. This tariff is applicable to services for lights, fans, air-conditioning, heating and other small domestic appliances etc used for:
 - a) Genuine domestic purposes including common services for stair-case, lifts, water tanks in the purely domestic apartments.
 - b) Supply to actual places of public worship such as temples, mosques, churches etc.
 - c) Ashrams and Mutts, non-commercial orphanage homes and old people homes run by religious and charitable institutions, social welfare and voluntary organizations.
 - d) Youth hostels, Harijan hostels, Rehabilitation Centres, Anganwadies and Balwadies run by Social Welfare Department.
 - e) For own residences where one room is set apart for the purpose of consultation by doctors, lawyers, engineers, architects and auditors.
 - f) To handloom in residence of handloom weavers (regardless of the fact whether outside labour is employed or not) and to handloom in sheds erected.
 - g) To the residences where supply from a house is extended to tailoring shops, job typing, document writing, laundry pressing, and small caterers set up in the verandah of the house with small lighting load only (one tube light only).
- 2. The charges for domestic service are as indicated in the table below:

Table 11-1. Existing and Proposed Charges for Domestic Category						
	Existing C	harges	Proposed Charges			
Consumption Range	FC (Rs/ Connection/ Month)	EC (Rs/ kWh)	FC (Rs/ Connection/ Month)	EC (Rs/ kWh)		
0-100 units per month	40.00	1.10	40.00	1.40		
101-200 units per month	40.00	1.75	40.00	2.10		
201-300 units per month	40.00	3.50	40.00	3.90		
Above 300 units per Month	40.00	4.60	40.00	5.05		

Table 11-1: Existing and Proposed Charges for Domestic Category

- 3. The method of billing of charges shall be as explained below.
 - a) Say units billed in a month are 80 units. Then the fixed charges will be Rs.
 40/month and energy charges Rs. (80 units X Rs 1.40/unit).
 - b) In case the units billed are 275, then the fixed charges will be Rs. 40/month and energy charges will be Rs (100 units X 1.40 + 100 units X 2.10 + 75 units X 3.90).

11.2.2 HUT SERVICES (A3)

- 1. For supply to bonafide hut services with only two numbers of 40W Florescent Tube Lights.
- 2. The charges for hut services (OBOH) are as indicated in table below:

Description	Existing Fixed Charges	Proposed Fixed Charges
Hut Services/Rs. 27 per connectionOHOBper month		Rs. 27 per connection per month

 Table 11-2: Existing and Proposed Charges for Hut Category

Note:

- a. Hut is defined as a living place not exceeding 300 sq. ft. or 27.87 sq.m. with mud wall/brick wall or thatched wall and thatched roof only. Hut does not include farm huts. If any of the conditions is changed at a later stage, this concessional supply will be discontinued and the consumer will have to take metered supply.
- b. The tariff under this item is also applicable for houses constructed for economically weaker sections under the "Chief Minister's 5000 houses programme" and houses constructed by the District Rural Development Agency

under Indira Awaas Yojana and by the Adi Dravidar Welfare Department having a living space not exceeding 300 sq. ft. or 27.87 sq.

c. The consumer under this category should use only two numbers of 40 watts florescent tube lights. He should not use bulbs/tube lights of higher wattage or connect any other electrical equipment/ appliances other than those mentioned above. Supply from such services should not be tapped for any other purposes including functions, public meetings and also for neighboring huts. If at any time, any unauthorized load or extension, use of higher wattage bulbs or use of service for other purposes is detected, the service will be disconnected forthwith.

11.2.3 COMMERCIAL (A1)

- 1. This tariff is for lights and combined installation of lights and fans, mixed loads of lights and power, heating and air-conditioning applicable to:
 - a) Non-domestic and non-industrial consumers, trade and commercial premises.
 - b) Educational institutions, hostels, public libraries.
 - c) Hotels, restaurants, boarding and lodging homes
 - d) Hospitals, Private clinics, Nursing Homes, Diagnostic Centre's, X-ray Units etc.
 - e) IT related development centres and service centres.
 - f) Common services for stair-case, lifts, water tanks etc in the purely commercial /combination of commercial and domestic.
- 2. The charges are as indicated in the table below.

Table 11-3: Existing and Proposed Charges for Commercial Category

	Existing C	Charges	Proposed Charges		
Consumption Range	FC (Rs/ Connection / Month)	EC (Rs/ kWh)	FC (Rs/ Connection/ Month)	EC (Rs/ kWh)	
0-100 units per month	100.00	4.70	100.00	5.30	
101-250 units per month	100.00	5.60	100.00	6.20	
Above 250 units per month	100.00	6.25	100.00	6.85	

AGRICULTURE SERVICES (D)

Agriculture/ Cottage Industries etc.

11.2.4 Agriculture (D1)

For supply to bonafide agricultural services with a connected load of not less than 3

HP per service.

Description	Existing Fixed Charges	Proposed Fixed Charges	
Small Farmers	Rs. 9.00 per HP per month	Rs. 9.00 per HP per month	
Small Farmers	Rs. 27.00 per HP per Month plus Service Charges Rs. 225 per service per annum	Rs. 27.00 per HP per Month plus Service Charges Rs. 225 per service per annum	

Table 11-4: Existing and Proposed Charges for Agriculture Category

Note:

- a. Electricity will be supplied under the tariff category "Small farmers" to those consumers whose families are solely dependent on the income derived from their agricultural land holding, which should not exceed two and half acres of wet land or five acres of dry land. A certificate to this effect from Revenue authority shall be produced. "Small farmer means a person whose total holding, whether as owner, tenant or mortgaged with possession or partly in one capacity and partly in another, does not exceed two-and-a half acres of wet lands or five acres of dry land. In computing the extent of land held by a person who holds wet and dry lands, two acres of dry land shall be taken as equivalent to one acre of wet land.
- b. The above concession will be withdrawn if resale of energy or unauthorized load / extension or use for other purpose is detected by the Department.
- c. Agricultural power loads below 3 HP will be charged under Tariff Category A1. A bonafide farmer may use his motor in the Agricultural Service for allied agricultural purposes such as sugarcane crushing, thrashing etc. with the prior approval of concerned Executive Engineer (Operation & Maintenance), Electricity Department.
- d. Power supply to Farm Houses shall be metered separately and charged under domestic tariff (A2).

Payment of Tariff Charges by Agriculture Consumers

a. The Tariff shall be collected in three equal installments payable in April, August and December in each year. The installments shall be payable before the 15th of the respective months. The service charges of Rs 225 per annum shall also be collected in three installments of Rs. 75, Rs. 75 and Rs. 75 along with installment of fixed charges in April, August and December months.

b. For new service, the first installment shall be proportionate to the number of whole months remaining till the month in which the first installment is due. Fraction of a month shall be reckoned as a whole month

11.2.5 Cottage Industries /Poultry Farms/ Horticulture/ Pisciculture (D2)

It is applicable to bonafide cottage industries, horticultural nurseries including plant tissue culture media, bonafide poultry farms and pisciculture.

The charges are as indicated in the table below:

	Existing Charges		Proposed Charges	
Consumption Range	FC (Rs/ Connection/ Month)	EC (Rs/ kWh)	FC (Rs/ Connection/ Month)	EC (Rs/ kWh)
0-100 units per month	40.00	1.10	40.00	1.40
101-200 units per month	40.00	1.75	40.00	2.10
201-300 units per month	40.00	3.50	40.00	3.90
Above 300 units per Month	40.00	4.60	40.00	5.05

Table 11-5: Existing and Proposed Charges for Cottage Industry

Note:

1. Cottage industries

The following conditions should be satisfied in order that an industry may be classified as a bona fide cottage industry:

- a) It should be conducted entirely within the home, the home being deemed to be permanent residence of the proprietor.
- b) The industry shall not cause any residence to constitute a factory within the meaning of the Factories Act, 1948.
- c) Not more than two persons outside the immediate family of the proprietor shall be employed in the factory.
- d) It should be certified by the Director of Industries that the industry for which power is used is a cottage industry.
- e) The produce is not purely utilized mainly for the domestic consumption of the proprietor but should also be available for sale to the public.
- 2. Poultry farms

The following conditions should be satisfied in order that the service may be classified as a bona fide poultry farm.

a) The capacity of the farm shall be a minimum of 100 birds and maximum of 5,000 birds (both layer and broiler birds).

- b) The application of the beneficiary seeking such concession shall be verified and recommended by the Animal Husbandry Department.
- 3. Horticultural/ Pisciculture

The applications of the beneficiary seeking such concession shall be verified and recommended by the Director, Agriculture Department. For Pisciculture, applications of the beneficiary seeking such concession shall be verified and recommended by the Director, Fisheries Department.

11.2.6 Public Lighting

a. The tariff for public lighting will be as follows:

Table 11-6: Existing and Proposed Cl	Charges for Public Lightning
--------------------------------------	------------------------------

	Existing Charges		Proposed Charges	
Consumption Range	FC (Rs/ Connection / Month)	EC (Rs/ kWh)	FC (Rs/ Connection / Month)	EC (Rs/ kWh)
Public Lighting	75.00	6.75	75.00	7.25

b. This tariff will also apply to public lighting in markets, bus stands, traffic signals, high mast lights on public ways, public parks, public lighting in notified industrial estates.

11.2.7 LT Industrial and Water Tanks (C)

- a. Applicable to low tension industrial consumers including lighting in the industrial services and Water Tanks including lighting in premises maintained by State Government Departments/ Undertakings and local bodies.
- b. The charges are as indicated in the table below.

Table 11-7: Existing and Proposed Charges for LT Industrial

	Existing Charges		Proposed Charges	
Consumption Range	FC (Rs/ Connection / Month)	EC (Rs/ kWh)	FC (Rs/ Connection / Month)	EC (Rs/ kWh)
LT Industrial	86.00	5.10	86.00	5.60
Water Tanks	100.00	5.90	100.00	6.40

LT Supply Limit for all LT Categories:

For single phase connection, the connected load shall not exceed 4 kW, and for 3 phase connection, the connected load shall not exceed 130 HP or 97 kW

11.3 High Tension Supply

11.3.1 High Tension – I

High Tension I (a)

 Applicable to industrial establishments, IT and ITES based Companies registered under Factories Act/ Companies Act with Contracted Maximum Demand upto 5000 kVA.

High Tension I (b)

 For Commercial Establishments including Laboratories, Hotels, Marriage Halls, Cinema Theatres, Private Educational Institutions, Private Hospitals, Shopping Malls, Telephone Exchanges, broadcasting companies with contracted maximum demand upto 5000 kVA.

11.3.2 The demand and the energy charges are as indicated in the table below:

	Existing	Charges	Proposed Charges	
Consumption Range	FC (Rs/ kVA/ Month)	EC (Rs/ kWh)	FC (Rs/ kVA/ Month)	EC (Rs/ kWh)
HT I (a) For contract demand upto 5000kVA	250.00	5.25	250.00	5.80
HT I (b) For contract demand upto 5000kVA	250.00	5.25	250.00	5.80

Table 11-8: Existing and Proposed Charges for High Tension I(a) and I(b) Category

11.3.3 The billing shall be on the maximum demand recorded during the month or 75% of contracted demand whichever is higher. If in any month, the recorded maximum demand of the consumer exceeds its contracted demand, that portion of the demand in excess of the contracted demand will be billed at double the normal rate. Similarly, energy consumption corresponding to excess demand shall also be billed at double the normal energy rate. The definition of the maximum demand would be in accordance with the provisions of the Supply Code Regulation. If such over-drawl is more than 20% of the contract demand then the connections shall be disconnected immediately.

Explanation:

Assuming the contract demand as 100 kVA, maximum demand at 120 kVA and total energy consumption as 12000 units, then the consumption corresponding to the contract demand will be 10,000 units (12000 X 100/ 120) and consumption corresponding to the excess demand will be 2000 units. This excess demand of 20 kVA and excess consumption of 2000 units will be billed at twice the respective

normal rate. E.g. in case of HT(I) (a) category, excess demand and consumption will be billed at the rate of Rs 500 per kVA per month and Rs 11.60/kWh respectively.

11.3.4 High Tension – II

- a. Applicable to State and Central Government establishments of non-industrial and non-commercial nature.
- b. The fixed/demand charges and energy charges are as indicated in the table below.

	Existing Charges		Proposed Charges	
Consumption Range	FC (Rs/ kVA/ Month)	EC (Rs/ kWh)	FC (Rs/ kVA/ Month)	EC (Rs/ kWh)
нт II	250.00	6.75	250.00	7.30

Table 11-9: Existing and Proposed Charges for High Tension II Category

c. The billing shall be the maximum demand recorded during the month or 75% of contracted demand whichever is higher. If in any month, the recorded maximum demand of the consumer exceeds its contracted demand, that portion of the demand in excess of the contracted demand will be billed at double the normal rate. Similarly, energy consumption corresponding to excess demand shall also be billed at double the normal energy rate. The definition of the maximum demand would be in accordance with the provisions of the Supply Code Regulation. If such over-drawl is more than 20% of the contract demand then the connections shall be disconnected immediately.

11.3.5 High Tension – III

- a. Applicable to all types of industries supplied at 110 kV or 132 kV as the case may be
- b. The demand and energy charges are as indicated in the table below:

	Existing Charges		Proposed Charges	
Consumption Range	FC (Rs/ kVA/ Month) EC (Rs/ kWh)		FC (Rs/ kVA/ Month)	EC (Rs/ kWh)
нтш	220.00	5.10	220.00	5.65

c. The billing shall be the maximum demand recorded during the month or 75% of contracted demand whichever is higher. If in any month, the recorded

maximum demand of the consumer exceeds its contracted demand, that portion of the demand in excess of the contracted demand will be billed at double the normal rate. Similarly, energy consumption corresponding to excess demand shall also be billed at double the normal energy rate. The definition of the maximum demand would be in accordance with the provisions of the Supply Code Regulation. If such over-drawl is more than 20% of the contract demand then the connections shall be disconnected immediately.

Supply Voltage for all HT categories

The supply voltage for HT consumer's upto 5000 kVA will be 33 kV, 22 kV or 11 kV as the case may be. New High Tension consumers who want to avail a contract demand above 5000 KVA or existing High Tension consumers who want to enhance their demand beyond total contract demand of 5000 kVA should avail power at 110 KV or 132 KV as the case may be.

11.4 Temporary Supply

a. The tariff applicable and minimum charges for the temporary supply of energy will be as follows:

	Existing Charges		Proposed Charges	
Description	Minimum charge	Tariff applicable for entire consumption (Rs./kWh)	Minimum charge	Tariff applicable for entire consumption (Rs./kWh)
Lights or combined installation of lights and fans, motive power, heating and others	Rs. 200 per connection per month or part thereof	9.75	Rs. 200 per connection per month or part thereof	10.35
Special illumination	Rs. 500 per connection per month or part thereof	10.00	Rs. 500 per connection per month or part thereof	10.60
Construction and testing purpose for load exceeding 130 HP or 97 kW	Rs. 500 per connection per month or part thereof	10.00	Rs. 500 per connection per month or part thereof	10.60

Table 11-11: Existing and Proposed Charges for Temporary Supply

NOTE:

- a) The rate for Special illumination shall apply to weddings, garden-parties and other Private/Government functions when the illumination is obtained through bulbs fastened in other surfaces of wall of buildings, on trees and poles inside the compound and in pandal etc., outside the main building.
- b) In cases where such Special illumination is done in the existing regular services the energy utilized for such illumination shall be metered separately and the consumption will be charged under Special illumination charge as levied under

temporary supply.

- c) Wherever such Special illumination is done unauthorized, a penal charge of Rs. 500 for service shall be levied in addition to the existing tariff of the installation.
- d) Other conditions for connection of line and service connection charges, dismantling, security deposit etc. will be as per the rules now in force.
- e) For supply required at short notice that is within three days from the date of application for temporary service connections, an urgency charge of Rs. 50 shall be paid along with other normal tariff charges.

11.5 Hoardings

Electricity for lighting external advertisements, external hoardings and displays at departments stores, malls , multiplexes, theatres, clubs, hotels, bus shelters, Railway Stations shall be separately metered and charged at the tariff applicable for "Advertisements and Hoardings" category, except such displays which are for the purpose of indicating / displaying the name and other details of the shop, commercial premises itself. Such use of electricity shall be covered under the prevailing tariff for such shops or commercial premises. The connection for "Advertisements and Hoardings" category would be covered under the permanent supply of connection under commercial category.

	Existing Charges		Proposed Charges	
Consumption Range	FC (Rs/ kVA/ Month)	EC (Rs/ kWh)	FC (Rs/ kVA/ Month)	EC (Rs/ kWh)
All units	120.00	8.00	120.00	8.60

CHAPTER 12. PROPOSED SCHEDULE OF SERVICES AND CHARGES

12.1 Charges for service connections

12.1.1 The following table shows the charges for service connections

	Particulars	Category	Existing Charges (Rs.)	Proposed Charges [Rs]
		(i) One hut one Bulb	Nil	Nil
	New LT/ HT overhead service	(ii) Other single phase Services	250	250
(A)	lines	(iii) Three phase Services	500	500
	intes	(iv)L.T C.T operated Meter services	3000	3000
		(v) H.T Services	5000	5000
(B)	New LT underground service	(i) Single Phase services -	500	500
(0)	lines	(ii) Three phase Services	1000	1000
		(i)Single phase Services	125	125
	Rating / re-rating of services	(ii)Three phase Services	250	250
(C)		(iii) L.T C.T operated Meter service	1500	1500
		(iv) H.T Service	2500	2500

Note: The above charges under (A) & (B) will be applicable for addition or alteration or reduction of connected load and enhancement or reduction of CMD or alteration of internal Electrical installations.

12.2 Testing of installation

12.2.1 Testing for servicing a new installation (or of an extension or alteration) - For the first test No Charge. Subsequent testing warranted due to absence of contractor or his representative (or) due to defects in wiring of consumer's premises or at the request of the consumer or at occasions that warrant testing of installations for the second time for reasons attributable to the consumers

Particulars	Existing Charges (Rs.)	Proposed Charges (Rs.)
(i) Domestic lighting / Commercial lighting / Agriculture Services	200	200
(ii) Other LT Services	900	900
(iii) HT/EHT Services	7500	7500

12.3 Testing of meters & metering arrangements

12.3.1 For testing of meter at the instance of the consumer

Particulars	Existing Charges (Rs.)	Proposed Charges (Rs.)
(i) Single phase direct meter	150	150
(ii) Three phase direct meter upto 50 A	200	200
(iii) L.T C.T coil test	800	800
(iv) H.T Tri-vector Meter (0.5 class accuracy or CT operated LT meters.	1500	1500
(v) H.T Tri-vector Meter (0.2 class accuracy)	2000	2000
(vi) H.T Metering Cubicle	3500	3500

12.4 Testing of HT/EHT consumer protective equipment

Table 12-4: Proposed Testing of HT/EHT Consumer Equipment Charges

Particulars	Existing Charges (Rs.)	Proposed Charges (Rs.)
Testing charges for protective relays (Earth fault, line fault etc.)	4500	4500
Testing charges for one set of current transformer	4500	4500
Testing charges for one set of potential transformers	4500	4500
Testing charges for one set of circuit breaker	4500	4500
Testing charges for measurement of earth resistance	3000	3000
Testing charges for Transformer oils	500	500

12.5 Disconnection / Re-connection charges

Table 12-5: Proposed Disconnection/Reconnection Charges

Particulars	Existing Charges (Rs.)	Proposed Charges (Rs.)	
(i) Disconnection of L.T service on request	100	100	
(ii) Disconnection of HT service on request	500	500	
(iii) Reconnection of L.T Service (on all occasions).	100	100	
(iv)Reconnection of HT Service (on all occasions).	500	500	

12.6 Title transfer of services

Table 12-6: Proposed Disconnection/Reconnection Charges

Particulars	Existing Charges (Rs.)	Proposed Charges (Rs.)		
(i) Domestic	250	250		
(ii) Commercial lighting installation	500	500		
(iii) All other LT installation	1000	1000		
(iv) HT/EHT Services	2000	2000		

12.7 Furnishing of certified copies (to be issued to the consumers only)

Particulars	Existing Charges (Rs.)	Proposed Charges (Rs.)	
(i) Issue of duplicate Monthly bills for a month.	10	10	
(ii) Contractor's completion-cum-test report	10	10	
(iii) Lodgor ovtract	20.00 / calendar year or	20.00 / calendar year or	
(iii) Ledger extract	part thereof.	part thereof.	
(iv) Agreement	50	50	
(v) Estimate	50	50	

Table 12-7: Proposed Certified Copies Charges

12.8 Meter rent charges

	Particulars	Existing Charges (Rs.)	Proposed Charges (Rs.)		
(;)	Cingle phase motor	10/- per meter/ month. or part	10/- per meter/ month. or part		
(i) Single-phase meter		thereof	thereof		
(::)	25/- per meter/ month. or part		25/- per meter/ month. or part		
(ii)	Three phase meter	thereof	thereof		
(:::)	LTCT operated meters	200/- per meter/ month. or part	200/- per meter/ month. or part		
(iii)	LT C.T operated meters	hereof			
(1)	HT/EHT metering	500/- per meter/ month .or part	500/- per meter/ month .or part		
(iv)	equipments	thereof	thereof		

12.9 Fuse renewal charges

Table 12-9: Proposed Fuse	Renewable Charges
---------------------------	-------------------

Particulars	Existing Charges (Rs.)	Proposed Charges (Rs.)	
(i) Domestic	-NIL	-NIL	
(ii) Commercial	50	50	
(iii) L.T Industrial	50	50	
(iv) High Tension/Extra High Tension installation	250	250	

12.10 Shifting of meter board at consumer's request

Table 12-10: Proposed Shifting of meter board Charges

Particulars	Existing Charges (Rs.)	Proposed Charges (Rs.)	
(i) LT single phase supply	125	125	
(ii) LT Three phase supply	250	250	

CHAPTER 13. PRAYER TO THE HON'BLE COMMISSION

13.1 Prayer to the Hon'ble Commission

- 13.1.1 The Electricity Department, Government of Puducherry (PED) respectfully prays to the Hon'ble Commission to:
 - 1) Admit the petition seeking True up for FY 2016-17, Annual Performance Review for FY 2017-18 and ARR and Tariff determination for FY 2018-19 as per the provisions of JERC (Multi Year Distribution Tariff) Regulations, 2014.
 - 2) Approve the total recovery of True up of FY 2016-17, Annual Performance Review for FY 2017-18 and Aggregate Revenue Requirement for FY 2018-19 and other claims as proposed by PED.
 - 3) Review the actual performance of FY 2016-17 and approve the Aggregate Revenue Requirement (ARR) and gap for FY 2016-17 based on the unaudited accounts. It is submitted that the audited certificate is awaited and the audited accounts will be furnished to the Hon'ble Commission at the time of technical validation session.
 - 4) Approve the Expected Revenue from Charges (ERC) for FY 2018-19 and the consolidated gap till FY 2018-19.
 - 5) Grant approval for the schedule of tariff, charges for services and schedule of charges as made in the petition for FY 2018-19.
 - 6) Permit EDP to comply the backlog of RPO obligation till FY 2015-16 on its own as submitted in the power purchase cost for the control period instead of depositing the amount of Rs. 13.53 Crs with Renewable Energy Agency of Puducherry (nodal agency) considering the financial constraints in allocating the required funds to the EDP.
 - 7) Grant any other relief as the Hon'ble Commission may consider appropriate.
 - 8) The petitioner craves leave of the Hon'ble Commission to allow further submission, addition and alteration to this petition as may be necessary from time to time.
 - 9) To pass any other Order as the Hon'ble Commission may deem fit and appropriate under the circumstances of the case and in the interest of justice.

The petitioner declares that the subject matter of the petition has not been raised by the petitioner before any other competent forum, and that no other competent forum is currently seized of the matter or has passed any order in relation thereto.

Annexure I: REGULATORY FORMATS

SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2016

1. Background

Puducherry Electricity Department (PED) is a part of the Government of Puducherry. It is responsible for distribution and supply of electricity in Puducherry, Karaikkal, Mahe and Yanam regions of the Union Territory of Puducherry. PED is governed by the Electricity Act 2003, as a deemed licensee.

After the enactment of The Electricity Act 2003, it is mandatory for all electricity utilities to file their Annual Revenue Requirement and Tariff Proposal in the form of a petition before the respective State Electricity Regulatory Commission. The Commission after hearing all the stake holders, issues an appropriate order on the ARR and Tariff Proposal. The Department had filed its first proposal for tariff fixation /revision for the year 2009-10 and a Tariff Order was passed in February 2010.

Being a Government Department, the PED maintained its books of accounts as per the Government system of accounting, which essentially is cash based and to some extent a partial system of single and double entry accounting. In other words, as typical to any other entity that maintains its accounts based on a commercial accounting system, the PED did not prepare its Profit & Loss Account, Balance Sheet and Cash Flow Statement at the end of the year. Further since there was no concept of Balance Sheet, the fixed assets were not capitalized and fixed assets records were not kept in the manner required as in the case of any commercial organization.

In the Tariff Order which was passed in February 2010, the JERC had given a directive to the PED that it must prepare separate Financial Statements and get the same audited. The Department was directed to prepare Accounting Statements which includes Balance Sheet, Profit and Loss Account, Cash Flow Statement, Auditor's Report, etc., together with notes and such other supporting statements and submit the same along with the next ARR and Tariff Petition.

To comply with the directive given by JERC, annual accounts under accrual basis were first prepared by the PED for the financial year 2009-10 followed by 2010-11. The said annual accounts for these two years are accompanied by a detailed methodology on how the opening balance sheet was prepared as on 31st March 2009. The accrual based accounts were accompanied with a detailed asset register and depreciation register. These registers were prepared based on physical verification of the assets and ascertained their current condition and use.

PED continues to be a department of the Government of Puducherry and therefore need to continue to maintain its base books of accounts as per the Government system of accounting. This would continue to be the case, till such time the PED is corporatized into a separate entity under the Companies Act 2013. Therefore, the Financial Statements attached as a part of this ARR petition have been prepared solely for the purposes of complying with the JERC's directives and must be read and interpreted in that context.

The paragraphs below outline the methodology adopted for the preparation of the Financial Statements. As indicated above, the base records continue to be the cash based Government system of accounting and books of account maintained therein. Necessary adjustments have been carried out to the base amounts indicated in the Government system of accounts to arrive at the Profit and Loss Account, Balance Sheet and Cash Flow Statement for the financial year 2016-17. These will continue to be done till such time the corporatization of the PED is carried out. At that point of time, the corporatized entity will migrate to maintain its basic books of accounts also on accrual basis.

2. Basis of the Financial Statements

The Department prepares its annual receipts and expenditure statement on cash basis, which is audited by the state unit of the Comptroller and Auditor General. These audited amounts are compiled across all departments by the Department of Treasury, Government of Puducherry and the Audited State Annual Accounts of the Government of Puducherry are prepared and published. On its part, the Electricity Department reconciles its annual receipts and expenditure statements (called as financial progress statements) with the Department of Treasury. Since the published Audited State Annual Accounts are prepared for the State as whole (taking all departments across the Government), some of the account heads and amounts pertaining to the Electricity Department are rolled up at a higher level. However the financial progress statements (duly reconciled with the Department of treasury) contain details of all the account heads used by the Electricity Department. Thus it may be noted that the detailed head wise amounts as per the financial progress statements (which are on cash basis) are duly reconciled with the Department of Treasury and form part of published Audited State Annual Accounts by the CAG of India.

The above duly reconciled figures on cash basis have formed the base documents for the compilation of the financial statements. The amounts reported in these financial progress statements are adjusted to reflect the accrual basis of accounting and other adjustments required for conforming to Generally Accepted Accounting Principles have been made based on a detailed review and scrutiny of the cash based accounts by the PED.

The annual accounts have been prepared under accrual basis and Financial Statements have been prepared taking the format as used by PED in the previous year. It may be noted that the PED is not a company incorporated under the Companies Act 1956 / Companies Act 2013, and therefore is not necessarily required to adopt the new Schedule VI format.

It may be noted that for the financial year 2016-17, the State Accounts were not published till the date of preparation of these accrual based financial statements of the PED. Hence, differences (if any) between the State Accounts and these accrual based financial statements will be considered as and when the State Accounts are available.

3. Revenue Recognition

Revenue from sale of power is accounted on accrual basis. The sale of power is as per the tariff fixed by concerned authority. Revenue is accounted for on the basis of demand bills raised on the consumers of the Union Territory of Puducherry. Revenue for the year is also adjusted for the un-billed revenue of the previous year and current year on estimated basis. Revenue from sale of power is recognized net of sales tax/value added tax.

4. Fixed Assets

All Fixed Assets are stated at cost less accumulated depreciation. The cost of fixed assets includes cost incurred/money spent in acquiring or installing or constructing fixed asset, and the salary cost of the employees who are deployed on the project / work.

Any addition to or improvement to the fixed asset that results in increasing the utility or useful life of the asset is capitalized and included in the cost of fixed asset.

Any Fixed Asset, which has been acquired free of cost or in respect of which no payment has been made, is recorded at NIL value. Cost of land improvements such as leveling, filling or any other developmental activity is capitalized as a part of the cost of building.

Transmission network assets (Sub Stations and transmission lines) and Distribution network assets are capitalized in the year of commissioning.. Storage charges at 2.5% of material costs and supervision charges at 17% of total costs are capitalized as overhead allocations.

Fixed Assets are eliminated from the financial statement, either on disposal or on retirement from active use or on becoming redundant. Generally, such assets are disposed of thereafter as per the policy of the department.

5. Depreciation

The CERC has notified the rates of depreciation on fixed assets with effect from 01.04.2009 as per Notification No. L-7/145/160/2008-CERC dated 19.01.2009 and the same have been adopted by the department in calculating the depreciation on fixed assets.

3.34%
5.28%
5.28%
6.33%
15.00%
9.50%
6.33%

Depreciation is calculated annually at the above rates based on straight-line method on historical cost. After the residual value of the asset reaches 10% of the original cost, depreciation is not charged on this residual value.

6. Capital Work in Progress

Materials issued to Capital Works in progress are valued at cost. Capital Work in Progress includes the stock of material received under Direct Debit to works as well as material at site and proportionate storage and supervision charges on the material issued for the works. The sub-station related assets are capitalized in the year of commissioning.

In case where CWIP work on a project spans multiple years, the development/ construction of an item of Fixed Asset is ongoing as on the end of the year. In such cases, the salary cost of the employees deployed in the Project / Work, if any, shall be added to the CWIP in the respective year in which such salary costs were incurred, and these shall be capitalized along with the item of Fixed Asset in the subsequent accounting period in which the item of Fixed Asset is fully developed / constructed and is available for use.

7. Inventory

Inventories, stores and spares are valued at cost; which is determined based on Weighted Average. Inventories issued to the Sections under various Schemes / Work / Project are considered as consumed at the time of issue. The closing inventory as on year end with the sections is added back to the inventory by reversing the consumption.

8. Salary Costs and Retirement Benefits

Salary and other cost (other than retirement benefits) are recognized on accrual basis. The retirement benefits other than Pension are recognized on 'Pay As You Go' basis. Pension payment is managed by the Government so the department does not account for the same in the accounts.

9. Provision for Bad and Doubtful debts

No provision for bad and doubtful debts has been made in the accounts pending reconciliation of the sundry debtors is in progress. The management will decide on the policy for provisioning for bad and doubtful debts and accordingly give effect of the same in the accounts in the financial year in which the

process of reconciliation is done.

10. Consumer Contribution

Contribution received from consumers towards assets / works is disclosed as liabilities net of capital expenditure incurred till year end under Deposit Works. In case of completed works, the respective fixed assets created / acquired partly / wholly from consumer contribution, are accounted net of the consumer contribution.

11. Power Purchase

Power purchase costs are accounted based on the total number of units purchased during the year from the Power Generators allocated to PED by the Ministry of Power, Government of India. Apart from the power units purchased from Power Generators, Power Purchase Cost also includes transmission and wheeling charges paid to companies like Power Grid Corporation of India Ltd. and Karnataka Power Transmission Corporation Limited. The Power Purchase Cost is net of rebate received on account of advance and / or prompt payments made by the department.

All invoices, revision invoices, debit notes and credit notes received from Power Suppliers (i.e. Power Generating / Power Transmission / Power Wheeling Companies) are accounted in the financial year in which they are received by PED. Some of the invoices, revision invoices, debits notes and credit notes contain charges (or credit) pertaining to Power Purchased by the PED relate to prior years. This happens because of time lag between Power Purchase and orders passed by the respective regulatory commissions (governing the respective power suppliers) or due to the time lag between Power Purchase and refunds / liabilities arising to the power supplier on account of tax assessments, etc., which have to be recovered from the PED or refunded to the PED.

12. Finance Lease

Assets taken on finance lease are accounted for as fixed assets. Accordingly, the assets are accounted at the values certified by the developer. Lease payments are apportioned between finance charge and outstanding liability. Interest expense on the outstanding amount is recognized in the Profit and Loss account as period cost.

13. Use of estimates

The preparation of financial statements requires the management of the department to make estimates and assumptions that affect the reported balance of assets and liabilities, revenues and expenses and disclosures relating to the contingent liabilities. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in the current and future periods. Examples of such estimates include unbilled revenue etc.

14. Estimation of Bank Charges

Bank charges are accounted on payment basis.

PART B: NOTES FORMING PART OF ACCOUNTS

- (1) The cash-based Financial Progress Statement (duly reconciled with Department of Accounts and Treasury) forms the basis of preparation of financial statements. Appropriate adjustments are made to it for converting the cash-based statement to accrual based accounts. The adjustments include provision for outstanding liabilities, accruing of receivables, accounting for unbilled revenue, accounting for loans and advances, capitalization of expenditure etc.
- (2) Contingent Liabilities :
 - (a) Details of Unexpired Letters of Credit (L/Cs) are as follows :

Name of the Generating Station	Value of the L/C As on 31.03.2017	Expiry Date
NPCIL MAPS	Rs. 0.91	11-Oct-2017
NPCIL Kaiga	Rs. 6.41	09-Oct-2017
PGCIL	Rs. 5.02	06-Nov-2017
NTPC	Rs. 35.35	02-Jan-2018
POSOCO	Rs. 0.17	24-Jan-2018
NLC	Rs. 20.16	19-Jan-2018
NTPC Tamil Nadu Energy Co. Ltd.	Rs. 4.82	06-Nov-2017
KKNPP	Rs. 10.08	18-Jun-2017
Total	Rs. 82.92 Crs	

(b) Contingent Liability Related to Power Purchased from Pondicherry Power Corporation Ltd. (PPCL):

During the year 2011-12, the Puducherry Power Corporation Ltd. (PPCL) has demanded a surcharge of Rs. 26.52 Crores for outstanding amount not paid to it by PED which is under dispute.

(c) Contingent Liability Related to Power Purchase from Tamil Nadu Electricity Board (TNEB): The dispute for power purchased before April 2009 and Late Payment Penalty charged by TNEB during 2011-12 is still unresolved and the matter is pending with the High Court. The estimated differential amounts, which would be outstanding as on the respective dates, if the revised tariff and penalty for late payment (as sought by the TNEB) is approved by the Hon'ble High Court are as follows

Statement showing Contingent Liability related to Power Purchased	Rs. Crores	Rs. Crores
and Late Payment Penalty levied by TNEB		
Contingent Liability as on 31.03.2016		220.22
Breakup : Contingent Liability relating to Power Purchased	216.10	
Contingent Liability relating to Late Payment Penalty	4.12	
Contingent Liability as on 31.03.2017		220.22

(d) Contingent Liability relating to Surcharge levied by KPTCL & NLC

Statement showing Contingent Liability related to Surcharge levied by Suppliers but not considered by PED for Payment	Rs. Crores	Rs. Crores
Surcharge levied by KPTCL	0.02	
Surcharge levied by NLC-TPS I Expn	0.17	
Contingent Liability as on 31.03.2017		0.19

(e) Contingent Liability relating to pending electrocution cases pending

A total of 10 cases pertaining to electrocution are currently pending decision in Local Court and High Courts respectively. The total amount claimed is Rs. 1.60 Crores as on 31st March, 2017.

- (3) Power Purchase Cost
 - (a) Power Purchase invoices, revision invoices, debit and credit notes have been received from Power Suppliers (i.e. Power Generating, Transmission & Wheeling companies) in the financial year 2016-17 which include charges / credit pertaining to power purchased by the PED in prior financial years. These invoices were raised in the year 2016 – 2017 because of the orders passed by the respective regulatory commissions governing the respective Power Suppliers or due to the refunds / liabilities arising to the Power Suppliers on account of tax assessments, etc., which have to be recovered from (or credited to) the PED. The Power Suppliers from whom such invoices, revision invoices, debit and credit notes were received in 2016-17 are as follows:

Value of Invoices/Debit Notes/Credit Notes received in Current Financial Year but pertain to Power Purchased by the PED in Prior Financial Years					
Power Supplier	Rs. Crores				
NTPC	4.22				
NLC	0.07				
KAIGA	2.11				
MAPS	0.21				
TANGEDCO	1.08				
Kundamkulam	2.07				
Total	9.76				

The above figure of Rs. 9.760 Crores, has been shown as an explanatory note on the face of Profit & Loss Account below the heading of "Purchase of Power".

(4) In the financial year 2002 – 2003, the Department had entered into a finance lease with the Power Grid Corporation of India Ltd. (PGCIL) for development of System Control Centre. The total amount incurred for the development of the center is Rs. 24.36 Crores, of which Rs. 23.07 Crores has been covered under the finance lease. The liability towards the finance lease transaction has been shown as a Secured Loan in the Financial Statement. During the year Payment towards Finance Lease liability is Rs. 1.67 Crores. (5) PED has received Rs 18.6 Crores under the R-APDRP (Restructured Accelerated Power Development Reforms Project) scheme. The scheme involves grant of loan from Government of India [through the nodal agency i.e. Power Finance Corporation (PFC)] to the Union Territory of Puducherry. Total tenure of the loan is 10 years (which includes a 3 year moratorium period).

During the year PED has made provision of interest @ 11.50% (as per Terms & Conditions prescribed by PFC) on the amount of Rs. 18.6 Crores (as on opening of accounts), which comes to Rs. 2.13 Crores for 16-17.

PED has received Rs. 16.5 Crores under Part B of the R-APDRP (Restructured Accelerated Power Development Reforms Project) scheme. The amount was received on 31st March 2017 and has not been utilized. The same has been shown in the accounts as Loan received from PFC for R-APDRP Part B.

- (6) PED has received Rs. 1.2 Crores under the Deen Dayal Upadhyaya Gram Jothi Yojana (DDUGJY) scheme aimed at providing reliable and quality power supply to all villages and reduction of line losses. The amount was received on 31st March 2017 and has not been utilized.
- (7) PED has received Rs. 4.4 Crore under the SMARTGRID Pilot Project from the Government of India, Ministry of Power. The amount was received on 27th January 2017 and has not been utilized.
- (8) Investment in Puducherry Power Corporation Limited, a power generating company, is in the name of the Government of India; however the related shares are in the custody of PED. PED acts as the custodian of the shares. Hence, these shares are not considered as an investment of the PED.
- (9) Consumers provide security deposits either in the form of cash or FDR or Bank Guarantee. From 12-13 onwards, as per JERC's direction PED has opened a separate head of account for SD/ASD/MSD collected from Consumers under 8336 – Civil Deposits -101 – Security Deposits on which interest will be provided to consumers as per JERC directions.

As per the directives issued by JERC in its Tariff Order dated 16th June 2012, PED is required to pay / provide interest on the deposits taken from the consumers. Accordingly as per Tariff Order issued by JERC, PED has made provision for the interest of Rs. 14.42 Crores in the accounts during the year 2016-17. The department is in the process of reconciling the deposit account to ascertain the actual liability toward the security deposit and the further provision will be made once the liability is determined.

The Department has made an interest payment of Rs. 3.50 Crores during the year 2016-17 towards interest payable on deposits taken from consumers. The same has been accordingly adjusted from the figure of interest payable on consumer deposits.

(10)Value Added Tax (sales tax) on sale of power became applicable to PED with effect from 7th November 2009. PED charges the tax on sale of power to the various consumers as per the provision of the relevant act and pays it to the commercial tax department accordingly. The PED recognizes the sales tax liability in the accounts on collection basis and pays to the commercial department within seven days of the next month. The amount which is collected from the consumers and not paid to the Commercial Tax department is shown as a Liability in the Balance Sheet. This approach to accounting for Value Added Tax has been taken on collection rather than

on demand due to the constraints in the existing billing system in the Department. Once the issue is addressed, the Department shall modify its approach to accounting for VAT based on billing.

(11) The amount shown under Sundry Debtors is subject to reconciliation.

The Sundry Debtors outstanding are calculated based on the following formula: Opening Balance + Billing for the Year – Collection during the Year. For the year ending 31st March, 2016, the balance of Sundry Debtors in the Accounts is Rs. 702.99 Crores. According to the information available in the billing system of the Department, the amount of Sundry Debtors is Rs. 307.99 Crores. Hence there is an un-reconciled difference of Rs. 395.00 Crores as on 31.3.2017 between the arrears details available within the billing system of the department and balance as per the above method.

(12) The amount shown under Inventory is subject to reconciliation.

The closing balance of inventory is calculated based on the following formula: Opening Balance + Purchase for the Year – Inventory utilized during the Year. For the year ending 31st March, 2017, the balance of Inventory in the Accounts is Rs. 46.61 Crores. According to the information available from the Stores System in PED, the value of Inventory is Rs. 17.51 Crores. Hence there is an un-reconciled difference of Rs. 29.10 Crores as on 31.3.2017 between the Inventory figure in the details available within the Stores System of the department and balance as per the above method.

- (13)Sale of Power:
 - (a) The sale of power for the year includes Rs. 75.16 Crores as Un-billed revenue (previous year Rs. 76.27 Crores) and same is debited in Un-Billed Debtors account in Balance Sheet. EDP has not claimed FPPCA charges during the year, including any Government subsidy on that account. Incentive and penal charges are shown as reduction from income.

As a consequence of excess power available within the region of Puducherry, TNEB has been drawing power from the Electricity Department, Puducherry during the year 2016-17. The total power drawn is 16.15 Mus (previous year 24 MUs), and the equivalent amount to be recovered as Sale of Power is Rs. 5.60 Crores (previous year Rs. 8.95 Crores). However, bills have not been raised for the same, and hence the amount is shown as Un-billed revenue (included in (a) above) in order to show a true and fair view of the revenue of PED. The Un-billed revenue shall be adjusted in the year 2017-18 when the bills are raised.

- (14)Revenue from other services related to sale of power:- EDP have earned several new revenue streams related to power distribution. Therefore a new schedule has been provided for better presentation and clarity of financial statements. The revenue from other services related to sale of power include:-
 - (a) Revenue from UI charges for the year 2016-17 is Rs. 10.32 Crores (previous year Rs. 1.77 Crores). UI income previously grouped under sale of power has been showed under this section for better presentation.
 - (b) PED earned income from open access charges amounting to Rs. 8.46 Crores
 - (c) PED earned income from URS amounting to Rs. 1.99 Crores
 - (d) PED earned income from RARS amounting to Rs. 0.14 Crores

(15)The expenditure capitalized and not charged to the Profit and Loss account are as follows:

- Salary Expenses: Rs. 14.92 Crores (previous year Rs. 14.26 Crores)
- (16)Total interest expense for the year on the lease transaction is Rs. 0.32 Crores (Rs. 0.45 Crores previous year). PED has also received Rs. 0.04 Crores (Rs. 0.04 Crores previous year) as rebate for early / prompt payment of Outstanding Loan on account of Finance Lease.
- (17)While computing interest due towards the Department towards Interest on Term Deposits, the bank erroneously deducted Rs. 3, 85, 904 as TDS on the interest due to the Department. Being an arm of the Government, the Department it is not liable for TDS. The same has been shown as TDS recoverable from the Income Tax authorities.
- (18) In accordance with Government of India Order and in case of certain capital expenditure which have been identified by the Department as having Employee Cost attached to it, the CWIP account is debited with 17% towards salaries and wages.
- (19)During previous years, salary cost pertaining to capital works related to transmission for PED as identified by the Department has been capitalized given the huge expenditure made by PED for transmission projects. In continuation of this accounting policy in 2016-17, Salary cost amounting to Rs. 12.40 Crores has been capitalized by PED for the upcoming Karaikkal sub station for which major costs were undertaken in 2016-17
- (20)Advance paid to PGCIL on 31st March 2017 for upcoming Karaikkal sub station has been shown as Capital Advance.
- (21)While the accounts prepared by PED is on accrual basis based on generally accepted accounting principles, the accounts prepared by the Department of Treasury, Government of Puducherry is on cash basis. Therefore the balance of the Government Fund in the accounts of PED and the balance of PED in the accounts prepared by the Department of Treasury, Government of Puducherry are not reconciled due to the difference in basis of accounting (accrual/cash basis).
- (22) Internal Audit report

PED has appointed an Internal Audit team from the year 2016-17. Internal Audit Reports have been issued for up to Quarter 3 of 2016-17. The PED management is in the process of reviewing and responding to the audit observations and therefore no adjustments have been made to the accounts for the year 2016-17 for the audit observations pending review by the management.

Annexure III: COMMUNICATION FROM TANGEDCO REGARDING CLAIM OF ARREARS

Publicht

Lr.No.CFC/REV/FC/REV/DFC/R.1/F.Pondicherry/D.757/2017, dt. 10.11.20

Sir,

- Sub: Electricity - Hon'ble CERC order dated 20.03.2017 Rrevision of CC charges for energy supplied by TANGEDCO to Puducherry Electricity Department Due to revision of lignite price variation for NLC TS1 power supply for FY 2014-19 Reg.
- Ref: 1. Hon'ble CERC order dated 26.09.2016.
 - 2. Lr.No.CFC/FC/R/D.No.133/2017 dated 16.02.2017.
 - 4. Hon'ble CERC order dated 20.03.2017.

It is informed that based on the Hon'ble CERC order ref (1) cited, the rate chargeable for the energy supplied to Puducherry Electricity Dept. for the period April'14 to March'18 was communicated vide reference (2) cited. However, the rates chargeable based on NLC's bill is varying according to the actual GCV of the lignite. Hence, the difference in the rate due to the above is now payable by the Puducherry Elecy. Dept.

2.0) Further, the Hon'ble CERC vide reference (3) cited has approved the revision of rates to NLC TS1 due to lignite price revision, with effect from 01.04.2014 onwards. Accordingly, NLC has raised demand for the arrears of lignite price revision w.e.f. Apr'14 to Feb'17 and also claiming power purchase bills at revised rate since March'17.

3.0) TANGEDCO has not accepted the revision and appeal has been filed before Hon'ble APTEL. The arrear amount for the period Apr'14 to Feb'17 has not been paid. However, the revised rate since March'17 is being paid by TANGEDCO.

4.0) Since, the NLC TS1 rate has been revised and TANGEDCO has made payment based on claim of NLC on actual GCV basis and is also making payment as per revised rate from March'2017, the CC charges to be charged from

Puducherry Elecy. Dept. is revised based on NLC TS 1 rate + 10 paise per unit as wheeling charges as per Hon'ble High Court order dt.17.6.2008. The existing and

Year	Existing Rate (Rs.)	Revised Rate
2014-15	3.38+0.10 = 3.48	(Rs.)
2015-16	3.42+0.10 = 3.52	3.59+0.10 = 3.69 3.75+0.10 = 3.85
2016-17	3.47+0.10 = 3.57	4.42+0.10 = 4.52
2017-18	3.52+0.10 = 3.62	$5.37 \pm 0.10 = 5.47$

Further, based on the outcome of the appeal pending before the Hon'ble APTEL, the CC charges to Puducherry Elecy. Dept., if any, will be revised later.

5. Hence, you are requested to honour the arrear bill from April'14 at the above revised rates and future bills as above without prejudice.

Initial Brief for Petition from M/S Puducherry Power Corporation Ltd (PPCL) Petition Dated21.4.2017 Brief before admission of the Petition

Subject: Tariff for the FY 2018-19; and Revision of Tariff after the True up for the earlier year 2015-16

Petitioner :Puducherry Power Corporation Ltd. (PPCL); Petition Filed under Section 62 & 83(4)

A. Prayer of the PPCL for the FY 2018-19

- Tariff Approval for the FY 2018-19, considering the fixed cost as Rs.30.12 Crs / Annum, Gross Heat Rate of 2646 Kcal / kwh and Auxiliary Power Consumption of 6%.
- To Allow Normative Annual Plant Load Factor of 78% (instead of 85%) due to 30 days likely shut down for replacement of Gas Turbine Compressor stator and Rotor Blades along with a major overhaul of the Gas Turbine.
- iii. To Allow Capital Cost 11.769 Crs for replacing the Gas Turbine Rotor.
- iv. To Allow the recovery of fees for filing the Petition and publication expenses from Puducherry Electricity Deptt.

B. True up for the FY 2015-16

- i) Carry out the truing up exercise and revise the tariff of Karaikal Power Station for FY 2015-2016.
- ii) Allow the petitioner to provisionally charge tariff as per this petition till the time the petition is disposed of and after approval of the revised tariff all retrorespective adjustments.
- iii) Allow a sum of Rs. 48.06 thousand towards replacement of damaged/corroded pipe rack structure.
- iv) Allow a sum of Rs 5.31 Crores towards procurement of Hot Gas Path Inspection spares.
- v) Allow a sum of Rs. 1.03 crores towards Hot Gas path Inspection Charges.
- vi) Allow the additional expenditure of Rs 0.22 crores incurred towards insurance premium.
- **C.** The Tariff parameters for the FY 2018-19 are compared with the order of the FY 2017-18 as under:

SI	Parameter	Commission's Approval as per Tariff Order for the FY 2017-18	Petition for the FY 2018- 19 now submitted	Remarks
1.	Gross Generation MUs	242.000	222.060	30 days breakdown due to Steam Turbine Gear tooth crack

SI	Parameter	Commission's Approval as per Tariff Order for the FY 2017-18	Petition for the FY 2018- 19 now submitted	Remarks
2.	Aux. Power Consumption	5%	<mark>6%</mark>	
3.	Net Generation MUs	229.900	208.736	
4.	Capacity Charge Rs Crs.	23.36	30.12	
5.	Return on Equity Rs Crs	70.20	110.46	RoE @23.481% (Grossed up
6.	Cost of Gas Rs Crs	4.11	3.65	
7.	Variable Charges Rs/ kwh	2.143	2.101	

D. True UP for the FY 2015-16 .The Commission's approval for FY 2015-16 of various parameters and the True up Petition now received is as under:

SI	Parameter	Commission's Approval as per Tariff Order for the FY 2015-16	True up Petition now submitted	Remarks
1.	Gross Generation (MUs)	242.660	227.01	
2.	Aux. Power Consumption	5%	<mark>5.5%</mark>	The Petitioner has always been requesting for APC to be @6%, including the Petition for the FY 2018-19
3.	Net Generation MUs	230.527	214.524	30 days breakdown as indicated above
		11.60	21.11	Gas Turbine Hot Gas Path Spares
4.	O&M Rs Crs		1.78	Corroded Structure / Pipeline
4.	Uaivi RS CIS		2.296	Pipe line Gas Structure
		3.92	4.47	RO Plant
5.	Total Variable Cost Rs. Crs.	65.21	<mark>69.506</mark>	Cost of Fuel
6.	Variable Charges Rs/ kwh	2.829	<mark>3.24</mark>
